

each system during the pilot period, including each date the issue was placed on each system and removed; and (8) whether any distinguishable market condition existed when an issue was placed on or taken off each system. Any requests to modify this pilot program, to extend its effectiveness, or to seek permanent approval for the pilot program also should be submitted to the Commission by May 31, 1996, as a proposed rule change pursuant to Section 19(b) of the Act.

The Commission finds good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register**. The Commission believes that it is appropriate to approve the proposed rule change on an accelerated basis so that the Exchange can enable public customers to receive the benefits of Enhanced SuperMAX and Timed Enhanced SuperMAX without delay. Moreover, the Enhanced SuperMAX feature previously has been on a pilot program from December 1991 through April 1993, and the Commission is approving CHX's Enhanced SuperMAX and Timed Enhanced SuperMAX only for a one-year pilot period.¹⁵ During that time, the Commission and the Exchange will be able to examine whether these programs are successful at providing for automatic execution of orders at prices consistent with the maintenance of fair and orderly markets and can determine whether to extend the pilots for a further period or make the programs permanent. The Commission, therefore, believes that granting accelerated approval of the proposed rule change is appropriate and consistent with Section 6 of the Act.¹⁶

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁷ that the proposed rule change (SR-CHX-95-15) is approved on a pilot basis until July 31, 1996.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁸
