

2. *The date an application was initially submitted with respect to the device under section 515 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360e):* February 20, 1992. The applicant claims November 19, 1991, as the date the premarket approval application (PMA) for Excimed™ UV200LA/SVS APEX Excimer Laser Systems was initially submitted. However, FDA records indicate that PMA P910067 submitted on November 19, 1991, was incomplete. FDA refused this application and notified the applicant of this fact by letter dated February 7, 1992. The completed PMA was then submitted on February 20, 1992, which is considered to be the PMA initially submitted date.

3. *The date the application was approved:* March 10, 1995. FDA has verified the applicant's claim that PMA P910067 was approved on March 10, 1995.

This determination of the regulatory review period establishes the maximum potential length of a patent extension. However, the U.S. Patent and Trademark Office applies several statutory limitations in its calculations of the actual period for patent extension. In its application for patent extension, this applicant seeks 609 days of patent term extension.

Anyone with knowledge that any of the dates as published is incorrect may, on or before October 6, 1995, submit to the Dockets Management Branch (address above) written comments and ask for a redetermination. Furthermore, any interested person may petition FDA, on or before February 15, 1996, for a determination regarding whether the applicant for extension acted with due diligence during the regulatory review period. To meet its burden, the petition must contain sufficient facts to merit an FDA investigation. (See H. Rept. 857, part 1, 98th Cong., 2d sess., pp. 41-42, 1984.) Petitions should be in the format specified in 21 CFR 10.30.

Comments and petitions should be submitted to the Dockets Management Branch (address above) in three copies (except that individuals may submit single copies) and identified with the docket number found in brackets in the heading of this document. Comments and petitions may be seen in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.
