[PA 54-1-6941b; FRL-5256-8]

#### Approval and Promulgation of Air Quality Implementation Plans; Pennsylvania; Approval of Source-Specific VOC and NO<sub>x</sub> RACT and Synthetic Minor Permit Conditions

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the Commonwealth of Pennsylvania. This revision establishes and requires reasonably available control technology (RACT) on eight major sources and establishes permit conditions to limit one source's emissions to below major source levels. In the Final Rules section of this **Federal Register**, EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial SIP revision and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule and the accompanying technical support document. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a

second comment period on this action. Any parties interested in commenting on this action should do so at this time.

**DATES:** Comments must be received in writing by September 7, 1995.

**ADDRESSES:** Written comments on this action should be addressed to Marcia L. Spink, Associate Director, Air Programs, Mailcode 3AT00, U.S. Environmental Protection Agency, Region III, 841 Chestnut Building, Philadelphia, Pennsylvania 19107. #### Designation of Areas for Air Quality Planning Purposes; Correction of Designation of Nonclassified Ozone Nonattainment Areas; State of Michigan

**AGENCY:** United States Environmental Protection Agency (USEPA).

**ACTION:** Proposed rule.

**SUMMARY:** The USEPA proposes to correct erroneous ozone designations made in 1980 for the Allegan County (Allegan County), Barry County (Barry County), Battle Creek (Calhoun County), Benton Harbor (Berrien County), Branch County (Branch County), Cass County

Pursuant to section 110(k)(6) of the Act, which allows the USEPA to correct its actions, the USEPA is proposing to correct their designations to attainment/unclassifiable for ozone.

In the Final Rules Section of this **Federal Register**, the USEPA is correcting the designations in a direct final rule without prior proposal because the Agency views this as a noncontroversial action and anticipates no adverse comments. A detailed rationale for the correction is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If the USEPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. Please be aware that the USEPA will institute another comment period on this action only if warranted by significant revisions to the rulemaking based on any comments received in response to the direct final rule. Any parties interested in commenting on this notice should do so at this time.
