

Frequency of Response: On occasion.
Estimated Annual Burden: 4,560 responses; 45 minutes burden per response; 3,280 hours total annual burden.

Needs and Uses: Section 76.58 states that a cable operator must: a) notify broadcast stations and subscribers before deleting the station from carriage; b) notify qualified noncommercial educational television stations of its designated principal headend; c) notify must-carry stations of any change in the designation of the principal headend; d) notify local educational stations that may not be entitled to carriage, and e) mail a list of all broadcast stations carried on its system to all local television stations.

OMB Number: N/A.

Title: Section 76.9 Order to show cause; forfeiture proceedings.

Form No.: N/A.

Action: New Collection.

Respondents: Individuals or households; Business or other for-profit; Not-for-profit institutions.

Frequency of Response: On occasion.
Estimated Annual Burden: 50 responses; 7 hours burden per response; 350 hours total annual burden.

Needs and Uses: Section 76.9 states that upon petition by any interested person, the Commission may issue an order requiring a cable television operator to show cause why it should not be directed to cease and desist from violating Commission rules. The petition may be submitted informally, by letter, but shall be accompanied by a certificate of service on any interested person who may be directly affected if an order to show cause is issued or a forfeiture proceeding initiated. The petitions are used by the Commission to determine whether or not the Commission's cable rules have been violated.

OMB Number: N/A.

Title: Section 76.502 Three year holding requirement.

Form No.: N/A.

Action: New Collection.

Respondents: Business or other-for-profit.

Frequency of Response: On occasion.
Estimated Annual Burden: 1,000 responses; 15 minutes burden per response; 250 hours total annual burden.

Needs and Uses: Section 76.502 states that a cable operator seeking to assign or transfer control of a cable system must certify to the local franchise authority that the proposed assignment or transfer of control will not violate the three-year holding requirement. The certification must be submitted to the franchise

authority at the time the cable operator submits the request for transfer approval, unless local transfer approval is not required by the terms of the agreement.

OMB Number: N/A.

Title: Section 76.309 Customer Service Obligations and Section 76.964 Notice to subscribers.

Form No.: N/A.

Action: New Collection.

Respondents: Business or other-for-profit.

Frequency of Response: On occasion.
Estimated Annual Burden: 125,000 responses; 20 minutes burden per response; 40,917 hours total annual burden.

Needs and Uses: Sections 76.309 and 76.964 set forth customer service obligations and notification requirements for changes in rates, programming services and channel position. Section 76.309(c)(3)(i)(A) states cable operators shall provide written information on each of the following areas at the time of installation of service, at least annually, and upon request to all subscribers: products and services offered; prices and options for programming services and conditions of subscription to programming and other services; installation and service maintenance policies; instructions on using the cable service; channel positions programming carried on the system; and billing and complaint procedures, including the address and telephone number of the local franchise authority cable office. Section 76.964(a) states that customers will be notified of any changes in rates, programming service or channel positions as soon as possible through announcements on the cable system and in writing. Notice must be given at least 30 days in advance of such changes if the changes is within the cable operators control. Section 76.964(a) requires that cable operators give the relevant franchising authority a minimum of 30 days written notice of any changes in rates for cable programming service or associated equipment. Section 76.964(b) states that cable systems shall give 30 days written notice to both subscribers and the local franchise authority before implementing any rate change or change in service. Section 76.964(c) states that cable systems shall provide written notice to subscribers of their rights to file Commission complaints concerning rate changes for cable programming services or associated equipment.

OMB Number: 3060-0419.

Title: Syndicated Exclusivity/Network non-duplication Rights Sections 76.94, 76.95, 76.155, 76.156, 76.157, 76.159.

Form No.: N/A.

Action: Revision of a currently approved collection.

Respondents: Business or other for-profit.

Frequency of Response: On occasion.
Estimated Annual Burden: 170,568 responses; 1.01 hour burden per response; 170,768 hours total annual burden.

Needs and Uses: Notifications by TV stations and program suppliers will provide cable systems with the information on programs for which they can have syndicated exclusivity/network non-duplication rights. The data provided to cable systems by TV stations will be used to determine when programs subject to deletion will be aired, so that the cable system can delete carriage of signals at the appropriate time.

OMB Number: N/A.

Title: Section 64.703(b) Consumer Information - Posting by aggregators.

Form No.: N/A.

Action: New Collection.

Respondents: Business or other for-profit; Not-for-profit institutions; Federal Government; State, Local or Tribal Government.

Frequency of Response: On occasion.
Estimated Annual Burden: 56,200 responses; 3.7 hours burden per response; 206,566 hours total annual burden per response.

