DOMAC states that the purpose of this filing is to modify DOMAC's current rate caps to reflect the changed structure of the pipeline industry. Specifically, DOMAC proposes to replace the commodity rate caps in Rate Schedules FVSS, FLSS, FCSS and ISS with new commodity rate caps that reflect (i) the price of gas in the U.S. Gulf Coast supply region; (ii) the commodity cost of transporting that gas to New England; and (iii) the unused portion of the call payment rate cap. DOMAC also states that it proposes to replace the call payment rate cap in Rate Schedule FLSS with the identical call payment rate cap in Rate Schedule FVSS and to replace the commodity rate cap in Rate Schedule ISS with a new rate cap to reflect the 100% load factor equivalent of the rate caps in Rate Schedule FVSS and FLSS.
