BILLING CODE 3510-25-P

**COMMODITY FUTURES TRADING COMMISSION**

**Public Information Collection Requirement Submitted to Office of Management and Budget for Review**

**AGENCY:** Commodity Futures Trading Commission.

**ACTION:** Notice of information collection.

**SUMMARY:** The Commodity Futures Trading Commission has submitted information collection 3038-0026, Gross Margining of Omnibus Accounts, to OMB for review and clearance under the Paperwork Reduction Act of 1980, Pub. L. 96-511. A carrying futures commission merchant ("FCM") is required to maintain a written representation from the originating FCM if it allows a person trading through an omnibus account to margin positions in the account at a lower than normal level because a spread or hedge position is involved.

**ADDRESSES:** Persons wishing to comment on this information collection should contact Jeff Hill, Office of

Management and Budget, Room 3228, NEOB, Washington, DC 20502, (202) 395-7340. Copies of the submission are available from Joe F. Mink, Agency Clearance Officer, (202) 254-9735.

Title: Gross Margining of Omnibus Accounts

Control Number: 3038-0026

Action: Extension

Respondents: Businesses (excluding small businesses)

Estimated Annual Burden: 500 total hours

| Respondents                        | Regulation (17 CFR) | Estimated number of respondents | Annual responses | Estimated average hours per response |
|------------------------------------|---------------------|---------------------------------|------------------|--------------------------------------|

[Docket No. RP95-395-000]

**Williams Natural Gas Company v. Kansas Natural Partnership, et al.; Notice of Complaint**

July 28, 1995.

Take notice that on July 21, 1995, Williams Natural Gas Company (Williams) filed with the Commission a complaint pursuant to Rule 206(a) of the Commission's Rules of Practice and Procedure against the above-captioned natural gas pipeline entities, that are owned by the Bishop Group.<sup>1</sup> Williams is an interstate natural gas company that competes with the Bishop Group companies. KansOK Partnership is regulated as an intrastate pipeline in Oklahoma; Kansas Pipeline Partnership and Kansas Natural Partnership are regulated as intrastate pipelines in Kansas; and Riverside Pipeline

Company, L.P. is regulated as an interstate pipeline. Kansas Pipeline Operating Company operates these four pipelines.

Williams alleges that the four pipelines owned by the Bishop Group collectively constitute an interstate pipeline system, and should be subject to the Commission's jurisdiction under the Natural Gas Act. Williams requests that the Commission issue an order: (1) Declaring that the Bishop Group constitutes a single interstate pipeline system; (2) requiring respondents to promptly obtain all required Commission certificates and tariff approvals; (3) withdrawing any certificates that were issued to the Bishop Group on the assumption that its pipelines would continue to operate as bona fide intrastate systems; (4) requiring respondents to comply with all Commission regulations, including Order No. 636; (5) requiring the respondents to refrain from constructing new interstate facilities without Commission approval; (6) requiring respondents to refrain from imposing any direct bills or rate increases without Commission approval; and (7) taking such other action as the Commission deems appropriate.

Williams alleges that the Bishop Group plans to construct a pipeline, to be known as "Linchpin 2", which would connect its existing facilities with Panhandle Eastern Pipeline
