Amended Final Determination of Sales at Less Than Fair Value and Antidumping Order: Gray Portland Cement and Clinker From Japan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The appeal period for the court decision in *Nihon Cement Co., Ltd. et al. v. United States*, Slip Op. 95-53 has expired. Accordingly, given that the decision was not appealed, the Department is amending its final determination of sales at less than fair value and order in the antidumping duty investigation of Gray Portland Cement and Clinker from Japan (Cement from Japan) in accordance with that decision.

EFFECTIVE DATE: August 1, 1995.

FOR FURTHER INFORMATION CONTACT: Michelle Frederick or John Brinkmann, Office of Antidumping Investigations, International Trade Administration, U.S. Department of Commerce, Washington, D.C., 20230; telephone (202) 482-0186 or 482-5288, respectively.

BACKGROUND: On March 28, 1995, in the case of *Nihon Cement Co., Ltd. et al. v. United States*, Slip Op. 95-53 (*Nihon*), the United States Court of International

Trade (CIT) affirmed the Department's redetermination on remand of the investigation of sales at less than fair value of Cement from Japan (56 FR 12156, March 22, 1991, as amended by 56 FR 21658, May 10, 1991). In that redetermination, the Department recalculated the deposit rates of Onoda Cement Co. (Onoda), Nihon Cement Co., Ltd. (Nihon), and the "All Others" rate. On May 10, 1995, the Department published notice of the court decision and the new rates (60 FR 24832, May 10, 1995). In that notice the Department stated that it must continue to suspend liquidation until a "conclusive" decision in this action is reached. Because none of the parties appealed the CIT's decision and the opportunity to appeal has expired, the Department is amending the rates calculated in the final determination and order. The new rates are: 70.52 for Onoda; 69.89 for Nihon; and 70.23 for "All Others". We will instruct Customs to continue to suspend liquidation, and collect cash deposits, at the new rates for Nihon and "All Others". The effective cash deposit rate for Onoda has been determined by a subsequent administrative review, and is therefore not affected by the recalculation of these rates.

Dated: July 25, 1995.

Paul L. Joffe,

Deputy Assistant Secretary for Import Administration.

In accordance with sections 353.22(s) and 355.22(a) of the regulations, an interested party as defined by section 353.2(k) or 355.2(i) may request in writing that the Secretary conduct an administrative review. The Department has changed its requirements for requesting reviews for countervailing duty orders. Pursuant to section 355.22(a) of the Department's Interim Regulations, an interested party, as defined in section 355.2(i)(2)-(6), must specify the individual producers or exporters covered by the order for which they are requesting a review. Therefore, for both antidumping and countervailing duty reviews, the interested party must specify for which individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order it is requesting a review, and the requesting party must state why the person desires the Secretary to review those particular producers or exporters.

If the interested party intends for the Secretary to conduct an antidumping or countervailing duty review of an exporter (or a producer if that producer

also exports merchandise from other suppliers) which produced subject merchandise in more than one country of origin, and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

Seven copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room B-099, U.S. Department of Commerce, Washington, DC 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping Compliance, Attention: Pamela Woods, in room 3065 of the main Commerce Building. Further, in accordance with section 353.31(g) or 355.31(g) of the Commerce Regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the **Federal Register** a notice of "Initiation of Antidumping (Countervailing) Duty Administrative Review", for requests received by August 31, 1995. If the Department does not receive, by August

31, 1995, a request for review of entries covered by an order or finding listed in this notice and for the period identified above, the Department will instruct the Customs Service to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is not required by statute, but is published as a service to the international trading community.

Dated: July 26, 1995.

Joseph A. Spetrini,
Deputy Assistant Secretary for Compliance.
