

## DEPARTMENT OF THE INTERIOR

## National Park Service

## 36 CFR Part 13

RIN 1024-AC19

## National Park System Units in Alaska

AGENCY: National Park Service, Interior.

ACTION: Proposed rule; re-opening of public comment period.

**SUMMARY:** The proposed rule would establish National Park Service regulations to implement section 1307 of the Alaska National Interest Lands Conservation Act (ANILCA). The proposed regulations are necessary to establish procedures for administering the statutory rights and preferences established by section 1307 for certain persons to conduct revenue-producing visitor services in certain units of the National Park System located in the State of Alaska. Particularly, this rule would provide guidance in the solicitation, award and renewal of Alaska visitor service authorizations. This rulemaking, the substance of which was printed as a proposed rule on April 25, 1995 (60 FR 20374), extends the comment period for another 60 days to allow additional review and comment by interested groups and persons.

**DATES:** Comments will be accepted until September 11, 1995.

**ADDRESSES:** Comments should be addressed to Regional Director, Alaska Region, National Park Service, 2525 Gambell Street, Room 107, Docket 1307, Anchorage, AK 99503-2892.

**FOR FURTHER INFORMATION CONTACT:** Chief of Concessions Management, Alaska Region, National Park Service, 2525 Gambell Street, Room 107, Anchorage, AK 99503-2892.

**SUPPLEMENTARY INFORMATION:****Extended Comment Period: Special Concessions Regulations—Visitor Services**

This document announces a 60-day re-opening of the comment period for the proposed Special Concessions Regulations—Visitor Services, that was published in the **Federal Register** on April 25, 1995, (60 FR 20374). The initial comment period expired on June 26, 1995. Many comments received during the initial comment period requested additional time to review the proposed regulations. Accordingly, the comment period for the proposed rule is hereby extended for an additional 60 days.

Dated: July 7, 1995.

**George T. Frampton, Jr.,***Assistant Secretary for Fish and Wildlife and Parks.*

## 40 CFR Part 52

[IL101-1-6689b; FRL-5250-1]

**Approval and Promulgation of Implementation Plans; Illinois**

AGENCY: Environmental Protection Agency (USEPA).

ACTION: Proposed rule.

**SUMMARY:** The USEPA proposes to approve the State Implementation Plan (SIP) revision request submitted by the State of Illinois on July 29, 1994. This submittal addresses the Federal Clean Air Act requirement to submit contingency measures for particulate matter with an aerodynamic diameter less than or equal to a nominal 10 micrometers (PM) for the areas designated as nonattainment for the PM National Ambient Air Quality Standards. In the final rules section of this **Federal Register**, the USEPA is approving this action as a direct final rule without prior proposal because USEPA views this as a noncontroversial action and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If USEPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on the proposed rule. USEPA will not institute a second comment period on this action. Any parties interested in commenting on this document should do so at this time.

**DATES:** Comments on this proposed rule must be received on or before August 14, 1995.

**ADDRESSES:** Written comments should be mailed to: J. Elmer Bortzer, Chief, Regulation Development Section, Regulation Development Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Copies of the State submittal and USEPA's analysis of it are available for inspection at: Regulation Development Section, Regulation Development

Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

**FOR FURTHER INFORMATION CONTACT:** David Pohlman, Regulation Development Section, Regulation Development Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-3299.

**SUPPLEMENTARY INFORMATION:** For additional information see the direct final rule published in the rules section of this **Federal Register**.

Dated: June 14, 1995.

**David Kee,***Acting Regional Administrator.*

## 40 CFR Part 52

[IL123-1-6976b; FRL-5252-8]

**Approval and Promulgation of Implementation Plans; Illinois**

AGENCY: Environmental Protection Agency (USEPA).

ACTION: Proposed rule.

**SUMMARY:** The United States Environmental Protection Agency (USEPA) proposes to approve the March 28, 1995, Illinois State Implementation Plan (SIP) revision request which consists of a variance from 35 Illinois Administrative Code (IAC) 218.586, the regulations for Stage II vapor recovery, for P & S, Incorporated's (P & S) facility located in Wood Dale, DuPage County, Illinois. This variance begins on November 1, 1994, and will ultimately expire on April 1, 1996. The granting of this variance is approvable because P & S has demonstrated that immediate compliance with the requirements at issue would impose an arbitrary and unreasonable hardship. In the final rules section of this **Federal Register**, the USEPA is approving this action as a direct final rule without prior proposal because USEPA views this as a noncontroversial action and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If USEPA receives comments adverse to or critical of the approval discussed above, USEPA will withdraw the approval before its effective date by publishing a subsequent rule that withdraws this final action. All public comments received will then be addressed in a subsequent rulemaking document. Please be aware that USEPA will institute another rulemaking document

on this action only if warranted by significant revision to the rulemaking based on any comments received in response to today's action. Any parties interested in commenting on this action should do so at this time.

**DATES:** Comments on this proposed rule must be received on or before August 14, 1995. If no such comments are received, USEPA hereby advises that the direct final approval will be effective September 11, 1995.

