

modifiers (relating to human activities). This wetlands classification standard was developed by a team of wetland ecologists with the assistance of local, State, and Federal agencies as well as private organizations, academia, and individuals. It went through four major revisions and extensive field testing prior to its official adoption by the U.S. Fish and Wildlife Service in 1980. This document serves as the wetlands classification standard for all Federal agencies involved in portraying spatial data. It is also the classification system of choice for most State and county agencies currently using wetlands spatial data.

Specific implementation details for particular technologies or procedures (photointerpretation and cartographic design) are not addressed. Additional documents exist that provide an example of the implementation of the proposed wetlands classification standard, but are not a part of the standard. These documents are: (1) Photointerpretation Conventions (updated 1995), (2) Cartographic Conventions (updated 1994), and (3) Digitizing Conventions (updated 1994). These documents may be obtained on request through the FGDC Secretariat at the above address. Two additional documents providing increased detail to support the classification are the "National List of Plant Species That Occur In Wetlands," USFWS, Biological Report 88(24) and "Hydric Soils of the United States," Natural Resources Conservation Service, Misc. Publ. #1491. The plant list may be accessed through the National Wetlands Inventory Home Page (Ecology Section); the URL is: <http://www.nwi.fws.gov>

Dated: June 28, 1995.

Richard E. Witmer,

Associate Chief, National Mapping Division.

Minerals Management Service

Information Collection Submitted to the Office of Management and Budget (OMB) for Review Under the Paperwork Reduction Act

The proposal for the collection of information listed below has been submitted to OMB for approval under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35). Copies of the proposed collections of information and related forms may be obtained by contacting the Bureau's Clearance Officer at the telephone number listed below. Comments and suggestions on the proposal should be

made directly to the Bureau Clearance Officer and to the Office of Management and Budget; Paperwork Reduction Project (1010-0067); Washington, D.C. 20503, telephone (202) 395-395-7340, with copies to John V. Mirabella; Chief, Engineering and Standards Branch; Mail Stop 4700; Minerals Management Service; 381 Elden Street; Herndon, Virginia 22070-4817.

Title: 30 CFR Part 250, Subpart E, Oil and Gas Well-Completion Operations.

OMB Approval Number: 1010-0067.

Abstract: Respondents submit this information to the Minerals Management Service's District Supervisors for analysis and evaluation to ensure that planned well-completion operations will protect personnel safety and natural resources. This evaluation is used to decide whether to approve, disapprove, or require modification to the proposed well-completion operations.

Bureau Form Number: None.

Frequency: On occasion.

Description of Respondents: Federal Outer Continental Shelf oil and gas lessees.

Annual Burden Hours: 840 hours.

Bureau Clearance Officer: Arthur Quintana (703) 787-1239.

Dated: June 9, 1995.

Elmer P. Danneberger,

Acting Deputy Associate Director for Operations and Safety Management.

BILLING CODE 4310-MR-M

National Park Service

Katmai National Park and Preserve, Alaska

AGENCY: National Park Service, Interior.

ACTION: Notice of availability.

SUMMARY: Pursuant to Section 102 (2)(c) of the National Environmental Policy Act of 1969 (P.L. 91-190, as amended), the National Park Service, Department of the Interior, has prepared a Supplemental Environmental Impact Statement (SEIS) to the 1994 Draft Development Concept Plan and Environmental Impact Statement (DCP/EIS) for the Brooks River Area, Katmai National Park and Preserve, Alaska. It includes a new proposal, Alternative 5.

DATES: Comments on the SEIS should be received no later than August 14, 1995. Written responses to the SEIS should be submitted to the Superintendent, Katmai National Park and Preserve, Post Office Box 7, King Salmon, Alaska, 99613. No public meetings will be held.

Copies of the SEIS are available on request from: Planning Team Leader,

National Park Service, Denver Service Center-TWE, Post Office Box 27287, Denver, Colorado 80225-0287, telephone (303) 969-2262.

SUPPLEMENTARY INFORMATION: This EIS is a supplement to the 1994 Draft Development Concept Plan and Environmental Impact Statement (DCP/EIS) for the Brooks River Area, Katmai National Park and Preserve, Alaska. It includes a new proposal, Alternative 5. As in the Draft DCP/EIS, the major issue to be addressed is to identify appropriate alternatives for visitor use and resource conservation in the operation and location of development in the Brooks River Area of Katmai National Park and Preserve.

The new proposed action, Alternative 5, consists of the following elements: a rustic lodge and dining facility and overnight accommodations for 60, in separate cabins with a central shower/washroom facility on the Beaver Pond Terrace. A 60-person campground with enclosed, bear-proof cooking shelters would be provided on the terrace. All overnight accommodations would be provided through a concession-run, private sector corporation. Staff facilities would be similar to the lodge structures, with a second central shower/washroom facility. A main visitor center for the park would be the Interagency Visitor Center located in the gateway community of King Salmon. A visitor orientation facility would be provided in the Brooks River Area for on-site interpretation and safety orientation. The new proposal would provide for boat and aircraft access to the Brooks River Area and would encourage planning for appropriate dispersed outdoor recreational activities throughout the Naknek drainage, as called for in the 1986 General Management Plan (GMP).

Dated: June 28, 1995.

Michael Soukup,

Associate Director, Natural Resource Stewardship and Science.
