

firm service to Knoxville Utility Board (KUB), located in Knox County, Tennessee, under East Tennessee's blanket certificate issued in Docket No. CP82-412-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

East Tennessee states there would be no increase in the delivery quantity to KUB and that sufficient capacity exists to accomplish the deliveries to KUB without detriment to East Tennessee's other customers.

East Tennessee states further that KUB would reimburse East Tennessee for the cost of the installation, which is estimated to be \$12,398.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

[Docket No. RP95-363-000]

El Paso Natural Gas Company; Notice of Change in Rates

July 5, 1995.

Take notice that on June 30, 1995, El Paso Natural Gas Company (El Paso) tendered for filing a notice of a change in rates for natural gas transportation service which affect certain rate schedules contained in El Paso's FERC Gas Tariff, Second Revised Volume No. 1-A and Third Revised Volume 2. El Paso tendered the tariff sheets for filing and acceptance to become effective on August 1, 1995.

El Paso states that on April 30, 1993, at Docket No. RS92-60-000, et al., as amended, the Commission approved El Paso's Settlement in Restructuring, Rate and Related Proceedings (Settlement) which became effective October 1, 1993. El Paso states that Article II of the

Settlement, among other things, provides that El Paso will file a new general system-wide rate change re-establishing its base tariff rates to be effective not later than January 1, 1996. In addition, Article III of the Settlement states that El Paso will refunctionalize certain facilities from Transmission to Production effective January 1, 1996. Further, Article III provides that El Paso will remove all field transmission costs from its mainline transmission rates by January 1, 1996.

El Paso states that it is tendering the subject filing to comply with these requirements and to eliminate a projected revenue deficiency.

El Paso states that based upon the test period cost of service and billing determinants, El Paso projects a deficiency in annual revenues of approximately \$136.7 million under its currently effective rates. El Paso states that the revenue deficiency arises primarily from an increase in cost of service of approximately \$74 million and a decline in firm transportation billing determinants. El Paso is proposing to increase its rates for jurisdictional transportation service by an amount sufficient to eliminate the revenue deficiency and enable El Paso to recover the full cost of service reflected in this notice.

El Paso states that notification of the filing or copies of the filing were served upon all interstate pipeline system customers of El Paso and interested state regulatory commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests should be filed on or before July 12, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

[Docket No. RP95-369-000]

Iroquois Gas Transmission System, L.P.; Notice of Proposed Changes in FERC Gas Tariff

July 5, 1995.

Take notice that on June 30, 1995, Iroquois Gas Transmission, System, L.P. (Iroquois) tendered for filing to become part of its FERC Gas Tariff, First Revised Volume No. 1, the following revised tariff sheets, to become effective July 10, 1995:

Second Revised Sheet No. 93

Original Sheet No. 93A

Iroquois states that the purpose of the proposed changes is to bring its tariff into conformity with recent regulatory changes promulgated by the Commission in Order No. 577-A, revising 18 CFR 284.243(h), which provides for limited exemptions to the advance posting and bidding requirements of the Commission's capacity release regulations. Specifically, these revised tariff sheets permit shippers to enter into pre-arranged releases of thirty-one days or less without complying with the advance posting and bidding requirements.

Iroquois states that copies of this filing were served upon all jurisdictional customers and interested state regulatory agencies.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, DC 20426, in accordance with 18 CFR 385.214 and 18 CFR 385.211 of the Commission's Rules and Regulations. All such petitions or protests should be filed on or before July 12, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the public reference room.
