

SUPPLEMENTARY INFORMATION:

Authority: Executive Order 11651 of March 3, 1972, as amended; section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854).

On June 29, 1995, under the terms of Article 6 of the Uruguay Round Agreement on Textiles and Clothing (ATC) and the Uruguay Round Agreements Act, the Government of the United States requested consultations with the Government of Costa Rica with respect to cotton and man-made fiber nightwear and pajamas in Categories 351/651, produced or manufactured in Costa Rica.

The purpose of this notice is to advise the public that, pursuant to the ATC, if no solution is agreed upon in consultations with the Government of Costa Rica, the Committee for the Implementation of Textile Agreements may later establish a limit for the entry and withdrawal from warehouse for consumption of cotton and man-made fiber textile products in Categories 351/651, produced or manufactured in Costa Rica and exported during the twelve-month period which began on June 29, 1995 and extends through June 28, 1996, at a level of not less than 170,979 dozen.

A summary statement of serious damage, or actual threat thereof, concerning Categories 351/651 follows this notice.

Anyone wishing to comment or provide data or information regarding the treatment of Categories 351/651, or to comment on domestic production or availability of products included in Categories 351/651, is invited to submit 10 copies of such comments or information to Rita D. Hayes, Chairman, Committee for the Implementation of Textile Agreements, U.S. Department of Commerce, Washington, DC 20230; ATTN: Helen L. LeGrande. The comments received will be considered in the context of the consultations with the Government of Costa Rica.

Because the exact timing of the consultations is not yet certain, comments should be submitted promptly. Comments or information submitted in response to this notice will be available for public inspection in the Office of Textiles and Apparel, room H3100, U.S. Department of Commerce, 14th and Constitution Avenue, NW., Washington, DC.

Further comments may be invited regarding particular comments or information received from the public which the Committee for the Implementation of Textile Agreements considers appropriate for further consideration.

The solicitation of comments regarding any aspect of the agreement or the implementation thereof is not a waiver in any respect of the exemption contained in 5 U.S.C. 553(a)(1) relating to matters which constitute "a foreign affairs function of the United States."

The United States remains committed to finding a solution concerning Categories 351/651. Should such a solution be reached in consultations with the Government of Costa Rica, further notice will be published in the **Federal Register**.

A description of the textile and apparel categories in terms of HTS numbers is available in the CORRELATION: Textile and Apparel Categories with the Harmonized Tariff Schedule of the United States (see **Federal Register** notice 59 FR 65531, published on December 20, 1994).

Rita D. Hayes,

Chairman, Committee for the Implementation of Textile Agreements.

Summary Statement of Serious Damage Cotton and Manmade Fiber Pajamas and Other Nightwear—Category 351/651 June 1995

The initial determination of serious damage, or actual threat thereof, to the U.S. industry producing cotton and manmade fiber pajamas and other nightwear, Category 351/651, was made in March 1995. Pursuant to Article 6, paragraph 5, of the Agreement on Textiles and Clothing, the March 1995 statement of serious damage, or actual threat thereof, for cotton and manmade fiber pajamas and other nightwear, Category 351/651, is herein updated to include Costa Rica to which serious damage, or actual threat thereof, is attributed.

At the time of the initial determination of serious damage, or actual threat thereof, imports from Costa Rica were down. Imports from Costa Rica are now surging, increasing 17 percent for the year ending March 1995 when compared with the same period in a year earlier, and are up 129 percent during the first quarter of 1995 when compared with the same period in 1994.

Serious damage, or actual threat thereof, to the domestic industry resulting from the sharp and substantial increase in imports of cotton and manmade fiber pajamas and other nightwear is attributed to imports from Jamaica, El Salvador, Costa Rica, and Honduras. The combination of surging imports and low priced goods from these countries have resulted in loss of domestic output, market share, investment, employment, man-hours worked, and total annual wages.

Total imports from these countries increased from 377,536 dozen in 1992 to 1,014,361 dozen in 1994, a sharp and substantial increase of 169 percent. During the year ending March 1995 imports from these countries increased 52 percent when compared with the same period a year earlier. Together their year ending March 1995 imports were 9.1 percent of total Category 351/651 imports and were 9.9 of total U.S. production of Category 351/651 in calendar year 1994.