**ADDRESSES:** Written comments should be mailed to: J. Elmer Bortzer, Chief, Regulation Development Section, Regulation Development Branch (AR18-J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Copies of the Illinois submittal are available for public review during normal business hours, between 8 a.m. and 4:30 p.m., at the above address. A copy of this SIP revision is also available for inspection at: Office of Air and Radiation (OAR), Docket and Information Center (Air Docket 6976), room 1500, U.S. Environmental Protection Agency, 401 M Street, S.W., Washington, DC 20460.

**FOR FURTHER INFORMATION CONTACT:** Mark J. Palermo, Regulation Development Section, Regulation Development Branch (AR18-J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-6082.

**SUPPLEMENTARY INFORMATION:** For additional information see the direct final rule published in the rules section of this **Federal Register**.

Dated: June 14, 1995.

## 40 CFR Part 70

[AD-FRL-5258-6]

### **Clean Air Act Proposed Interim Approval of the Operating Permits Program; Arizona Department of Environmental Quality, Maricopa County Environmental Services Department, Pima County Department of Environmental Quality, Pinal County Air Quality Control District, Arizona**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The EPA proposes interim approval of the title V operating permits program submitted by the State of

Arizona, comprised of programs from the Arizona Department of Environmental Quality (ADEQ), the Maricopa County Environmental Services Department, (Maricopa), the Pima County Department of Environmental Quality (Pima), and the Pinal County Air Quality Control District (Pinal) for the purpose of complying with federal requirements that mandate that states develop, and submit to EPA, programs for issuing operating permits to all major stationary sources, and to certain other sources.

**DATES:** Comments on this proposed action must be received in writing by August 14, 1995.

**ADDRESSES:** Comments should be addressed to Regina Spindler, Mail Code A-5-2, U.S. Environmental Protection Agency, Region IX, Air and Toxics Division, 75 Hawthorne Street, San Francisco, CA 94105.

Copies of the State and county submittals and other supporting information used in developing the proposed interim approval are available for inspection during normal business hours at the following location: U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105

**FOR FURTHER INFORMATION CONTACT:** Regina Spindler (telephone: 415/744-1251), Mail Code A-5-2, U.S. Environmental Protection Agency, Region IX, Air and Toxics Division, 75 Hawthorne Street, San Francisco, CA 94105

#### **SUPPLEMENTARY INFORMATION:**

##### **I. Background and Purpose**

As required under title V of the Clean Air Act (Act) as amended (1990), EPA has promulgated rules that define the minimum elements of an approvable state operating permits program and the corresponding standards and procedures by which EPA will approve, oversee, and withdraw approval of state operating permits programs (see 57 FR 32250 (July 21, 1992)). These rules are codified at 40 CFR part 70 (part 70). Title V requires states to develop, and submit to EPA, programs for issuing these operating permits to all major stationary sources and to certain other sources.

The Act requires that states develop and submit title V programs to EPA by November 15, 1993, and that EPA act to approve or disapprove each program within 1 year after receiving the submittal. The EPA's program review occurs pursuant to section 502 of the Act and the part 70 regulations, which together outline criteria for approval or disapproval. Where a program

substantially, but not fully, meets the requirements of part 70, EPA may grant the program interim approval for a period of up to 2 years. If EPA has not fully approved a program by 2 years after the November 15, 1993 date, or by the end of an interim program, it must establish and implement a federal program.

## **II. Proposed Action and Implications**

### *A. Analysis of State Submission*

The analysis contained in this notice focuses on specific elements of the Arizona State and county agencies' title V operating permits program that must be corrected to meet the minimum requirements of 40 CFR part 70. The full program submittals, the Technical Support Documents (TSD), which contain a detailed analysis of the submittals, and other relevant materials are available for inspection as part of the public dockets. The dockets may be viewed during regular business hours at the address listed above.

#### 1. Title V Program Support Materials

The Arizona title V operating permits program was submitted on November 15, 1993 by the Arizona Department of Environmental Quality. The Director of ADEQ, the State Governor's designee, requested approval of Arizona's title V operating permits program, comprised of programs from ADEQ, Maricopa, Pima, and Pinal to provide coverage for the entire geographic area of the State of Arizona, excluding lands located within the exterior boundaries of Indian Reservations. Additional material was submitted by ADEQ on March 14, 1994; May 17, 1994; March 20, 1995; and May 4, 1995. Additional information was submitted by Maricopa on December 15, 1993; January 13, 1994; March 9, 1994; and March 21, 1995. Additional information was submitted by Pima on December 15, 1993; January 27, 1994; April 6, 1994; and April 8, 1994. On Pinal's behalf, ADEQ submitted a revision to Pinal's program on August 16, 1994. The programs that comprise the Arizona program all meet the requirements of section 70.4 for program submittal, including a program description, permitting program documentation, the legal opinion of the Attorney General and the attorneys of the county air pollution control agencies, and fully adopted implementing and supporting regulations. An implementation agreement is currently being developed between EPA and each of the Arizona agencies.
