

47 CFR Part 73

[MM Docket No. 95-92; DA 95-1711]

Review of the Commission's Regulations Governing Programming Practices of Broadcast Television Networks and Affiliates**AGENCY:** Federal Communications Commission.**ACTION:** Proposed rule; extension of comment period.

SUMMARY: The Commission granted a 30-day extension of time to file comments and reply comments in the above proceeding in response to a request filed by the Network Affiliated Stations Alliance for a 60-day extension. The rulemaking seeks comment on five Commission rules governing programming practices between networks and their affiliates. See *Notice of Proposed Rule Making* in MM Docket No. 95-92, FCC 95-254 (released June 15, 1995), 60 FR 35369 (July 7, 1995).

DATES: Comments are now due on September 28, 1995; reply comments are due October 27, 1995.

ADDRESSES: Federal Communications Commission, Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: Jane Hinckley Halprin ((202) 776-1653) or Robert Kieschnick ((202) 739-0764).

SUPPLEMENTARY INFORMATION:**Order Granting Extension of Time**

Adopted: August 2, 1995.
Released: August 3, 1995.

1. On June 15, 1995, the Commission initiated a rulemaking proceeding reexamining the Commission's rules governing programming practices of networks and their affiliates—specifically the right to reject rule, the time option rule, the exclusive affiliation rule, the dual network rule and the network territorial exclusivity rule. *Notice of Proposed Rule Making* in MM Docket No. 95-92, FCC 95-254 (released June 15, 1995), 60 FR 35369 (July 7, 1995). Comments were due August 28, 1995, and reply comments were due September 27, 1995.

2. On July 17, 1995, the Network Affiliated Stations Alliance (NASA) filed a motion seeking a 60-day extension of time to file comments and reply comments. NASA contends that additional time is necessary to compile the substantial economic data required to properly assess the rules at issue. Further, NASA submits that given the length of time these rules have been in place and the breadth of the proposals in the *Notice*, an extension of 60 days is reasonable.

3. As set forth in § 1.46 of the Commission's rules, 47 CFR 1.46, it is our policy that extensions of time for filing comments in rulemaking proceedings shall not be routinely granted. We do not agree that a 60-day extension is warranted in this case. We are persuaded by petitioner, however, that some extension of time is necessary to enable parties to carefully compile a complete record regarding the complex issues raised in this proceeding. We will therefore extend the comment and reply comment deadlines by 30 days.

4. Accordingly, it is ordered that the Motion for Extension of Time filed in MM Docket No. 95-92 by the Network Affiliated Stations Alliance is granted to the extent indicated above.

5. It is further ordered that the time for filing comments in the above-captioned proceeding is extended to September 28, 1995, and the time for filing reply comments is extended to October 27, 1995.

6. This action is taken pursuant to authority found in sections 4(i) and 303(r) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i) and 303(r), and §§ 0.204(b), 0.283, and 1.45 of the Commission's rules, 47 CFR 0.204(b), 0.283, and 1.45.

[I.D. 072895E]

The Snapper-Grouper Fishery and other Finfish Fisheries of the South Atlantic; Public Scoping Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public scoping meetings.

SUMMARY: The South Atlantic Fishery Management Council (Council) is holding public scoping meetings to solicit comments on: The sale of fish (all species) caught under the recreational bag limits established by the Council's fishery management plans (FMPs); and on the issue of recreational catch and the commercial bycatch of wreckfish under the FMP for the Snapper-Grouper Fishery of the South Atlantic. See the **SUPPLEMENTARY INFORMATION** section for additional information on the scoping meetings.

DATES: The public scoping meetings are scheduled to begin at 6:30 p.m. on

Monday, August 21, 1995, in Charleston, SC.

ADDRESSES: The public scoping meetings will be held in conjunction with the South Atlantic Council public meetings at the Town and Country Inn, 2008 Savannah Highway, Charleston, SC 29407; telephone (1-800) 334-6660.

Requests for copies of public scoping documents should be sent to the Council at the following address: South Atlantic Fishery Management Council, One Southpark Circle, Suite 306, Charleston, SC 29407-4699.

FOR FURTHER INFORMATION CONTACT: Robert K. Mahood, Council Executive Director; telephone: (803) 571-4366; fax: (803) 769-4520.

SUPPLEMENTARY INFORMATION: A public scoping meeting will be held to solicit comments on the sale of fish caught under the recreational bag limit (all species). The Council has considered this issue on numerous occasions over the past several years, and both commercial and recreational fishermen have expressed concerns about this matter. Currently, all of the Council's FMPs allow for the sale of fish taken under a legal bag limit. The issue regarding the sale of fish caught under bag limits involves several considerations including: (1) The definitions of recreational and commercial fishermen; (2) the ethical question of a "recreational" fisherman selling his catch; and (3) the impacts of selling fish caught under an FMP-established bag limit on an FMP-established commercial quota for the same species. The Council will consider prohibiting the sale of fish by recreational anglers. The Council is inviting and will consider the views of recreational and commercial fishermen and other interested persons on this matter prior to taking any formal and final action; the Council is particularly interested in hearing about the possible impacts of prohibiting the sale of recreationally-caught fish.

The Council will also hold a public scoping meeting to solicit comments on wreckfish caught by recreational fishermen and on the commercial bycatch of wreckfish outside of the Blake Plateau. Amendments 3 and 4 to the FMP for the Snapper-Grouper Fishery of the South Atlantic (Snapper-Grouper FMP) established a management program for wreckfish in the South Atlantic region. A regulatory adjustment framework measure was also included in the Snapper-Grouper FMP allowing the Council to set total allowable catch (TAC) each year and at the same time consider other management changes or options.
