

Seminole has provided RUS with a Site Certification Application/Environmental Analysis for Hardee Unit 3 which is the primary support document used by RUS to develop its FSEIS. RUS has concluded that the Site Certification Application/Environmental Analysis for Hardee Unit 3 represents an accurate assessment of the potential environmental impacts related to the proposed project. The Hardee Unit 3 Site Certification Application/Environmental Analysis has been incorporated by reference into the FSEIS and is available for inspection by interested parties at RUS or Seminole at the addresses provided in this notice. That document, along with the FSEIS, will also be available for review at the following libraries:

Bartow Public Library, 315 E. Parker Street, Bartow, Florida 33830.  
Hardee County Library, 315 N. 6th Avenue, Suite 114, Wauchula, Florida 33837.

Notice of availability of the FSEIS and the 30-day comment period is being published in the **Federal Register** by RUS and EPA. Seminole will have a notice similar to this one published in newspapers of general circulation in Polk and Hardee Counties. As it is possible that RUS, EPA, and Seminole's notices will not appear on the same date, the 30-day comment period will begin on the date the latest notice (RUS, EPA or Seminole's) is published. In no case would the 30-day comment period end prior to 30 days from the publication date of this notice. Questions concerning the closing date of the 30-day comment period can be referred to Mr. Lawrence Wolfe at (202) 720-1784.

Anyone wishing to comment on the FSEIS should do so in writing within the 30-day comment period to RUS at the address provided in this notice. All comments received during the comment period will be given consideration in the formulation of final determinations regarding RUS's action related to the Hardee Unit 3. Prior to taking its final action related to the Hardee Unit 3, RUS will prepare a Record of Decision. The availability of the Record of Decision will not be announced nor circulated as have the Draft Supplemental Environmental Impact Statement and the FSEIS. Anyone wishing a copy of RUS's Record of Decision for the project should notify RUS at the address provided in this notice.

### Antifriction Bearings From France; Notice of United States Court of International Trade Decision

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On July 5, 1995, in *SKF USA Inc. and SKF France, S.A., v. United States*, Slip Op. 95-123 (*SKF-France*), the United States Court of International Trade (CIT) affirmed the Department of Commerce's (the Department) redetermination on remand of the final results of the second administrative

review of the antidumping duty order on antifriction bearings (other than tapered roller bearings) and parts thereof from France, *et al.*, 57 FR 28360 (June 24, 1992) (*AFBs II*). The CIT had previously remanded the final results to the Department for the reconsideration of a number of issues for *SKF-France*. The CIT has now entered final judgment on all issues. The results covered the period May 1, 1990 through April 30, 1991.

**EFFECTIVE DATE:** July 15, 1995.

**FOR FURTHER INFORMATION CONTACT:** Dave Dirstine or Richard Rimlinger, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230, telephone: (202) 482-4733.

#### SUPPLEMENTARY INFORMATION:

##### Background

On January 20, 1995, the CIT in *SKF-France*, Slip Op. 95-123, remanded *AFBs II* to the Department to (1) include in the Department's circumstance-of-sale adjustment "first level" indirect selling expenses (these are expenses incurred by the SKF manufacturers on sales to SOS, a related distributor, that relate to SOS's sales of subject merchandise to unrelated customers) incurred by SKF affiliated manufacturers Sarma, ADR, and SKF France, S.A. (collectively known as "SKF"); (2) reduce the amount of the home market indirect selling expense adjustment only for expenses incurred by SKF which do not relate to SOS's sales of subject merchandise to unrelated customers; and (3) apply the U.S. inland insurance rate to inventory value instead of to unit price. The Department submitted its results of redetermination pursuant to this remand order on April 25, 1995. On July 5, 1995, in *SKF-France*, the CIT affirmed the Department's results of remand and entered final judgment on all issues.

In its decision in *Timken Co. v. United States*, 893 F.2d 337 (Fed. Cir. 1990) (*Timken*), the United States Court of Appeals for the Federal Circuit held that, pursuant to 19 U.S.C. 1516a(e), the Department must publish a notice of a court decision which is not "in harmony" with a Department determination, and must suspend liquidation of entries pending a "conclusive" court decision. The CIT's decision on July 5, 1995, constitutes a decision not in harmony with the Department's final results. Publication of this notice fulfills this obligation.

Pursuant to the decision in *Timken*, the Department must continue the
