SUPPLEMENTARY INFORMATION:

Background

The Corporation is a federal government corporation that engages Americans of all ages and backgrounds in community-based service. This service addresses the nation's education, public safety, human, and environmental needs to achieve direct

and demonstrable results. In doing so, the Corporation fosters civic responsibility, strengthens the ties that bind us together as a people, and provides educational opportunity for those who make a substantial commitment to service. Pursuant to the National and Community Service Act of 1990, as amended, the Corporation "may undertake activities to . . . support innovative and model programs." 42 U.S.C. 12653(b).

Programs funded under these grants are intended to be innovative and demonstrate ways a wide variety of Corporation-funded programs and other volunteer efforts can work together to increase their impact on local communities. Therefore, grants will not fund programs per se, but will support models of collaboration among existing service programs. Development of a proposal for funds under these guidelines will require existing programs to meet to plan joint activities, identify mutual needs and priorities and develop a collaborative structure.

Eligible Applicants

The application must represent a partnership that includes at least four eligible partners. One of the partners in the collaborations must be designated as the legal applicant. Eligible partners for the application include: AmeriCorps* State grantees and their operating or project sites; AmeriCorps* National grantees and their operating or project sites; AmeriCorps* NCCC; Learn and Serve America programs; AmeriCorps* VISTA program sponsors; and National Senior Service Corps program sponsors.

Eligible partners—those entities that are currently operating programs under a Corporation grant or entities sponsoring AmeriCorps* VISTA or National Senior Service Corps—are eligible to apply as the legal applicant. AmeriCorps* NCCC, while an eligible partner, cannot be the legal applicant, or the recipient of any of these funds.

Period of Support

Grants are made on an annual basis and may be renewed for up to two additional years based on performance and availability of funds.

Overview of Application Requirements

Application requirements will be set forth in detail in the application materials. Each applicant must submit one bound original and four (4) copies of the application package. The requirements will include a completed application form, a narrative section, an implementation timeline, budget information, certifications and

assurances pertaining to recipients of federal funding.

Application Review

Initially, all applications will be reviewed to confirm that the applicant is an eligible recipient and to ensure that the application complies with the application instructions and contains all the information required. The Corporation will assess applications based on the criteria listed below:

- (1) Program Design and Impact (50%)
- (2) Program Organizational Capacity (25%)
