### National Fuel Customer Group, et al. v. National Fuel Gas Supply Corporation; Notice of Complaint

June 30, 1995.

Take notice that on June 27, 1995, the National Fuel Customer Group, Elizabethtown Gas Company, and consolidated Edison Company of New York, Inc. (Petitioners) filed a motion requesting the Commission to issue an order directing National Fuel Gas Supply Corporation (National Fuel) to comply with the settlement in *Penn-York Energy Corporation*, 64 FERC ¶ 61,040 (1993) (Penn-York settlement) by implementing as of May 1, 1995, subject to refund, the rolled-in rates accepted by the Commission in its June 14, 1995 order in Docket Nos. RP95-298-000 and RP95-31-007.

Petitioners assert that National Fuel made a commitment in the Penn-York settlement to effectuate rolled-in rates. Petitioners submit that when National Fuel made this commitment it waived any discretion it had as to the date on which it would move rolled-in rates into effect. Petitioners contend that Article VIII of the Penn-York settlement requires National Fuel, by specified deadlines, to make an NGA section 4 rate change filing to implement rolled-in rates. Petitioners argue that the Penn-York settlement further obligates National Fuel to actively support its rolled-in rate proposal by participating in any hearing on the issue, filing supporting testimony, and, if necessary, requesting rehearing, and intervening in support of nay petitions for review. In return for this commitment, petitioners asserts National Fuel obtained numerous, substantial benefits.

Petitioners complain that National Fuel, however, has repeatedly reneged
