Approval and Promulgation of Air Quality Implementation Plans: Designation of Areas for Air Quality Planning Purposes; Redesignation of the Greenbrier County, West Virginia Ozone Nonattainment Area to Attainment and Approval of the Area’s Maintenance Plan and Emissions Inventory

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve the State Implementation Plan (SIP) revisions submitted by the State of West Virginia for the purpose of establishing a 1990 base year ozone inventory and a maintenance plan for the Greenbrier County ozone nonattainment area. EPA is also proposing to approve the request submitted by the State of West Virginia to redesignate the Greenbrier County area to attainment of the National Ambient Air Quality Standard (NAAQS) for ozone. In the Final Rules section of this Federal Register, EPA is approving the State’s SIP revision and redesignation request as a direct final rule without prior proposal because the Agency views this as a noncontroversial SIP revision and anticipates no adverse comments. A detailed rationale for the approval is set forth in the Technical Support Document (TSD) that has been prepared by EPA on these rulemaking actions. The TSD is available for public inspection at the EPA Regional office listed in the ADDRESSES section of this notice. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

DATES: Comments must be received in writing by September 5, 1995.

ADDRESSES: Written comments on this action should be addressed to Marcia L. Clean Air Act Interim Approval of Operating Permits Program; Texas Natural Resource Conservation Commission Extension of Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; extension of the comment period.

SUMMARY: EPA is extending the comment period for a proposed rule published June 7, 1995 (60 FR 30037). On June 7, 1995, EPA proposed interim approval of the operating permits program submitted by the State of Texas. EPA received a letter from the Texas Title V Planning Committee as well as a verbal request from Texas Title V Operating Permits Program submitted by the State of Texas. EPA received a letter from the Texas Title V Planning Committee as well as a verbal request from Texas Title V Planning Committee requesting a 90 day extension of the public comment period. Therefore, EPA is extending the comment period until October 5, 1995.

DATES: Comments must be received in writing on or before October 5, 1995.

ADDRESSES: Written comments on this action should be addressed to Ms. Jole C. Luehrs, Chief, New Source Review Section, at the EPA, Region 6, Air Programs Branch (6T–AN), 1445 Ross Avenue, Suite 700, Dallas, Texas 75202–2733.

FEDERAL EMERGENCY 
MANAGEMENT AGENCY

44 CFR Part 67
[Docket No. FEMA–7140]

Proposed Flood Elevation 
Determination

AGENCY: Federal Emergency 
Management Agency, FEMA.

ACTION: Proposed rule.

SUMMARY: Technical information or 
comments are requested on the 
proposed base (1% annual chance) flood 
elevations and proposed base flood 
elevation modifications for the 
communities listed below. The base 
levels are the basis for the 
floodplain management measures that 
the community is required to 
adopt or to show evidence of being 
ready in effect in order to qualify or 
remain qualified for participation in the 
National Flood Insurance Program 
(NFIP).

DATES: The comment period is ninety 
(90) days following the second 
publication of this proposed rule in a 
newspaper of local circulation in each 
community.

ADDRESSES: The proposed base flood 
elevations for each community are 
available for inspection at the office of 
the Chief Executive Officer of each 
community. The respective addresses 
are listed in the following table.

FOR FURTHER INFORMATION CONTACT: 
Michael K. Buckley, P.E., Chief, Hazard 
Identification Branch, Mitigation 
Directorate, 500 C Street, SW., 
Washington, DC 20472, (202) 646–2756.

SUPPLEMENTARY INFORMATION: The 
Federal Emergency Management Agency 
(FEMA or Agency) proposes to make 
determinations of base flood elevations and 
modified base flood elevations for each 
community listed below, in 
accordance with section 110 of the 
Flood Disaster Protection Act of 1973, 

These proposed base flood and 
modified base flood elevations, together 
with the floodplain management criteria 
required by 44 CFR 60.3, are the 
minimum that are required. They 
should not be construed to mean that the 
community must change any 
elevations for existing ordinances that are 
more stringent in their floodplain 
management requirements. The 
community may at any time enact 
stricter requirements of its own, or 
prospective to policies established by other 
Federal, state or regional entities. These 
proposed elevations are used to meet the 
floodplain management 
requirements of the NFIP and are also 
used to calculate the appropriate flood 
insurance premium rates for new 
buildings built after these elevations are made 
final, and for the contents in these 
buildings. 

National Environmental Policy Act 

This proposed rule is categorically 
excluded from the requirements of 44 CFR Part 10, Environmental 
Consideration. No environmental 
impact assessment has been prepared.

Regulatory Flexibility Act 

The Associate Director, Mitigation 
Directorate, certifies that this proposed rule is exempt from the requirements of the 
Regulatory Flexibility Act because 
proposed or modified base flood 
elevations are required by the Flood 
Disaster Protection Act of 1973, 42 U.S.C. 4104, and 
are required to be 
established and maintained by communities 
that are eligible in the National Flood 
Insurance Program. As a result, a 
regulatory flexibility analysis has not 
been prepared.

Regulatory Classification 

This proposed rule is not a significant 
regulatory action under the criteria of 
section 3(f) of Executive Order 12866 of 
September 30, 1993, Regulatory 
Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism 

This proposed rule involves no 
policies that have federalism 
implications under Executive Order 
12612, Federalism, dated October 26, 
1987.

Executive Order 12778, Civil Justice 
Reform 

This proposed rule meets the 
applicable standards of section 2(b)(2) of 
Executive Order 12778.

List of Subjects in 44 CFR Part 67
