Vol. 60, No. 148

Wednesday, August 2, 1995

NATIONAL CREDIT UNION ADMINISTRATION

12 CFR Part 701

Organization and Operations of Federal Credit Unions

AGENCY: National Credit Union Administration (NCUA).

ACTION: Proposed rule.

SUMMARY: The NCUA Board (Board) is committed to providing federal credit unions (FCUs) greater flexibility in pursuing lending opportunities that are consistent with principles of safety and soundness. The NCUA Board is therefore proposing to amend its regulations on loan participation to broaden loan participation authority by removing the requirement that the participation agreement precede loan disbursement.

DATES: Comments must be postmarked or posted on the NCUA electronic bulletin board by October 2, 1995.

SUPPLEMENTARY INFORMATION:

A. Background

NCUA's current "participation loan" regulation requires the participation agreement to precede any disbursement of the loan proceeds. When Section 701.22 of NCUA's Rules and Regulations was originally issued, the Board discussed the term "participation" as follows:

In granting Federal credit unions the power to participate in making loans to members, Congress was using the term "participation" to mean arrangements made prior to or at the time of origination and carried out within a

reasonable time thereafter. Thus, 107(13) (of the Federal Credit Union Act, 12 U.S.C. § 1757(13)) was adopted to allow Federal credit unions to sell certain loans subsequent to origination * * *

43 FR 51610 (November 6, 1978). However, the Board amended its opinion in 1981 as follows:

The participation regulation applies where a third party funnels funds into the credit union with the intent of actually participating in making the loan, for example where the participant will assist in preparing the loan documentation and the participant's funds will actually be disbursed at origination. The participation regulation does not apply when an organization merely arranges to purchase loans subsequently originated by the credit union.

49 FR 31660 (June 17, 1981).

In 1991, the Board considered but later rejected changes which would have amended the definition of "participation loan" and deleted the requirement that the loan participation agreement precede loan disbursement. The Board was concerned that:

FCUs may have a decreased interest in properly underwriting a loan if they know they can later reduce their risk by selling participation interests in it. Alternatively, FCUs interested in obtaining a participation after the loan is made may not properly investigate the loan and may instead rely on the original participants to have properly underwritten the loan. FCUs may jump in without a proper due diligence review.

56 FR 15034, 15035 (April 15, 1991).

The Board now believes that the concerns it expressed in 1991 can be addressed through the FCUs exercise of due diligence before entering into participation agreements as required in this proposal. The FCU is still required to have a master participation agreement. The proposal does not specify at what point the agreement must be executed. The Board invites comment on whether the rule should require that the agreement (without identifying the specific loans) must be in place prior to the disbursement of the loan if the loan is intended for participation, and prior to the sale of the loan if the loan was originally made to hold in portfolio.

Although the regulation does not require that specific provisions be included in the master agreement, prudence dictates that at a minimum the agreement shall: (1) Identify types of loans; (2) state servicing and collection requirements; (3) provide that in the

event of a loss each participant shall share in the loss equal to its interest in the participation loan; (4) provide for the distribution of payments of principal to each participant proportionate to its interest in the participation loan; (5) provide for loan status reports to each participant; and (6) state the terms or conditions under which the agreement may be terminated or modified.

Under the proposal, the "originating lender" is required to use the same underwriting standards it uses for loans that are not being sold as participation loans unless there is a participation agreement in place prior to the disbursement of the loan. If a participation agreement is in place prior to disbursement, all of the participating credit unions will have agreed on underwriting standards. The originating lender would reflect those standards either in its loan policies or the participation agreement. Also, the proposal requires the purchaser of a participation interest to have a participation policy in place prior to entering into a participation agreement.

Current Section 701.22(b)(2), as well as the proposed rule, allow either the board of directors or the investment committee to execute the participation agreement. In recognition of the far reaching impact a participation agreement has on an FCU's lending, investment and business strategies, the Board is interested in receiving comments on whether this authority should be solely with the board of directors.

With these safeguards in place, it is contemplated that eliminating the "prior to disbursement" restriction may assist FCUs with their liquidity management and will also provide FCUs with a means of reducing risk. By deleting this requirement, the Board recognizes that there may be some overlap between Sections 701.22 and 701.23 of NCUA's Rules and Regulations; the eligible obligations rule. This is a result of the interplay of Sections 107(5)(E) and 107(13) of the FCU Act. Both of these sections authorize the purchase and sale of a partial interest in certain loans. A loan purchase or sale will be viewed as permissible provided it is authorized under either section.

The Board welcomes comment on this proposal.

B. Section-by-Section Analysis

Proposed Section 701.22(a)(1)

Deletes the requirement that the participation agreement precede disbursement of the loan but retains the requirement of a participation agreement and that the participation be made with "eligible organizations."

Proposed Section 701.22(b)(2)

The phrase "prior to final disbursement" has been eliminated.

Proposed Section 701.22(c)(4)

A phrase has been added to the "originating lender" approval provision requiring the FCU to use the same underwriting standard for participation loans as those used for loans not being sold as participation loans unless there is a participation agreement in place prior to the disbursement of the loan. An additional sentence has also been added, requiring that, where a participation agreement is in place prior to disbursement, either the originating credit union's loan policies or the participation agreement addresses participation loan underwriting standards.

Proposed Section 701.22(d)(1)

A phrase has been added to the "non originating lender" approval provision requiring the FCU to have a participation policy in place prior to entering into a participation agreement.

C. Regulatory Procedures

Regulatory Flexibility Act

The Regulatory Flexibility Act requires the NCUA to prepare an analysis to describe any significant economic impact any regulation may have on a potential number of small credit unions (primarily those under \$1 million in assets). The NCUA Board has determined and certifies under the authority granted in 5 U.S.C. 605(b) that the proposed rule, if adopted, will not have a significant economic impact on a substantial number of small credit unions. Accordingly, the NCUA Board has determined that a Regulatory Flexibility Analysis is not required.

Paperwork Reduction Act

These amendments do not change the paperwork requirements.

Executive Order 12612

This amendment does not affect state regulation of credit unions. It implements provisions of the Federal Credit Union Act applying only to federal credit unions.

SUPPLEMENTARY INFORMATION:

Request for Comments

The NCUA Board seeks comments on the proposed changes to part 741 of the NCUA Rules and Regulations.

Background

Part 741 applies to all credit unions whose accounts are insured by the National Credit Union Share Insurance Fund (NCUSIF). It applies to federal credit unions (FCUs), FISCUs and credit unions making application for insurance of accounts. It prescribes requirements for obtaining and maintaining federal insurance and for the payment of insurance premiums and an insurance capitalization deposit.

Part 741 also serves as a reference for FISCUs in determining which NCUA rules apply to them. It is NCUA's general practice, when a regulation for FCUs also applies to FISCUs, to refer to the regulation in part 741.

Some regulations that apply to FISCUs, however, are not currently included in part 741. Additionally, the Agreement for Insurance of Accounts, which outlines conditions for state-
