[Project No. 1051-008 Alaska]

Alaska Power & Telephone Co.; Notice of Availability of Environmental Assessment

August 2, 1995.

An environmental assessment (EA) is available for public review. The EA reviews an application to amend the Skagway Dewey Lakes Hydroelectric Project. The project's description would be amended to show current project features. The EA also reviews plans to repair Dewey Reservoir Dam which requires lowering Dewey Reservoir Lake for about one month. The EA finds that approving the application would not constitute a major Federal action significantly affecting the quality of the human environment. The Skagway Dewey Lakes Hydroelectric Project is located on Reid Falls, Dewey Creek, Icy Creek, and Snyder Creek near the City of Skagway, Alaska.

The EA was written by staff in the Office of Hydropower Licensing, Federal Energy Regulatory Commission. Copies of the EA can be viewed at the Commission's Reference and Information Center, room 3308, 941 North Capitol Street, NE., Washington, DC 20426.

BILLING CODE 6717-01-M

[Docket No. RP95-408-000]

Columbia Gas Transmission Corporation; Notice of Proposed Changes in FERC Gas Tariff

August 2, 1995.

Take notice that on August 1, 1995, Columbia Gas Transmission Corporation (Columbia), pursuant to Section 4 of the Natural Gas Act (NGA) and Section 154.63 of the Commission's Rules and Regulations thereunder, tendered for filing revised tariff sheets containing proposed changes to its FERC Gas Tariff, Second Revised Volume No. 1 and Original Volume No. 2 as set forth on Appendices A, B, and C, attached to the filing, to be effective as discussed below. Columbia states that the proposed changes in the Appendix A tariff sheets would increase revenues by approximately \$147 million based on the 12-month period ending April 30, 1995, adjusted for known and measurable changes anticipated to occur on or before January 31, 1996.

Columbia states that the tariff sheets identified in Appendix A bear an issue date of August 1, 1995, and a proposed effective date of September 1, 1995. Columbia anticipates that the Appendix A tariff sheets will be suspended by the Commission for the full 12 months permitted by the NGA and moved into effect as of February 1, 1996. These tariff sheets reflect a general increase in rates based upon an updated cost of service and billing determinants. This cost of service reflects increases in operation and maintenance costs, revised depreciation rates, and additions to rate base since Columbia's last general rate case. Columbia is also proposing an electric power costs tracking mechanism, a mechanism for recovery of its stranded investment in gathering and products extraction facilities, and has developed unbundled gathering and products extraction rates.

Columbia states that the tariff sheets identified in Appendix B also bear an issue date of August 1, 1995, and a proposed effective date of September 1, 1995. With regard to the Appendix B tariff sheets, however, Columbia is requesting the Commission grant any necessary waivers so that they may become effective on September 1, 1995. These tariff sheets contain clarifications and corrections as well as changes intended to address inadequacies in certain provisions in Columbia's Rate Schedules and General Terms and Conditions including Sections 4, 6, 7, 14, 16, 18, 19, 35 and 36 of the General Terms and Conditions, and the FSS, IPP and SIT Rate Schedules. Columbia is also proposing a new emergency

interruption provision to provide relief from interruption for customers with high-priority needs in emergency situations.

Columbia also states that the Appendix C tariff sheets are pro forma tariff sheets that propose market-based rates for short-term firm transportation services, interruptible transportation and storage services, and temporary capacity release transactions.

Columbia requests that the Commission set these tariff sheets for hearing along with the other issues that may be set for hearing as a result of this filing. Unless otherwise resolved as part of this proceeding, Columbia will not propose to move these tariff sheets into effect prior to the date of a final Commission order in Docket No. RM95-6.

Columbia states that its proposals are more fully described in the filing and supported by Statement P testimony to be filed.

Columbia states that a copy of the filing is being served on all of its firm customers and interested State Commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. All such motions or protests should be filed on or before August 9, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of Columbia's filing are on file with the Commission and are available for public inspection.

Frontier Gas Storage Company; Notice of Sale Pursuant to Settlement Agreement

Editorial Note: This document was inadvertently omitted from the issue of July 25, 1995. It is published at the request of the agency.

July 19, 1995.

Take notice that on July 13, 1995, Frontier Gas Storage Company (Frontier), c/o Reid & Priest, Market Square, 701 Pennsylvania Avenue NW.,

Suite 800, Washington, DC 20004, in compliance with the provisions of the Commission's February 13, 1985, Order in Docket No. CP82-487-000, *et al.*, submitted an executed Service Agreement under Rate Schedule LVS-1 providing for the possible sale of 100,000 MMBtu of frontier's gas storage inventory on an "in place" basis to The Western Sugar Company.

Under Subpart (b) of Ordering Paragraph (G) of the Commission's February 13, 1985, Order, Frontier is "authorized to consummate the proposed sale in place unless the Commission issues an order within 20 days after expiration of such notice period either directing that the sale not take place and setting it for hearing or permitting the sale to go forward and establishing other procedures for resolving the matter. Deliveries of gas sold in place shall be made pursuant to a schedule to be set forth in an exhibit to the executed service agreement."

Any person desiring to be heard or to make a protest with reference to said filing should, within 10 days of the publication of such notice in the **Federal Register**, file with the Federal Energy Regulatory Commission (825 North Capitol Street NE., Washington, DC 20426) a motion to intervene or protest in accordance with the requirements of the Commission's Rules of Practice and Procedure, 18 CFR 385.214 or 385.211. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

[Docket Nos. RP95-406-000]

Iroquois Gas Transmission System, L.P.; Notice of Proposed Change in FERC Gas Tariff

August 2, 1995.

Take notice that on July 31, 1995, Iroquois Gas Transmission System, L.P. (Iroquois) tendered for filing to become part of its FERC Gas Tariff, First Revised Volume No. 1 the following revised tariff sheets:

First Original Sheet No. 86 Original Sheet No. 86A

The proposed effective date for the tariff revision is July 31, 1995.

Iroquois states that the proposed tariff revision would obligate Iroquois to

refund demand charges collected from firm shippers on days in which service is interrupted, if and to the extent Iroquois is reimbursed through insurance proceeds and the shipper is not recompensed through other primary insurance. Iroquois states that the revised tariff provision reflects an extension of its insurance coverage as contemplated by Article 5.3 of the March 30, 1995 Stipulation and Agreement approved in Iroquois' Docket Nos. RP94-72-000, *et al.*

Iroquois states that copies of its filing were served on all affected customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with 18 CFR 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests should be filed on or before August 9, 1995.

Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make any protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Koch Gateway Pipeline Company; Notice of Petition for Waiver of Regulations

August 2, 1995.

Take notice that on July 27, 1995, Koch Gateway Pipeline Company, (Koch Gateway) tendered for filing a petition for a limited waiver of Section 154.16 of the Commission's Regulations and Rule 2010 of the Commission's Rules of Practice and Procedure so as to permit Koch Gateway to serve an abbreviated copy of future tariff filings made by Koch Gateway on customers that so elect.

Koch Gateway states that many customers find the exhaustive detail and voluminous paperwork, which accompanies such filings, burdensome and of limited interest to them. As a result, so that customers can more effectively manage the inflow of filings and reduce the volume of undesired paper received, Koch Gateway requests
