

proposed tap exceed currently certified transportation quantities.

Any person or the Commission's staff may, within 45 days after the Commission has issued this notice, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to § 157.205 of the Regulations under the NGA (18 CFR 157.205) a protest to the request. If no protest is filed within the allowed time, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the NGA.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

[Project No. 1999-000]

Wisconsin Public Service Corp.; Notice of Authorization for Continued Project Operation

July 11, 1995.

On June 24, 1993, Wisconsin Public Service Corporation, licensee for the Wausau Project No. 1999, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 1999 is located on the Wisconsin River in Marathon County within the City of Wausau, Wisconsin.

The license for Project No. 1999 was issued for a period ending June 30, 1995. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in Section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of Section 15 of the FPA, then, based on Section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a

project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to Section 15 of the FPA, notice is hereby given that an annual license for Project No. 1999 is issued to Wisconsin Public Service Corporation for a period effective July 1, 1995, through June 30, 1996, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before June 30, 1996, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under Section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to Section 15 of the FPA, notice is hereby given that Wisconsin Public Service Corporation is authorized to continue operation of the Wausau Project No. 1999 until such time as the Commission acts on its application for subsequent license.

Lois D. Cashell,

Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-5259-3]

Agency Information Collection Activities Under OMB Review

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collection and its expected cost and burden.

DATES: Comments must be submitted on or before August 16, 1995.

FOR FURTHER INFORMATION OR A COPY

CALL: Sandy Farmer at EPA, (202) 260-2740, please refer to EPA ICR #1759.01.

SUPPLEMENTARY INFORMATION:

Office of Prevention, Pesticides and Toxic Substances

Title: Worker Protection Standards. (ICR No: 1759.01). This is a request for the approval of burden hours for requirements under the Worker Protection Standard (WPS). This action seeks approval for requirements no longer exempt by the Paperwork Reduction Act of 1995.

Abstract: EPA is charged under 40 CFR parts 156 and 170 for protection of agricultural workers and pesticide handlers from hazards of pesticides used on farms, in forests, in nurseries and in greenhouses. The WPS workplace practices are designed to reduce or eliminate exposure to pesticides and establish procedures for responding to exposure-related emergencies. The practices include prohibitions against applying pesticides in a way that would cause exposure to workers and others; a waiting period before workers can return to areas treated with pesticides; basic training and distribution and posting of information about pesticide hazards, as well as pesticide application information; arrangements in case of pesticide exposure; and provisions for emergency assistance.

The information burden is primarily that of third party notifications to inform agricultural workers and pesticide handlers of basic safety practices.

Burden statement: The public burden for this collection of information is estimated to average ¼ hour per respondent. Less than 1 percent of the total burden is recordkeeping.

Respondents: The potential respondents are agricultural employers, including employers in farms as well as nursery, forestry, and greenhouse establishments.

Estimated No. of Respondents: 1,000,000.

Estimated No. of Responses per Respondent: 8.

Estimated Total Annual Burden on Respondents: 2,100,000 hours.

Frequency of Collection: On occasion.

Send comments regarding the burden estimate, or any other aspect of the information collection, including suggestions for reducing the burden (please refer to EPA ICR #1759.01) to:
