

near the activity centers at Kirby, Nesbitt, and River Commons Park. The higher alternatives would require larger foundations to support larger bags and the deeper impoundment provided by the dam. The boating pool created by the 10-foot dam would extend approximately 5.5 miles upstream near Monocanock Island and would provide about 495 acres of boating area (total surface area=520 acres).

7. The Baltimore District is preparing a SEIS which will document the alternatives analysis and describe the impacts of the proposed projects on environmental and cultural resources in the study area and the overall public interest. If applicable, the SEIS will also apply guidelines issued by the Environmental Protection Agency, under authority of Section 404 of the Clean Water Act of 1977 (Public Law 95-217).

8. A notice will be distributed to interested private individuals and organizations, as well as Federal, state, and local agencies, informing them of our intent to prepare a SEIS, and requesting their comments. The Baltimore District invites potentially affected Federal, state, and local agencies and other interested organizations and parties to participate in this study. Agencies that will be involved in the study and SEIS process include, but are not limited to the following: U.S. Environmental Protection Agency; U.S. Fish and Wildlife Service; U.S. Geological Survey; U.S. Natural Resources Conservation Service; U.S. National Park Service; Pennsylvania Department of Environmental Resources; Pennsylvania Historical and Museum Commission; Pennsylvania Fish and Boat Commission; Pennsylvania Game Commission; Luzerne County, Pennsylvania; and the Susquehanna River Basin Commission. Additional study newsletters, notices and workshops may be included as part of the public involvement program, as needed.

9. The draft SEIS is tentatively scheduled to be available for public review in early summer 1996.

Randall R. Inouye,

Colonel, Corps of Engineers, District Engineer.

BILLING CODE 3710-41-M

**DELAWARE RIVER BASIN
COMMISSION**

**Notice of Commission Meeting and
Public Hearing**

Notice is hereby given that the Delaware River Basin Commission will hold a public hearing on Wednesday, August 9, 1995. The hearing will be part of the Commission's regular business meeting which is open to the public and scheduled to begin at 11 a.m. in the Goddard Conference Room of the Commission's offices at 25 State Police Drive, West Trenton, New Jersey.

An informal conference among the Commissioners and staff will be held at 10 a.m. at the same location and will include status reports on the Christina River Basin study and proposed Lehigh River Basin flood warning system as well as an opportunity for public dialogue.

The subjects of the hearing will be as follows:

*Applications for Approval of the
Following Projects Pursuant to Article
10.3, Article 11 and/or Section 3.8 of the
Compact*

1. *C S Water & Sewer Associates D-76-21 (Revised)*. An application to revise DRBC Docket No. D-76-21 to approve an existing discharge from a 0.1 million gallons per day (mgd) sewage treatment plant (STP) to an unnamed tributary of the Delaware River. The STP was originally approved predicated upon a discharge directly to the Delaware River. The project STP is located in Lackawaxen Township, Pike County, Pennsylvania. The STP will continue to serve the community of Masthope Rapids.

2. *Borough of Shoemakersville D-90-7 CP RENEWAL*. An application for the renewal of a ground water withdrawal project to supply up to 7.5 million gallons (mg)/30 days of water to the applicant's distribution system from Well Nos. 1, 3, 4, 5 and 6. Commission approval on March 28, 1990 was limited to five years. The applicant requests that the total withdrawal from all wells remain limited to 7.5 mg/30 days. The project is located in the Borough of Shoemakersville and Perry Township, Berks County, Pennsylvania.

3. *Jackson Township Municipal Utilities Authority D-94-18 CP*. An application for approval of a ground water withdrawal project to supply up to 21.6 mg/30 days of water to the Six Flags Great Adventure theme park from new recharge/withdrawal Well No. 12, and to retain the existing withdrawal limit of 26.42 mg/30 days from all Delaware River Basin wells. During

periods of seasonal low water demand, the applicant proposes to inject treated water from existing Well Nos. 7 and 10 into Well No. 12 at a rate of 250 gallons per minute (gpm) to store the higher quality water within the aquifer for later withdrawal during periods of seasonal high water demand. The project is located in Jackson Township, Ocean County, New Jersey.

4. *Rosenberger's Dairies, Inc. D-95-1*. An application for approval of a ground water withdrawal project to supply up to 2.6 mg/30 days of water to the applicant's dairy production and processing facility from new Well No. 4, and to limit the withdrawal from all wells to 3.4 mg/30 days. The project is located in Hatfield Township, Montgomery County, in the Southeastern Pennsylvania Ground Water Protected Area.

5. *Crompton & Knowles Corporation D-95-8*. A project to modify and expand the applicant's existing 0.18 mgd Gibraltar industrial wastewater treatment plant (IWTP) by replacing an earthen bio-lagoon surface impoundment with above-ground tanks. The IWTP will continue to serve only the applicant's dye and chemical manufacturing plant and will discharge at an average monthly rate of 0.22 mgd via an existing outfall on the Schuylkill River. The IWTP is located approximately one mile east of the Town of Gibraltar in Robeson Township, Berks County, Pennsylvania.

6. *Tel Hai Retirement Community D-95-21*. A project to modify and expand an existing 50,000 gallons per day (gpd) tertiary level STP to provide an additional 20,000 gpd capacity in order to serve a new apartment complex and community center for the applicant's retirement community. The STP will continue to serve only the applicant's retirement community in Honey Brook Township, Chester County, Pennsylvania. The expanded STP will continue to provide tertiary treatment and discharge to Two Log Run, a tributary of the West Branch Brandywine Creek.

7. *Connaught Laboratories Inc. D-95-34*. A project to modify the applicant's existing 0.15 mgd IWTP which will continue to serve both the applicant's vaccine production operations and the adjacent Salk Institute laboratory. The IWTP is located just east of State Route 611 in Pocono Township, Monroe County, Pennsylvania. The treated effluent will continue to discharge to Swiftwater Creek and the permitted discharge volume and effluent characteristics will remain unchanged.

8. *George School D-95-39*. An application for approval of a ground

water withdrawal project to supply up to 5.18 mg/30 days of water to the applicant's pond from Newtown Artesian Water Company's Well No. 10 which is located in Newtown Township. The proposed allocation of ground water is an increase from 1.37 mg/30 days to 5.18 mg/30 days. The pond will be used for teaching ecological and environmental courses. The project well is located in Newtown Township, Bucks County, in the Southeastern Pennsylvania Ground Water Protected Area.

Documents relating to these items may be examined at the Commission's offices. Preliminary dockets are available in single copies upon request. Please contact George C. Elias concerning docket-related questions. Persons wishing to testify at this hearing are requested to register with the Secretary prior to the hearing.

Dated: July 25, 1995.

Susan M. Weisman,

Secretary.

BILLING CODE 6360-01-P

DEPARTMENT OF EDUCATION

Office of Postsecondary Education; Federal Perkins Loan, Federal Work- Study, and Federal Supplemental Educational Opportunity Grant Programs

AGENCY: Department of Education.

ACTION: Notice of Closing Date for Filing the Fiscal Operations Report for 1994-95 and Application to Participate for 1996-97 (FISAP) in the Federal Perkins Loan, Federal Supplemental Educational Opportunity Grant (FSEOG), and Federal Work-Study (FWS) Programs (ED FORM 646-1; OMB No. 1840-0073).

SUMMARY: The Secretary gives notice to institutions of higher education of the deadline for an institution to apply for fiscal year 1996 funds—for use in the 1996-97 award year (July 1, 1996 through June 30, 1997)—under the Federal Perkins Loan, FWS, and FSEOG programs. Under these programs, the Secretary allocates funds to institutions for students who need financial aid to meet the costs of postsecondary education. An institution is not required to establish eligibility prior to applying for funds. However, the Secretary will not allocate funds under the Federal Perkins Loan, FWS, and FSEOG programs for the 1996-97 award year to any institution that is not currently eligible unless the institution files its

institutional participation application and other documents required for an eligibility and certification determination by the closing date that will appear in a separate notice in the **Federal Register**.

