BILLING CODE 6717-01-M

[Docket No. RP95-329-001]

Wyoming Interstate Company, Ltd.;
Notice of Tariff Compliance Filing

July 10, 1995.

Take notice that on July 5, 1995, Wyoming Interstate Company, Ltd. (WIC), tendered for filing revised tariff sheets, to its FERC Gas Tariffs, First Revised Volume No. 1, and FERC Gas Tariff, Second Revised Volume No. 2. The new tariff sheets are filed in accordance with the letter order issued June 21, 1995, in Docket No. PR95-329-000. In the June 21 order, the Commission conditioned acceptance of WIC's June 1, 1995 filing on a compliance filing by WIC to conform with Order No. 577-A. WIC has filed revisions to Sheet No. 26 of its Volume No. 1 Tariff, and Sheet No. 55 of its Volume No. 2 Tariff.

Accordingly, WIC submitted for filing Fourth Revised Sheet No. 26 of its Volume No. 1 Tariff and Fourth Revised Sheet No. 55 of its Volume No. 2 Tariff to become effective July 10, 1995, the effective date of Order No. 577-A.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street NE., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). All such protests should be filed on or before July 17, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the commission and are available for public inspection in the public reference room.

Lois D. Cashell,
Secretary.

ENVIRONMENTAL PROTECTION
AGENCY

[ER-FRL-4724-9]

Environmental Impact Statements and
Regulations; Availability of EPA
Comments

Availability of EPA comments prepared June 05, 1995 Through June 09, 1995 pursuant to the Environmental Review Process (ERP), under Section 309 of the Clean Air Act and Section 102(2)(c) of the National Environmental Policy Act as amended. Requests for copies of EPA comments can be directed to the Office of Federal Activities at (202) 260-5076.

An explanation of the ratings assigned to draft environmental impact statements (EISs) was published in FR dated April 14, 1995 (60 FR 19047).

Draft EISs

ERP No. D-AFS-A65161-00 Rating EC2, Gypsy Moth Management in the United States: A Cooperative Approach, Implementation, US.

Summary: EPA expressed environmental concerns about potential habitat and water quality impacts and insufficient information to predict project effects on nontarget species.

ERP No. D-AFS-G65062-NM Rating LO, Agua/Caballos Timber Sale, Harvesting Timber and Managing Existing Vegetation, Implementation, Carson National Forest, El Rito Ranger District, Taos County, NM.

Summary: EPA has no objections to the proposed project. However, EPA requests that additional information on cumulative impacts and environmental justice be included in the final EIS.

ERP No. D-AFS-J65230-WY Rating EO2, Tie Hack Dam and Reservoir Construction, Special-Use-Permit, NPDES and COE Section 404 Permits, Bighorn National Forest, Buffalo Ranger District, City of Buffalo, WY.

Summary: EPA expressed environmental objections to the proposed alternative due to potential adverse impacts to wetlands. EPA suggests that the final EIS explore additional alternatives of hydropower production. EPA believes that the conservation alternative could show greater water savings and would be more effective in meeting the purpose and need than stated in the draft EIS.

ERP No. D-AFS-J65232-UT Rating LO, Brian Head Recovery Project, Timber Harvest, Implementation, Dixie National Forest, Cadar City Ranger District, Iron County, UT.

Summary: EPA expressed lack of objections to the proposed project.

ERP No. D-AFS-L65238-WA Rating EC2, Thunder Mountain Fire Recovery and Salvage Project, Implementation, Okanogan National Forest, Tonasket and Methow Valley Ranger Districts, Okanogan County, WA.

Summary: EPA expressed environmental concerns regarding the existing conditions in the Chewuch River, Thirtymile Creek, Dog Creek, Windy Creek and Smarty Creek within the proposed project area and whether the proposed action will meet water quality standards.

ERP No. D-UAF-K11061-GU Rating EO2, Andersen Air Force Base (AFB) Solid Waste Management Facility, Construction, Island of Guam, GU.

Summary: EPA expressed environmental objections because the DEIS does not support statements regarding landfill location, unstable areas and monitorability of the groundwater. EPA has requested additional information including storm water permitting and air emissions.

ERP No. DS-DOE-L08050-WA Rating EC2, Puget Power Northwest Washington Electric Transmission Project, Updated Information, Construction and Operation, Whatcon and Skagit Counties, WA.

