Finding of No Significant Impact

The Commission has prepared an Environmental Assessment related to the renewal of Special Nuclear Material License SNM-1107. On the basis of the assessment, the Commission has concluded that environmental impacts that would be created by the proposed licensing action would not be significant and do not warrant the preparation of an Environmental Impact Statement. Accordingly, it has been determined that a Finding of No Significant Impact is appropriate.

The Environmental Assessment and the documents related to this proposed action are available for public inspection and copying at the Commission's Public Document Room at the Gelman Building, 2120 L Street N.W., Washington, DC.
