

Cash in Lieu Payments—Value of Donated Commodities for School Year 1995

Prior to October 1, 1994, section 6(b) of the Act (42 U.S.C. 1755(b)) required the Secretary of Agriculture by June 1 of each school year to estimate the value of agricultural commodities and other foods that will be delivered to States during that school year. If the estimated value was less than the total level of commodity assistance authorized under section 6(e) of the Act, the Secretary was in past years required by July 1 of that school year to pay to each State educational agency funds equal to the difference between the value of programmed deliveries and the total level of authorized assistance for each State.

However, section 102 of the Healthy Meals for Healthy Americans Act of 1994, amended section 6(b) of the Act by extending the delivery date of commodities to each State participating in the NSLP, until September 30 of the following school year. The commodity delivery date extension eliminates the need to pay States cash in lieu of commodities, effective with school year 1995.

Authority: Sections 6(e)(1)(A) and (B), 14(f) and 17(h)(1) of the National School Lunch Act, as amended (42 U.S.C. 1755(e)(1)(A) and (B), 1762a(f), and 1766(h)(1)).

Dated: June 29, 1995.

William E. Ludwig,
Administrator.

Agency Forms Under Review by the Office of Management and Budget

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposals for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Bureau of Export Administration (BXA).

Title of Survey: Approval of Triangular Transactions Involving

Commodities Covered by a U.S. Import Certificate.

Agency Form Number: None.

OMB Approval Number: 0694-0009.

Type of Request: Extension.

Burden: 1 hour.

Number of Respondents: One.

Avg. Hours Per Response: Around 30 minutes.

Needs and Uses: The U.S. and a number of other countries have established import and delivery verification procedures for the purpose of controlling international trade of strategic commodities. These procedures require that, when required by the exporting country, the importer certifies to the government of the importing country that he will not reexport such commodities except in accordance with export control regulations of that country. The government of the importing country, in turn, certifies that such representations have been made. However, it is possible that the U.S. purchaser is not actually going to import the item into the U.S. Rather the item will be transferred to a third party outside the U.S. In those instances, the U.S. purchaser must submit information to BXA to make sure that the transaction is permitted under the U.S. export regulations.

Affected Public: Businesses or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain a benefit.

OMB Desk Officer: Don Arbuckle, (202) 395-7340, Room 10202, New Executive Office Building, Washington, D.C. 20503.

Agency: Bureau of Export Administration (BXA).

Title: Defense Priorities and Allocations System.

Agency Form Number: None.

OMB Approval: 0694-0053.

Type of Request: Reinstatement without change.

Burden: 16,667 recordkeeping hours.

Number of Respondents: 25,000.

Avg. Hours Per Response: 1 minute per order.

Needs and Uses: Under the Defense Production Act of 1950, the President is given authority to allocate materials and facilities and to establish priorities in the performance of contracts and orders in support of the national defense. Persons receiving orders under the DPAS regulations must retain records for 3 years. The recordkeeping requirement is used to create an audit trail in order to determine compliance with the Act.

Affected Public: Businesses and other for-profit organizations.

Frequency: On occasion.