Summary: EPA expressed environmental concerns based on the project's impact on water quality.

Final EISs

ERP No. F-AFS-J65224-MT, Running Wolf Timber Sales, Implementation, Lewis and Clark National Forest, Judith Ranger District, Stanford, Judith Basin County, MT.

Summary: EPA expressed environmental concerns regarding water quality impacts, the adequacy of the water quality monitoring program and believes additional information is needed to fully assess all potential impacts of the proposed action.

ERP No. F-FHW-D40238-MD, US 29 Improvements, Sligo Creek Parkway to the Patuxent River Bridge, Funding and COE Section 404 Permit Issuance, Montgomery County, MD.

Summary: EPA expressed environmental concern regarding the mass transit HOV options and the use of old traffic data.

ERP No. F-FHW-E40742-NC, I-85 Greensboro Bypass Study Area Transportation Improvement, I-85 South of Greensboro to I-40/85 east of Greensboro, Funding, Possible COE Section 404 Permit, City of Greensboro, Guilford County, NC.

Summary: EPA continued to believe that the Grand/85 alternative would be the most environmental sound build alternative for meeting the project's

transportation objective. Although we still have concerns, instituting the identified environmental controls for construction and long term operation would make the proposed project acceptable.

Dated: July 11, 1995.

**Peer Review Meeting on Eastern
Columbia Plateau Sole Source Aquifer
Determination**

AGENCY: Environmental Protection Agency.

ACTION: Notice of meeting.

SUMMARY: This notice announces a peer review meeting sponsored by the U.S. Environmental Protection Agency's (EPA's) Science Policy Council (SPC). This meeting is a peer review of scientific information underlying the sole source aquifer determination for the Eastern Columbia Plateau that will be made by the Regional Administrator of EPA's Region 10.

DATES: The meeting will held on July 26-27, 1995. Members of the public may attend as observers.

ADDRESSES: The meeting will be held at the Sheraton Tacoma Hotel in Tacoma, Washington. Eastern Research Group, Inc., an EPA contractor, is providing logistical support for the meeting. To attend the meeting as an observer, contact Laurie Nutter, Eastern Research Group, Inc., 110 Hartwell Avenue, Lexington, Massachusetts, 02173-3198, Tel: 617/674-7320, Fax: 617/674-2906 by July 17, 1995. Space is limited.

FOR FURTHER INFORMATION CONTACT: For technical inquiries, contact Martha Sabol, U.S. EPA, Region 10, 1200 Sixth Avenue, Seattle, WA 98101, Telephone (206) 553-1593. For other information

about the peer review, contact Pam Pentz, U.S. EPA (8501), 401 M Street, SW, Washington, DC 20460, Telephone: (202) 260-6600.

SUPPLEMENTARY INFORMATION: On August 26, 1994, EPA proposed that the Eastern Columbia Plateau Aquifer System be designated as a sole source aquifer. EPA proposed the action in response to a January 1993 petition from the Palouse-Clearwater Environmental Institute of Moscow, Idaho. The petition requests EPA to make a determination under Section 1424(e) of the Safe Drinking Water Act that the aquifer system is the sole or principal source of drinking water for the area and which, if contaminated, would create a significant hazard to public health.

The original comment period was to close on October 14, 1994, but in response to public requests EPA extended the comment period twice: first until January 17, 1995, and then until February 17, 1995. Four public hearings were held throughout the proposed area (September 18, September 19, November 15, and November 16).

EPA received extensive comments, including many that cited technical grounds for taking issue with the vertical and lateral boundaries of the proposed area. On April 13, 1995, the Regional Administrator for Region 10, announced that EPA would undertake a peer review of technical information underlying the sole source aquifer designation in the Eastern Columbia Plateau aquifer system. EPA is asking the peer reviewers, who are experts in hydrogeology to evaluate EPA's technical analysis of certain issues relating to the Eastern Columbia Plateau aquifer system. Specifically, EPA is asking the peer reviewers to provide expert comment on the boundaries of the aquifer system, the vertical flow between the basalt units, and the applicability of the documents that EPA used in the development of its technical analysis. Following this meeting, EPA will use information and analyses developed by the peer reviewers, along with other considerations, to make a determination as to the sole source aquifer designation for the Eastern Columbia Plateau.

Dated: June 30, 1995.

Joseph K. Alexander,

Acting Assistant Administrator for Research and Development.
