

DEPARTMENT OF THE INTERIOR**Office of Surface Mining Reclamation and Enforcement****30 CFR Part 931****New Mexico Regulatory Program**

AGENCY: Office of Surface Mining Reclamation and Enforcement (OSM), Interior.

ACTION: Withdrawal of proposed amendment.

SUMMARY: OSM is announcing the withdrawal of a proposed amendment to the New Mexico regulatory program (hereinafter, the "New Mexico program") under the Surface Mining Control and Reclamation Act of 1977 (SMCRA). The amendment consisted of revisions to and additions of rules pertaining to definitions, designation of lands unsuitable for surface coal mining, permit application information, minimum requirements for reclamation and operation plans in permit applications, review and approval or denial of permit applications and permit conditions, performance standards for coal exploration, and performance standards for surface coal mining operations.

DATES: This withdrawal is effective July 21, 1995.

FOR FURTHER INFORMATION CONTACT: Arthur W. Abbs, Acting Director, Albuquerque Field Office, Telephone: (505) 766-1486.

SUPPLEMENTARY INFORMATION: By letter dated April 13, 1995, New Mexico submitted a proposed amendment to its program (administrative record No. NM-739) pursuant to SMCRA (30 U.S.C. 1201 *et seq.*). New Mexico submitted the proposed amendment in response to the program amendment requirements at 30 CFR 931.16 (c), (d), and (f) through (s) (56 FR 67520, December 31, 1991, and 58 FR 65907, December 17, 1993) and at its own initiative. The provisions of the New Mexico rules that New Mexico proposed to revise were: Coal Surface Mining Commission (CSMC) Rule 80-1-5, definitions; CSMC rule 80-1-4-15, designation of lands unsuitable for surface coal mining; CSMC Rule 80-1-7-14, permit application information; CSMC Rule 80-1-9-39, minimum requirements for reclamation and operation plans in permit applications; CSMC Rules 80-1-11-17, 80-1-11-19, 80-1-11-20, and 80-1-11-29, review of and approval or denial of permit applications and permit conditions; CSMC Rule 80-1-19-15, performance standards for coal exploration; and CSMC Rules 80-1-20-41 and 49, 80-1-

20-82, 80-1-20-89, 80-1-20-93, 80-1-20-97, 80-1-20-116 and 117, 80-1-20-124, and 80-1-20-150, performance standards for surface coal mining operations.

OSM announced receipt of the proposed amendment in the May 5, 1995 **Federal Register** (60 FR 22332), provided an opportunity for a public hearing or meeting on its substantive adequacy, and invited public comment on its adequacy (administrative record No. NM-741). Because no one requested a public hearing or meeting, none was held. The public comment period ended on June 5, 1995.

During its review of the amendment, OSM identified concerns related to several provisions of New Mexico's proposed rules. OSM notified New Mexico of these concerns by letter dated June 22, 1995 (administrative record No. NM-747).

In response to OSM's concerns, New Mexico, by letter dated July 6, 1995, requested that the proposed amendment be withdrawn (administrative record No. NM-752). New Mexico indicated that its program requires that substantial rule revisions be reviewed and approved by the CSMC at a public hearing prior to submission to OSM. New Mexico stated that it would resubmit the amendment at a later date for approval as part of the New Mexico program after revisions have been approved by the CSMC.

Therefore, the proposed amendment announced in the May 5, 1995, publication of the **Federal Register** is withdrawn.

Radio Broadcasting Services; Cal-Nev-Ari, Boulder City, Las Vegas, NV

AGENCY: Federal Communications Commission.

ACTION: Proposed Rule; denial of.

SUMMARY: The Commission denied the request of Richard W. Myers to allot Channel 285A to Cal-Nev-Ari, NV, as its first local aural broadcast service. See 58 FR 61671, November 22, 1993. The Commission found that Cal-Nev-Ari does not qualify as a community for allotment purposes. The Commission also denied the counterproposal of Rock "N" Roll, Inc., which requested the modification of Boulder City, NV, Station KRRI's license to specify Channel 286C2 instead of its present Channel 288C2, and the modification of Las Vegas Station KRBO's license to specify Channel 289C2 rather than its present Channel 286C2 in an attempt to alleviate interference within Station KRRI's predicted 70 dBu and 60 dBu contours. Stations are protected from interference only to the extent that stations are separated from one another in accordance with Section 73.207 of the Commission's rules and operate in accordance with the powers prescribed in their construction permit/license. With this action, this proceeding is terminated.

[MM Docket No. 92-299; RM-8049]

Television Broadcasting Services; Appleton, New London and Suring, WI

AGENCY: Federal Communications Commission.

ACTION: Proposed rule; denial of.

SUMMARY: The Commission denies the petition for rule making filed by Wisconsin Voice of Christian Youth, Inc., to reallocate television Channel 14- from Suring to New London, Wisconsin, pursuant to Section 1.420(i) of the Commission's Rules. See 58 FR 4393, January 14, 1993. We find that there is insufficient basis to warrant the removal of the sole local television broadcast service at Suring, Wisconsin. We further find that petitioner failed to demonstrate compelling reasons for waiver of the television freeze order. With this action, this proceeding is terminated.
