[TA-W-30,688]**Union Camp Corporation Retail Packaging of the Flexible Packaging Division, Savannah, Georgia; Notice of Revised Determination on Reconsideration**

On May 11, 1995, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of the subject firm. The notice was published in the **Federal Register** on May 24, 1995 (60 FR 27562).

Investigation findings show that the workers produced retail paper bags. All production ceased in December 1994. The workers were denied TAA because the "contributed importantly" test of the Group Eligibility Requirements of the Trade Act was not met. This test is generally determined through a survey of the workers' firm's major declining customers.

The union submitted additional information showing that the plant closed because of increased import competition of foreign made plastic bags.

New findings on reconsideration show that U.S. imports of both paper and plastic bags increased in 1994 compared to 1993.

Further findings on reconsideration show that a major declining customer purchased imports of plastic bags while decreasing its purchases from the subject firm.

Conclusion

After careful consideration of the new facts obtained on reconsideration, it is concluded that the Union Camp Corporation workers at the Retail Packaging of the Flexible Packaging Division in Savannah, Georgia were adversely affected by increased imports of articles like or directly competitive with retail paper bags produced at the subject firm.

"All workers of Union Camp Corporation, Retail Packaging of the Flexible Packaging Division, Savannah, Georgia who became totally or partially separated from employment on or after January 16, 1994 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."
