

unnecessary for applicant to appear or be represented at the hearing.

G. Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-P

[Docket No. CP93-564-003]

ANR Pipeline Co.; Notice of Amendment

July 11, 1995.

Take notice that on July 7, 1995, ANR Pipeline Company (ANR), 500 Renaissance Center, Detroit, Michigan 48243, filed, pursuant to 18 CFR 385.215, to further amend its application filed under Section 7(c) of the Natural Gas Act (NGA) for authorization to construct and operate pipeline facilities and related facilities at the United States-Canada International Boundary proximate to St. Clair, Michigan, all as more fully set forth in the amendment which is on file with the Commission and open to public inspection.

ANR is amending its application to supply recently executed precedent agreements and to make revisions in volumes to be transported as reflected in the terms of the precedent agreements. ANR states that the two shippers it has executed precedent agreements with, Michigan Consolidated Gas Company (MichCon) and The Consumers' Gas Company Limited (Consumers'), will now transport up to 90,000 Dth per day. (Previously, the maximum volume to be transported for both shippers was 75,000 Dth per day.) Specifically, MichCon has executed a 15-year precedent agreement for 75,000 Dth per day. Consumers' has executed an 11-year precedent agreement for 10,000 Dth per day the first year, 15,000 Dth per day in years two through ten, and 5,000

Dth in the final year. In addition, ANR proposes a new in-service date of November 1, 1996, due to the time it has taken to negotiate the precedent agreements.

Any person desiring to be heard or to make any protest with reference to said amendment should on or before August 1, 1995, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules. All persons who have heretofore filed need not file again.

Lois D. Cashell,

Secretary.

[FR Doc. 95-17390 Filed 7-14-95; 8:45 am]

BILLING CODE 6717-01-M

[Docket No. CP93-566-002]

ANR Pipeline Co.; Notice of Amendment

July 11, 1995.

Take notice that on July 7, 1995, ANR Pipeline Company (ANR), 500 Renaissance Center, Detroit, Michigan 48243, filed, pursuant to 18 CFR 385.215, to further amend its application filed for authorization under Section 3 of the Natural Gas Act (NGA) and a Presidential Permit to site, construct, operate and maintain pipeline facilities at the United States-Canada International Boundary proximate to St. Clair, Michigan, all as more fully set forth in the amendment which is on file with the Commission and open to public inspection.

ANR states that the purpose of this amendment is to reflect the restructuring of its project as set forth in ANR's companion application in Docket No. CP93-564-003, filed July 7, 1995. ANR states the project has been reconfigured with regard to: the inclusion of executed precedent agreements, the terms of such precedent agreements, and a change in the proposed in-service date to November 1, 1995.

Any person desiring to be heard or to make any protest with reference to said

amendment should on or before August 1, 1995, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules. All persons who have heretofore filed need not file again.

BILLING CODE 6717-01-M

[Docket No. CP95-601-000]

Mississippi River Transmission Corp.; Request Under Blanket Authorization

July 11, 1995.

Take notice that on July 5, 1995, Mississippi River Transmission Corporation (MRT), 9900 Clayton Road, St. Louis, Missouri 63124, filed a prior notice request with the Commission in Docket No. CP95-601-000 pursuant to Section 147.205 of the Commission's Regulations under the Natural Gas Act (NGA) for authorization to construct and operate a delivery point in Ste. Genevieve County, Missouri, to provide service for Laclede Gas Company (Laclede) under MRT's blanket certificates issued in Docket Nos. CP82-489-000 and CP89-1121-000 pursuant to Section 7 of the NGA, all as more fully set forth in the request which is open to the public for inspection.

MRT proposes to construct and operate a 4-inch tap and appurtenant facilities as a delivery point to serve Laclede, who would provide natural gas service to Chemical Lime Company's lime kiln facilities. MRT states that it would deliver up to 6,000 MMBtu equivalent of natural gas to Laclede at the proposed delivery point on a peak day and 50,000 MMBtu on an annual basis. MRT states that Laclede would reimburse MRT for the estimated \$161,700 construction cost of the proposed delivery point. MRT also states that its existing FERC tariff does not prohibit additional delivery points, nor would the natural gas volumes it proposes to deliver to Laclede via the

proposed tap exceed currently certified transportation quantities.

Any person or the Commission's staff may, within 45 days after the Commission has issued this notice, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to § 157.205 of the Regulations under the NGA (18 CFR 157.205) a protest to the request. If no protest is filed within the allowed time, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the NGA.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

[Project No. 1999-000]

Wisconsin Public Service Corp.; Notice of Authorization for Continued Project Operation

July 11, 1995.

On June 24, 1993, Wisconsin Public Service Corporation, licensee for the Wausau Project No. 1999, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 1999 is located on the Wisconsin River in Marathon County within the City of Wausau, Wisconsin.

The license for Project No. 1999 was issued for a period ending June 30, 1995. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in Section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of Section 15 of the FPA, then, based on Section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a

project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to Section 15 of the FPA, notice is hereby given that an annual license for Project No. 1999 is issued to Wisconsin Public Service Corporation for a period effective July 1, 1995, through June 30, 1996, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before June 30, 1996, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under Section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to Section 15 of the FPA, notice is hereby given that Wisconsin Public Service Corporation is authorized to continue operation of the Wausau Project No. 1999 until such time as the Commission acts on its application for subsequent license.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

ENVIRONMENTAL PROTECTION AGENCY

[FRL-5259-3]

Agency Information Collection Activities Under OMB Review

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collection and its expected cost and burden.

DATES: Comments must be submitted on or before August 16, 1995.

FOR FURTHER INFORMATION OR A COPY

CALL: Sandy Farmer at EPA, (202) 260-2740, please refer to EPA ICR #1759.01.

SUPPLEMENTARY INFORMATION:

Office of Prevention, Pesticides and Toxic Substances

Title: Worker Protection Standards. (ICR No: 1759.01). This is a request for the approval of burden hours for requirements under the Worker Protection Standard (WPS). This action seeks approval for requirements no longer exempt by the Paperwork Reduction Act of 1995.

Abstract: EPA is charged under 40 CFR parts 156 and 170 for protection of agricultural workers and pesticide handlers from hazards of pesticides used on farms, in forests, in nurseries and in greenhouses. The WPS workplace practices are designed to reduce or eliminate exposure to pesticides and establish procedures for responding to exposure-related emergencies. The practices include prohibitions against applying pesticides in a way that would cause exposure to workers and others; a waiting period before workers can return to areas treated with pesticides; basic training and distribution and posting of information about pesticide hazards, as well as pesticide application information; arrangements in case of pesticide exposure; and provisions for emergency assistance.

The information burden is primarily that of third party notifications to inform agricultural workers and pesticide handlers of basic safety practices.

Burden statement: The public burden for this collection of information is estimated to average ¼ hour per respondent. Less than 1 percent of the total burden is recordkeeping.

Respondents: The potential respondents are agricultural employers, including employers in farms as well as nursery, forestry, and greenhouse establishments.

Estimated No. of Respondents: 1,000,000.

Estimated No. of Responses per Respondent: 8.

Estimated Total Annual Burden on Respondents: 2,100,000 hours.

Frequency of Collection: On occasion.

Send comments regarding the burden estimate, or any other aspect of the information collection, including suggestions for reducing the burden (please refer to EPA ICR #1759.01) to:

Sandy Farmer, EPA ICR #1759.01, U.S. Environmental Protection Agency, Information Policy Branch—2136, 401 M Street SW., Washington, DC 20460 and

Tim Hunt, Office of Management and Budget, Office of Information and
