AGENCY: Environmental Protection
Agency (EPA).

ACTION: Notice of proposed rulemaking.

SUMMARY: In this document, the EPA is proposing action on the revisions to the Montana State Implementation Plan (SIP) submitted by the Governor on May 17, 1994. The submittal included, among other things, revisions to the State's nonattainment new source review (NSR) and prevention of significant deterioration (PSD) permitting regulations and revisions to address other outstanding deficiencies. A detailed rationale for the partial approval/partial disapproval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If the EPA receives adverse comments, then the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule.