The Secretary further gives notice that an institution that had a Federal Perkins Loan fund or expended FWS or FSEOG funds during the 1994-1995 award year (July 1, 1994, through June 30, 1995) is required to submit a Fiscal Operations Report to the Secretary to report its program expenditures as of June 30, 1995.

Applicants that did not participate in the Federal Perkins Loan Program, FWS Program, or FSEOG Program in the 1994-95 award year will be required to submit data for the application portion of the FISAP only. The Department is mailing only the application portion of the FISAP to first-time applicants.

In addition, an institution must submit one original completed FISAP signature page and one original signed combined lobbying, debarment, and drug-free workplace certifications form (ED 80-0013 and referred to collectively as the "compliance certifications" form) for the 1996-97 award year.

The Federal Perkins Loan, FWS, and FSEOG programs are authorized by parts E and C, and part A, subpart 2, respectively, of title IV of the Higher Education Act of 1965, as amended.

DATES: *Closing Date and Methods for Submitting a FISAP and Required Signed Documents.* An institution may submit its FISAP by—

(1) Submitting the completed data on a data diskette provided by the Department of Education (the Department);

(2) Creating a tape from data stored on a mainframe computer and submitting that tape in a format defined by the Department; or

(3) Transmitting the data from a personal or mainframe computer through a modem.

To ensure consideration for 1996-97 funds, an institution must submit an electronic FISAP by data diskette, tape, or modem, as well as one original completed FISAP signature page and one original signed "compliance certifications" form by September 29, 1995.

ADDRESSES: *FISAP Delivered by Mail.* A diskette or tape containing FISAP data along with one original completed FISAP signature page and one original signed "compliance certifications" form must be addressed to FISAP, c/o Universal Automation Labs (UAL), Suite 500, 8300 Colesville Road, Silver Spring, Maryland 20910.

An institution must show proof of mailing its FISAP and the required signed documents by September 29, 1995. Proof of mailing consists of one of the following: (1) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service, (2) a legibly dated U.S. Postal Service postmark, (3) a dated shipping label, invoice, or receipt from a commercial carrier, or (4) any other proof of mailing acceptable to the Secretary of Education.

If a FISAP and the required signed documents are sent through the U.S. Postal Service, the Secretary does not accept either of the following as proof of mailing: (1) A private metered postmark, or (2) a mail receipt that is not dated by the U.S. Postal Service. An institution should note that the U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, an institution should check with its local post office. An institution is encouraged to use certified or at least first-class mail.

FISAP Delivered by Hand. A diskette or tape containing FISAP data along with one original completed FISAP signature page and one original signed "compliance certifications" form must be taken to Universal Automation Labs (UAL), Suite 500, 8300 Colesville Road, Silver Spring, Maryland.

Hand-delivered FISAP diskettes or tapes and the required signed documents will be accepted between 9 a.m. and 5 p.m. daily (Eastern time), except Saturdays, Sundays, and Federal holidays. A FISAP and the required signed documents that are hand-delivered will not be accepted after 5 p.m. on September 29, 1995.

FISAP Delivered Electronically. A FISAP that is delivered electronically must be transmitted by either a personal or mainframe computer to the host Department computer using a modem. If you are transmitting electronically via a modem, the data transmission must be completed prior to midnight, Eastern time, on September 29, 1995. (For purposes of this notice, this deadline means that an institution has all of September 29, 1995, to transmit electronically via a modem.) The institution should print a copy of its transmission receipt for its records. In addition, one original completed FISAP signature page and one original signed "compliance certifications" form must be mailed to Electronic FISAP, c/o Universal Automation Labs (UAL), Suite 500, 8300 Colesville Road, Silver Spring, Maryland 20910, by September 29, 1995. An institution must show proof of mailing the required signed documents by the deadline. Proof of
