47 CFR Part 73

[MM Docket No. 95-92; DA 95-1711]

Review of the Commission's Regulations Governing Programming Practices of Broadcast Television Networks and Affiliates**AGENCY:** Federal Communications Commission.**ACTION:** Proposed rule; extension of comment period.

SUMMARY: The Commission granted a 30-day extension of time to file comments and reply comments in the above proceeding in response to a request filed by the Network Affiliated Stations Alliance for a 60-day extension. The rulemaking seeks comment on five Commission rules governing programming practices between networks and their affiliates. See *Notice of Proposed Rule Making* in MM Docket No. 95-92, FCC 95-254 (released June 15, 1995), 60 FR 35369 (July 7, 1995).

DATES: Comments are now due on September 28, 1995; reply comments are due October 27, 1995.

ADDRESSES: Federal Communications Commission, Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: Jane Hinckley Halprin ((202) 776-1653) or Robert Kieschnick ((202) 739-0764).

SUPPLEMENTARY INFORMATION:**Order Granting Extension of Time**

Adopted: August 2, 1995.
Released: August 3, 1995.

1. On June 15, 1995, the Commission initiated a rulemaking proceeding reexamining the Commission's rules governing programming practices of networks and their affiliates—specifically the right to reject rule, the time option rule, the exclusive affiliation rule, the dual network rule and the network territorial exclusivity rule. *Notice of Proposed Rule Making* in MM Docket No. 95-92, FCC 95-254 (released June 15, 1995), 60 FR 35369 (July 7, 1995). Comments were due August 28, 1995, and reply comments were due September 27, 1995.

2. On July 17, 1995, the Network Affiliated Stations Alliance (NASA) filed a motion seeking a 60-day extension of time to file comments and reply comments. NASA contends that additional time is necessary to compile the substantial economic data required to properly assess the rules at issue. Further, NASA submits that given the length of time these rules have been in place and the breadth of the proposals in the *Notice*, an extension of 60 days is reasonable.

3. As set forth in § 1.46 of the Commission's rules, 47 CFR 1.46, it is our policy that extensions of time for filing comments in rulemaking proceedings shall not be routinely granted. We do not agree that a 60-day extension is warranted in this case. We are persuaded by petitioner, however, that some extension of time is necessary to enable parties to carefully compile a complete record regarding the complex issues raised in this proceeding. We will therefore extend the comment and reply comment deadlines by 30 days.

4. Accordingly, it is ordered that the Motion for Extension of Time filed in MM Docket No. 95-92 by the Network Affiliated Stations Alliance is granted to the extent indicated above.

5. It is further ordered that the time for filing comments in the above-captioned proceeding is extended to September 28, 1995, and the time for filing reply comments is extended to October 27, 1995.

6. This action is taken pursuant to authority found in sections 4(i) and 303(r) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i) and 303(r), and §§ 0.204(b), 0.283, and 1.45 of the Commission's rules, 47 CFR 0.204(b), 0.283, and 1.45.
