Emergency Closure of Public Lands; California

AGENCY: Bureau of Land Management, Department of Interior.

ACTION: This notice shall amend the original closure order, for the Ord Mountain area, to optimize public opportunity for outdoor recreation, hunting and camping purposes. This amendment also clarifies and further defines the areas within the closure area available for public camping and parking.

SUMMARY: In accordance with title 43, Code of Federal Regulations 8341.2, notice is hereby given that all lands described below, administered by the

Bureau of Land Management (BLM) have been closed to all motorized vehicle use, as amended herein; except for BLM operation and maintenance vehicles, law enforcement vehicles and other vehicles specifically authorized by an authorized officer of the Bureau of Land Management; and except for the authorized routes, as amended herein, administered by the BLM which are identified below, which will be signed open. This closure affects ALL of the public lands, from the powerline road southeast of Barstow (south of the Nebo Marine Base), east to Camprock road, south to Northside road (Lucerne Valley), bordered by State route 247 to the west.

Routes

The open routes of travel have been modified to optimize opportunity for outdoor recreation purposes. A map of the open route network is available from the Bureau of Land Management, 150 Coolwater Lane, Barstow, CA 92311, (619) 255-8760.

Signing

Within the closure area, segments of the authorized route network will be signed as OPEN ROUTES. To reduce public confusion, routes closed by this order which appear on the current Desert Access Guides as open routes will be signed as CLOSED ROUTES where they intersect with segments of the authorized route network. CLOSED ROUTE signs may also be used at locations where use patterns show considerable public confusion. All routes not signed are to be considered closed. Visitors to this area must restrict their motor vehicle use to the authorized route network.

Private Lands

This order is in no way intended to affect the rights of private land owners, or their interests within the closure area, with respect to private lands. Further, this order does not infer any Bureau of

Land Management jurisdiction over private lands, within the closure area.

Camping

Camping, staging and parking is prohibited within the Cinnamon Hills habitat restoration area. This area has been identified for intensive biological restoration. The no camping zone is clearly marked on the official map, and is located within the area bounded by Northside Road, Camprock Road, and portions of route OM-10, route OM-30 and route OM-7.

In the remainder of the closure area, camping, parking and staging may occur in a previously disturbed area within fifty feet of the edge, of any portion of the authorized route network, upon lands managed by the Bureau of Land Management. Use of private lands for this purpose requires land owner permission.

SUPPLEMENTARY INFORMATION: This closure, as modified herein, is required to mitigate the impacts of unregulated street-legal and non-street legal motorized use in a class "L" limited use area as designated in the California Desert District Conservation Area Plan (1980), as amended. This area is important to wildlife including upland game birds, desert tortoise habitat, and the desert tortoise, a threatened species (listed in 1989 as endangered, downgraded to threatened in 1990). This area is impacted by the neighboring Stoddard Valley Off-Highway Vehicle Area and Johnson Valley Off-Highway Vehicle Area. Route proliferation is occurring within the area and is impacting the habitat of the desert tortoise. This closure will allow for permitted use, including but not limited to grazing, recreation and mining. This closure does not affect public access by non-motorized means. **PENALTIES:** Failure to comply with this closure is punishable by a fine not to exceed \$100,000 and/or imprisonment not to exceed 12 months.
