

intends to hold public meetings on the proposal but the meetings have not been scheduled at this time.

There are no known permits or licenses required to implement the proposed actions. Several agencies and organizations will be invited to participate as cooperating agencies.

As previously stated, the Forest Service expects to publish the DEIS by mid-October 1995. The comment period on the DEIS will be 45 days from the date the Environmental Protection Agency publishes the notice of availability in the **Federal Register**.

The Forest Service believes it is important to give reviewers notice at this early stage of several court rulings related to public participation in the environmental review process. First, reviewers of DEIS must structure their participation in the environmental review of the proposal so that it is meaningful and alters an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the DEIS stage but that are not raised until after completion of the final environmental impact statement may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45-day comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final environmental impact statement.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the DEIS should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the DEIS or the merits of the alternatives formulated and discussed in the statement. (Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.)

Please note that comments you make on the DEIS will be regarded as public information.

Thomas L. Tidwell, Acting Forest Supervisor, Sawtooth National Forest, is the responsible official.

**SUPPLEMENTARY INFORMATION:** Under Title III of the Marine Protection, Research, and Sanctuaries Act of 1972, as amended, also known as the National Marine Sanctuaries Act, the United States Congress authorizes the designation of discrete areas of the marine environment as National Marine Sanctuaries to protect distinctive natural and cultural resources whose protection and beneficial use requires comprehensive planning and management. The National Marine Sanctuary Program was established pursuant to the National Marine Sanctuaries Act, and is administered by the Sanctuaries and Reserves Division of the National Oceanic and Atmospheric Administration.

The mission of the National Marine Sanctuary Program is to identify, designate and manage areas of marine environment of special national significance due to their conservation, recreational, ecological, historical, research, educational, or aesthetic qualities.

The Program currently has 14 designated sites: Olympic Coast, Cordell Bank, Gulf of the Farallones, Monterey Bay, Channel Islands, Hawaiian Islands Humpback Whale, Fagatele Bay, Florida Keys, Flower Garden Banks, Looe Key, Key Largo, Gray's Reef, the Monitor, and Stellwagen Bank National Marine Sanctuaries.

In 1992, with the passage of the National Marine Sanctuaries Program Amendments Act (Act), Title II of Pub. L. 102-587, Congress directed the National Marine Sanctuary Program to enhance funding for the designation and management of national marine sanctuaries through the creation, adoption and marketing of a symbol for the national program or for individual National Marine Sanctuaries. The National Marine Sanctuary Program symbol has been adopted and published in the **Federal Register** (Vol. 60, No. 59, March 28, 1995). This notice displays the symbol adopted for the Flower Garden Banks National Marine Sanctuary; this symbol was developed by Mr. Joel Hickerson from College Station, Texas.

The Act also directs the Sanctuary Program to solicit and designate official sponsors for the Program or the individual National Marine Sanctuaries. These sponsors shall be authorized to manufacture, reproduce, or use the symbol. The Sanctuary Program is authorized to sell rights to the symbols for such use and retain the funds to enhance and manage National Marine Sanctuaries. The symbol is the property of the United States and it is unlawful for any person, except a designated

sponsor, to manufacture, reproduce or use the symbol. Persons interested in becoming an official sponsor of the National Marine Sanctuary Program or of an individual sanctuary should contact Justin Kenney.

**SUPPLEMENTARY INFORMATION:** On June 2 and 9, 1995, the Committee for Purchase From People Who Are Blind or Severely Disabled published notices (60 F.R. 28781 and 30523) of proposed additions to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the commodity and services, fair market price, and impact of the additions on the current or most recent contractors, the Committee has determined that the commodity and services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.
