## FEDERAL COMMUNICATIONS COMMISSION

### 47 CFR Parts 32 and 36

[DA 95-1409]

#### Proposed Reporting Requirements on Video Dialtone Costs and Jurisdictional Separations for Local Exchange Carriers Offering Video Dialtone Service

**AGENCY:** Federal Communications Commission.

**ACTION:** Proposed rule.

**SUMMARY:** On June 23, 1995, the Bureau issued an Order Inviting Comments that solicits comments on proposed reports for local exchange carriers offering video dialtone service. The proposed reports would enable the Commission to monitor video dialtone's impact on

LECs cost, local telephone rates, and the assignment of costs between federal and state jurisdictions. The Bureau acted under authority delegated to it in the *Video Dialtone Reconsideration Order*, (FCC 94-269, 10 FCC Rcd 244, 326(1994)) which set forth accounting and reporting requirements for LECs that offer video dialtone service.

**DATES:** Comments are due July 26, 1995. Reply comments are due August 14, 1995.

**ADDRESSES:** The Federal Communications Commission, 1919 M Street, NW., Washington, DC 20554.

**FOR FURTHER INFORMATION CONTACT:** Kenneth Ackerman, Common Carrier Bureau, Accounting and Audits Division, (202) 418-0810.

**SUPPLEMENTARY INFORMATION:** On November 7, 1994 the Commission issued the *Video Dialtone Reconsideration Order*, requiring LECs to establish two sets of subsidiary accounting records to capture the shared and wholly dedicated video dialtone investment, revenue and expense. The Commission also required the summaries of these records be filed on a quarterly basis in order to enhance the Commission's ability to identify and evaluate video dialtone costs for the tariff review process and for future monitoring efforts. The Commission delegated to the Common Carrier Bureau the authority to determine the content and format of the subsidiary records and the quarterly reports. In addition, the Commission directed the Bureau to develop a data collection program to track the impact of video dialtone on local telephone rates and the assignment of costs between federal and state jurisdictions. The Bureau Order asks parties to comment on its proposal to establish a quarterly report and an annual report in which they would collect and summarize video dialtone investment, expense and revenue data disaggregated by regulated and nonregulated classification and also by jurisdictional categories. The Order also requests that parties identify the circumstances under which the Bureau could streamline or lift these proposed reporting requirements and the changes it should make in response to those circumstances.

Complete text of this Order Inviting Comments is available for inspection and copying in the Accounting and Audits Division public reference room, 2000 L Street, NW., Suite 812, Washington DC. Copies are also available from International Transcription Service, Inc., at 2100 M Street, NW., Suite 140, Washington, DC 20037, or call (202) 857-3800.

### Research and Special Programs Administration

#### 49 CFR Part 195

[Docket PS-140, Notice 2]

RIN 2137-AC34

#### Areas Unusually Sensitive to Environmental Damage

**AGENCY:** Research and Special Programs Administration (RSPA), DOT.

**ACTION:** Extension of comment period.

**SUMMARY:** This notice extends the comment period for the public workshop notice on areas unusually

sensitive to environmental damage which RSPA published May 26, 1995.

**DATES:** Interested persons are invited to submit comments by August 25, 1995.

**ADDRESSES:** Written comments must be submitted in duplicate and mailed or hand delivered to the Dockets Unit, Room 8421, U.S. Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590-0001. Please refer to the docket and notice numbers stated in the heading of this notice. All comments and materials cited in this document will be available for inspection and copying in Room 8421 between 8:30 a.m. and 4:30 p.m. each business day. Non-federal employee visitors are admitted into the DOT headquarters building through the southwest entrance at Seventh and E Streets, SW.

**FOR FURTHER INFORMATION CONTACT:** Christina Sames, (202) 366-4561, about this document, or the Dockets Unit, (202) 366-5046, for copies of this document or other materials in the docket.

**SUPPLEMENTARY INFORMATION:** On June 15 and 16, 1995, RSPA held a public workshop on unusually sensitive environmental areas. The workshop's purpose was to openly discuss the criteria being considered by RSPA to determine areas unusually sensitive to environmental damage from a

hazardous liquid pipeline release. The criteria are needed to carry out statutory requirements. RSPA requested that persons unable to attend the workshop submit written comments by June 26, 1995.

The American Petroleum Institute (API) sent a letter to the docket requesting a 60 day extension be granted for comment to the notice announcing the public workshop on areas unusually sensitive to environmental damage (60 FR 27948). API stated that an extension was necessary to allow its members time to review the information in the notice, to evaluate the potential value of the approach, and to prepare comments for RSPA's consideration.

RSPA has decided the 60 day extension to the public comment period is reasonable to allow API and others to evaluate and respond to the information presented in the public workshop notice. The comment period will therefore be extended to close on August 25, 1995.
