BILLING CODE 3710-24-M

Award of the New Fort Bragg/Pope Air Force Base Managed Mental Health Services Contract to FHC Options, Inc. (Civilian Health and Medical Program of the Uniformed Services (CHAMPUS))

AGENCY: Army, Office of The Surgeon General.

ACTION: Notice of award of the Fort Bragg/Pope Air Force Base managed mental health program fixed price, at-risk contract.

SUMMARY: The Fleet Industrial Supply Center (FISC) Naval Detachment, Philadelphia, Pennsylvania, has awarded to FHC Options, Inc., a subsidiary of FHC Health Systems, Norfolk, Virginia, the contract to provide managed mental health services to Fort Bragg and Pope Air Force Base CHAMPUS eligible beneficiaries in the Fayetteville, North Carolina area. The contract duration is one year, the four subsequent one-year renewal options. The new contract implementation date is October 1, 1995.

Currently, Fort Bragg and Pope Air Force Base CHAMPUS-eligible adults receive mental health services as under the standard CHAMPUS benefit and management program. Children and adolescents receive mental health services initiated under the Fort Bragg demonstration. The demonstration project ended on 18 May 1994; its provisions continue under an interim contract scheduled to end September 30, 1995. Under the demonstration CHAMPUS-eligible beneficiaries under 18 years of age were evaluated through a central intake system and referred to providers of the main subcontract or its subcontracted providers. Intermediate level services were available in less restrictive settings, between inpatient and outpatient services. There were no copays, deductibles or cost-shares associated with mental health care received under the demonstration.

FOR FURTHER INFORMATION CONTACT: Mr. Kenneth Bullock, Contract Specialist,

FISC Detachment, Philadelphia, Pennsylvania 19112-5082, (215) 697-9676 or Captain Kathleen Lavigne, Medical Corps, Contracting Officer's Representative, Womack Army Medical Center, Fort Bragg, North Carolina 28307-5000, (910) 432-2992.

SUPPLEMENTARY INFORMATION: The new contract incorporates the following changes from the past contract:

24-Hour, Toll Free Referral Line

Fort Bragg and Pope Air Force Base CHAMPUS-eligible beneficiaries may obtain access to mental health services by calling the 24-hour, toll free CHOICE LINE. The telephone line is staffed by licensed mental health clinicians who have access to a computerized program that assists in finding the most appropriate mental health provider for the beneficiary. Routine appointments will be available within 14 days, versus 21 days under the demonstration program.

Resource Center

In addition, the beneficiaries will be able to walk into a Resource Center for referral and appointment setting. This Center, located in Fayetteville near Cape Fear Valley Medical Center, will offer face-to-face assessments, referral services, prevention and wellness seminars and information for Fort Bragg and Pope Air Force Base CHAMPUS eligible beneficiaries.

Intermediate and Other Services

The new contract includes the demonstration intermediate level services with case management only for children and adolescents under demonstration authority as an exception to the CHAMPUS benefit. This level of care provides out of home services in a less restrictive environment when compared to inpatient services. In addition, intense outpatient crisis intervention will be available to adults, children and adolescents and in-home services will be available to adults.

Out-of-Area Care

Beneficiaries who reside in the Fort Bragg/Pope Air Force Base catchment area are covered for mental health care in all other states if mental health care becomes necessary while the beneficiary is out of the catchment area. Non-Fort Bragg beneficiaries needing mental health care in this area will receive referrals, case management and other services under this contract, also. The Fort Bragg mental health contractor is not at-risk for the non-Fort Bragg beneficiary services.

Emergency Access to Mental Health Services

In emergency situations, Fort Bragg CHAMPUS-eligible beneficiaries may call the 24 hour CHOICE LINE or go to an emergency facility. Emergency calls to the CHOICE LINE are handled immediately by a licensed mental health clinician.

Cost Sharing

The associated cost sharing schedule for mental health and chemical dependency services is identified in the proposed rule notice (pending final approval), Vol. 60, **Federal Register** 7489, February 8, 1995.

Bonneville Power Administration

Hearing and Opportunity for Public Comment; Regarding Proposed Comparable Transmission Terms and Conditions

AGENCY: Bonneville Power Administration (BPA), DOE.

ACTION: Notice of Opportunity to Comment.

SUMMARY: *BPA File No:* TC-96. BPA requests that all comments and documents intended to become part of the Official Record in this process contain the file number designation TC-96.

BPA is proposing terms and conditions for transmission services over the network transmission system of the Federal Columbia River Transmission System (FCRTS) which BPA considers to be comparable to the uses BPA itself makes of such system for its own power transactions. Such terms and conditions are proposed to be effective October 1, 1996. BPA previously initiated a regional administrative proceeding to which parties have been officially designated. By this notice, BPA is announcing the availability of the proposed transmission terms and conditions and the period for comments from persons not designated as parties to the proceeding.

DATES: Persons wishing to comment on the proposed transmission terms and conditions who are not parties to the proceeding ("participants") must submit written comments on the proposals by October 2, 1995.

Written comments should be submitted to the Manager, Corporate Communications—CK; Bonneville Power Administration; P.O. Box 12999; Portland, Oregon, 97212.

