Mississippi River Transmission Corporation; Notice of Proposed Changes in FERC Tariff

August 2, 1995.

Take notice that on July 28, 1995, Mississippi River Transmission Corporation (MRT) tendered for filing to become part of its FERC Gas Tariff, Third Revised Volume No. 1, the following tariff sheets:

Twelfth Revised Sheet No. 5
Twelfth Revised Sheet No. 6

MRT states that the purpose of this filing is to adjust its rates to reflect additional Gas Supply Realignment Costs (GSRC) of \$1,200,000, plus applicable interest, pursuant to Section 16.3 of the General Terms and Conditions of MRT's Tariff. MRT states that its filing includes the GSRC Buyout/Buydown costs incurred during the period June 15, 1995 through July 21, 1995.

MRT requests an effective date of August 1, 1995, for these tariff sheets.

MRT states that copies of its filing have been mailed to all of its affected

customers and the State Commissions of Arkansas, Missouri and Illinois.

Any person desiring to be heard or to protest the subject filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules of Practice and Procedure (18 C*FR 385.211 and 385.214). All such motions and protests should be filed on or before August 9, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and available for public inspection.

BILLING CODE 6717-01-M

[Docket No. RP95-407-000]

Questar Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

August 2, 1995.

Take notice that on July 31, 1995, Questar Pipeline Company (Questar), tendered for filing and acceptance tariff sheets to First Revised Volume No. 1 and Original Volume No. 3 of its FERC Gas Tariff to implement revised base rates for jurisdictional transportation and storage services, to become effective September 1, 1995.

Questar states that the proposed changes would increase revenues from jurisdictional transportation and storage service by \$23.3 million based on the 12-month period ended March 31, 1995, as adjusted. Questar tendered for filing and acceptance the following tariff sheets:

Primary Tariff Sheets

First Revised Volume No. 1
Original Sheet Nos. 98A, 98B and 99
First Revised Sheet Nos. 7, 13, 92A and 98
Second Revised Sheet Nos. 14 and 92
Third Revised Sheet Nos. 6A and 40
Fifth Revised Sheet Nos. 5 and 6
Original Volume No. 3
Fifteenth Revised Sheet No. 8
Alternate Tariff Sheets
Alternate Fifth Revised Sheet No. 5
Fifth Revised Sheet No. 5A

Concurrent with this filing to increase rates for transmission and storage services, Questar has filed a request with the Commission to "spin down" its current gathering operations to a wholly

owned subsidiary, Questar Gas Management Company (QGM), effective January 1, 1996. This would be effected by a transfer of the facilities that Questar currently uses to provide gathering services and the corresponding termination of any gathering service obligation of Questar. In addition, QGM is requesting a declaratory order from the Commission declaring that the facilities to be transferred to QGM are non-jurisdictional gathering facilities and that QGM is not subject to FERC jurisdiction.

The proposed tariff sheets in this filing do not contain any stated rates for gathering, as Questar will not be providing gathering service after December 31, 1995, if the Commission approves the gathering-transfer requests sought by Questar and QGM. For this reason, it is important that rates in this proceeding be made effective no later than January 1, 1996.

Questar states that the primary reasons for the proposed change is to incorporate into base rates (1) the transition costs associated with its Order No. 636 restructuring in Docket No. RS92-9, (2) the elimination of Questar's 90/10 interruptible transportation revenue-crediting provision, (3) a rate of return on equity that more appropriately measures the cost of equity funds for a pipeline that faces the business risks attendant to today's competitive markets, (4) increased accruals associated with changes in financial accounting standards, (5) increased gas plant in service, (6) depreciation rates that better reflect the economic life of electronic flow measurement and computer equipment, (7) increased labor costs, (8) the reclassification of gathering and transmission facilities associated with the transfer of gathering facilities to QGM and (9) costs associated with certain certificated facilities that have been placed "at risk" by the Commission.

Questar states that copies of the proposed tariff sheets and the application letter describing the nature of the application were served upon the Company's jurisdictional customers (including customers receiving service under a capacity-release arrangement) and upon the Utah and Wyoming Public Service Commissions. The Company has offered to provide a complete set of supporting schedules, tables and testimony to such parties upon request.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Rules
