

in a cooperative effort with the Idaho Department of Fish and Game, the U.S.D.A. Army Corps of Engineers, U.S. Fish and Wildlife Service, U.S. Forest Service, the Upper Columbia United Tribes, the Kalispel Tribe, the Coeur d'Alene Tribe, and the Albeni Falls Interagency Work Group. The proposed action would allow the sponsors to secure long-term agreements with public and private landowners to protect and enhance a variety of wetland and riparian habitats in the Lake Pend Oreille vicinity of Bonner and Kootenai Counties, Idaho (T59N, T52S, R6W and R3E).

In accordance with DOE regulations for compliance with floodplain and wetlands environmental review requirements (10 CFR Part 1022), BPA will prepare a floodplain and wetlands assessment and will perform this proposed action in a manner so as to avoid or minimize potential harm to or within the affected floodplain and wetlands.

The assessment will be included in the environmental assessment (EA) being prepared for the proposed project in accordance with the requirements of the National Environmental Policy Act. A floodplain statement of findings will be included in any finding of no significant impact that may be issued following the completion of the EA.