FOR FURTHER INFORMATION CONTACT: Mr. Michael Hansen, Public Involvement and Information Specialist, at the address listed above, (503) 230-4328 or call toll-free 1-800-622-4519.

Information also may be obtained from: Mr. Steve Hickok, Group Vice President, Sales and Customer Service, S-700, P.O. Box 3621, Portland, OR, 97232, (503) 230-5356.

Mr. George Eskridge, Manager, SE Sales and Customer Service District, 1101 W. River, Suite 250, Boise, ID 83702, (208) 334-9137.

Mr. Ken Hustad, Manager, NE Sales and Customer Service District, Crescent Court, Suite 500, 707 Main, Spokane, WA 99201, (509) 353-2518.

Ms. Ruth Bennett, Manager, SW Sales and Customer Service District, 703 Broadway, Vancouver, WA 98660, (360) 418-8600.

Ms. Marg Nelson, Manager, NW Sales and Customer Service District, Suite 400, 1601 5th Avenue, Suite 1000, Seattle, WA 98101-1670, (206) 216-4271.

Responsible Official: Mr. Dennis Metcalf, BPA Transmission Team Lead, is the responsible official for the development of BPA's transmission terms and conditions.

SUPPLEMENTARY INFORMATION: BPA is proposing to establish terms and conditions of general applicability for transmission services comparable to the uses BPA provides itself over the integrated network transmission system of the FCRTS. These proposed terms and conditions for comparable services are intended to: (1) Respond to customer requests in the context of the renegotiation of BPA's power sales contracts that BPA eliminate its transmission-based market power; (2) with respect to network transmission services, comply with the Federal Energy Regulatory Commission's (FERC's) requirement that members of regional transmission associations develop and publish tariffs meeting the Commission's comparability standards; and (3) facilitate an opportunity for FERC to review the rates for these services, which BPA has filed concurrently with this notice as meeting the just, reasonable, and not unduly discriminatory or preferential standard, in the context of the associated contractual terms and conditions. The tariffs are proposed to be effective October 1, 1996.

The Federal Power Act amendments passed by Congress in the Energy Policy Act of 1992, Pub. L. No. 102-486, 106 Stat. 2776 (1992), provide that BPA may institute a formal regional hearing on transmission terms and conditions which it proposes to establish for general applicability. 16 U.S.C. § 824k(i)(2). BPA has instituted that proceeding through a prehearing conference on March 22, 1995, and parties to the proceeding have been designated. A full description of the procedural background is found in BPA's "Notice of Proposed Wholesale Power Rates and Transmission Rates" published elsewhere in this issue. Parties will be served with the proposals on July 10, 1995. Persons who are not parties to the proceeding but who wish to comment on the proposals are "participants" and may request copies of the proposals from BPA's Public Information Center, BPA Headquarters Building, 1st Floor, 905 NE, 11th Street, Portland, OR, 97208, or BPA's Document Request Line, 503-230-3478 or toll free 1-800-622-4520. Comments from participants are incorporated into the Official Record and will be considered by the Hearing Officer and the Administrator.

Public field hearings are an opportunity for participants to have their views included in the official record. Participants may appear at the field hearings and present oral testimony. Written transcripts will be made at all of the field hearings. The transcripts of these hearings will be part of the record upon which the Administrator makes final rate decisions. All of the field hearings are scheduled to begin at 7:00 p.m. registration begins at 6:30 p.m. Following are the tentative dates and locations for the filed hearings. Confirmation of these hearing dates will be made through mailings and public advertising or by calling BPA Corporate Communications at the telephone number listed in Section 1 above.

BPA is proposing comparable network transmission tariffs based on the tariffs contained in the FERC's Notice of Proposed Rulemaking on Promoting Wholesale Competition Through Open Access Non-discriminatory Transmission Services by Public Utilities, Docket No. RM95-8-000. Proposed commitments and requirements are described for: (1) Integrated network service pursuant to which an entity may use the integrated network transmission system of the FCRTS flexibly to meet its network loads on a basis comparable to BPA's native load obligations; and (2) flexible, point-to-point firm and nonfirm transmission services over the integrated network transmission system of the FCRTS and available to serve network loads as well as off-system sales.

Issued in Portland, Oregon, on June 28, 1995.

Randy W. Hardy,

Administrator and Chief Executive Officer.

Proposed Consent Order With Occidental Petroleum Corporation

AGENCY: Department of Energy.

ACTION: Notice of proposed consent order and opportunity for public comment.

SUMMARY: The Department of Energy (DOE) announces a proposed Consent Order between the DOE and Occidental Petroleum Corporation (Occidental), including its wholly owned subsidiary OXY USA Inc. (OXY) which was formerly Cities Service Oil and Gas Corporation, successor in interest to Cities Service Company (Cities).

The agreement proposes to resolve matters relating to Occidental's compliance with the federal petroleum price and allocation regulations for the period October 1, 1979 through January 27, 1981. If this Consent Order is made final, Occidental will pay to the DOE two hundred seventy five million dollars (\$275,000,000). Within thirty (30) days of the effective date of the Consent Order, Occidental shall make an initial payment to the DOE of one hundred million dollars (\$100,000,000),