Needs and Uses: Section 64.703(b), requires that aggregators (providers of telephones to the public or transient users) must post in writing, on or near their phones, information about presubscribed operator services, rates, carrier access, and the FCC address to which consumers may direct complaints. Aggregators will disclose the information via printed notice that is posted on or near the phones.

Public Information Collection Requirement Submitted to Office of Management and Budget for Review

June 29, 1995.

The Federal Communications Commission has submitted the following information collection requirement to OMB for review and clearance under the Paperwork Reduction Act of 1980 (44 U.S.C. 3507).

Copies of this submission may be purchased from the Commission's copy contractor, International Transcription

Service, Inc., 2100 M Street, NW., Suite 140, Washington, DC 20037, (202) 857-3800. For further information on this submission contact Judy Boley, Federal Communications Commission, (202) 418-0214. Persons wishing to comment on this information collection should contact Timothy Fain, Office of Management and Budget, Room 10214 NEOB, Washington, DC 20503, (202) 395-3561.

OMB Number: None.

Title: Section 21.902, Frequency Interference.

Action: New collection.

Respondents: Individuals or households, businesses or other-for profit.

Frequency of Response: On occasion reporting requirements.

Estimated Annual Burden: 1,075 responses; 3.12 hours average burden per recordkeeper, 3,355 hours total annual burden.

Needs and Uses: (A) Section 21.902(d), Expansion of Protected Service Areas of MDS Stations. Petitioners complained that current regulations failed to sufficiently protect MDS station licensees from harmful interference caused by subsequently-filing applicants. Since 1974, subsequently-filing applicants have had to file an interference study for each authorized or previously-proposed MDS station. MDS stations have had protected service areas since 1984. After that time subsequently-filing applicants have based the required interference study on a protected service area of 710 square miles. (When the authorized or previously-proposed MDS station uses an omnidirectional transmitting antenna, the 710 square miles is a circle with a radius of 15 miles.) In the *Second Reconsideration Order*, the protected service area was expanded to a circle with a radius of 35 miles. This modification of an existing requirement simplifies the MDS rules, promotes the development of MDS stations as effective competitors to cable television systems, and facilitates the transition from analog to digital compression technology. See paragraphs 7-19 in the *Second Reconsideration Order*. (B) Section 21.902(d), Maps for Waiver Requests of Protected Service Area. Based on our experience with reviewing interference analyses since 1984, it will be faster and cheaper for a MDS applicant to submit an interference study based on the previously-proposed or authorized station's 35-mile protected service area. However, when a new applicant asserts that it should be exempted from the requirement to study the potential for harmful interference to

a previously-proposed or authorized stations protected service area, the *Second Reconsideration Order* states that the applicant should submit a map showing the intrusion of the waiver applicant's signal into the area around the authorized or previously-proposed station. See paragraph 26 in *Second Reconsideration Order*. (C) Section 21.902(d). Expansion of Effect on Cable-MDS Prohibitions. Since 1990, cable television companies have been prohibited from owning or leasing MDS stations, directly or indirectly, if there is an overlap between the MDS station's protected service area and the cable company's service area. Thus, the prohibitions of 47 CFR Section 21.912 and 47 U.S.C. 553(a)(2) usually did not apply in situations in which the cable service area was more than 15 miles from the MDS station's transmitter site. With the expansion of the protected service area, it is possible that some cable television companies with MDS ownership or leasing interests, which formally complied with Section 21.912, might be barred after the change. A blanket waiver was granted until June 1, 1996 to cable companies with interests newly-prohibited. See paragraphs 30-31 in *Second Reconsideration Order*. (D) Section 21.902(i). ITFS Station Interference Protection Through Service. On October 10, 1990, the *Wireless Cable Order* established a deadline for MDS applicants to serve specified authorized cochannel or adjacent-channel ITFS stations on or before the day the MDS application was filed. The *First Reconsideration Order* postponed this service deadline until the 60th day after public notice. Pursuant to petitioners' requests, the Commission has returned to the earlier service deadline, on or before the date of filing, which reduces processing delay. See paragraphs 39-41 in *Second Reconsideration Order*. (E) Section 21.912(i). ITFS Station Interference Protection Through Petitions to Deny. Petitioners also requested that authorized ITFS stations be required to file petitions to deny of MDS applications by the 30th day after public notice. The earlier deadline was adopted so that MDS applications can become ripe for grant more quickly and MDS stations can begin operations as soon as possible in order to provide competition for cable television systems. Together with the earlier deadline for ITFS service, a 120-day delay has been reduced to 30 days for processing MDS applications that propose stations within 50 miles of cochannel or adjacent-channel ITFS stations. See paragraphs 42-44 of *Second Reconsideration Order*.
