Based on the results of the eighth review (4/1/91-3/31/92), the Department will instruct the Customs Service to collect cash deposits of estimated antidumping duties on all appropriate entries for Action, Proton, and Tatung in accordance with the procedures discussed in the final results of these reviews. Because AOC had no shipments during the eighth review, and has filed an appeal concerning the final results for the seventh review, the Department will make no changes to AOC's cash deposit rate at this time. These deposit requirements are effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice and shall remain in effect until publication of the final results of the next administrative review.

The Department will issue appraisal instructions directly to the Customs Service for each exporter.

This notice serves as a reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the review period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This amendment of final results of review and notice are in accordance with section 751(f) of the Tariff Act (19 U.S.C. 1673(d) and 19 CFR 353.28(c)).

Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

Background

On April 14, 1995, the Department of Commerce published in the **Federal Register** a notice of initiation of administrative review of the suspended countervailing duty investigation on gray portland cement and clinker from Venezuela (60 FR 19017) at the request of the Ad Hoc Committee of Florida Producers of Gray Portland Cement. This notice stated that we would review information submitted by the Government of Venezuela for the period January 1, 1994 through December 31, 1994. The Ad Hoc Committee of Florida Producers of Gray Portland Cement subsequently withdrew their request for review on July 5, 1995. Under § 355.22(a)(3) of the Department's regulations, a party requesting a review may withdraw that request no later than 90 days after the date of publication of the notice of initiation. Because the withdrawal by the Ad Hoc Committee of Florida Producers of Gray Portland Cement occurred within the time frame specified in 19 CFR 355.22(a)(3), and no other interested party has requested an administrative review for this period, the Department is now terminating this review.

This notice is published pursuant to § 355.22(a)(3) of the Department's regulations (19 CFR 355.22(a)(3)).

Dated: August 3, 1995.

Joseph A. Spetrini,
Deputy Assistant Secretary for Compliance.

Notice of Countervailing Duty Order: Oil Country Tubular Goods ("OCTG") From Italy

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: August 10, 1995.

FOR FURTHER INFORMATION CONTACT: Peter Wilkniss, Office of Countervailing Investigations, Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-0588.

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute and to the Department's regulations are in reference to the provisions as they existed on December 31, 1994.

Scope of Investigation and Order

In its final determination, the Department determined that oil country tubular goods (OCTG) comprised a single class or kind of merchandise. In its final determination, the International Trade Commission (ITC) found two like products:

(1) Drill pipe and (2) OCTG other than drill pipe (*i.e.*, casing and tubing). The ITC did not find material injury, or threat of material injury with regard to drill pipe. Consequently, the countervailing duty order covers only OCTG other than drill pipe.

The merchandise covered by this order are OCTG, hollow steel products of circular cross-section, including only oil well casing and tubing pipe, of iron (other than cast iron) or steel (both carbon and alloy), whether seamless or welded, whether or not conforming to American Petroleum Institute (API) or non-API specifications, whether finished or unfinished (including green tubes and limited service OCTG products). This scope does not cover casing or tubing pipe containing 10.5 percent or more of chromium, or drill pipe. The OCTG subject to this order are currently classified in the *Harmonized Tariff Schedule of the United States (HTSUS)* under item numbers:

7304.20.10.10, 7304.20.10.20, 7304.20.10.30, 7304.20.10.40, 7304.20.10.50, 7304.20.10.60, 7304.20.10.80, 7304.20.20.10, 7304.20.20.20, 7304.20.20.30, 7304.20.20.40, 7304.20.20.50, 7304.20.20.60, 7304.20.20.80, 7304.20.30.10, 7304.20.30.20, 7304.20.30.30, 7304.20.30.40, 7304.20.30.50, 7304.20.30.60, 7304.20.30.80, 7304.20.40.10,

Countervailing Duty Order

In accordance with section 705(a) of the Tariff Act of 1930, as amended (the Act) (19 U.S.C. 1671(a)), on June 19, 1995, the Department made its final determination that producers or exporters of OCTG in Italy receive benefits which constitute subsidies within the meaning of the countervailing duty law (60 FR 33577, June 28, 1995). On August 3, 1995, in accordance with section 705(d) of the Act, the U.S. International Trade Commission (ITC) notified the Department that imports of OCTG from Italy materially injure a U.S. industry. Therefore, in accordance with sections 706 and 751 of the Act (19 U.S.C. sections 1671e and 1675), the Department hereby directs United States Customs officers to assess, upon further advice by the administering authority pursuant to sections 706(a)(1) and 751 of the Act, countervailing duties equal to the amount of the estimated net subsidy on all entries of OCTG from Italy. These countervailing duties will be assessed on all unliquidated entries of OCTG from Italy entered, or withdrawn from warehouse, for consumption on or after December 2, 1994, the date on which the Department published its preliminary determination notice in the **Federal Register** (59 FR 61870), and before April 1, 1995, the date on which we instructed the U.S. Customs Service to discontinue the suspension of liquidation, and all entries and withdrawals for consumption made on or after the date of publication of this order in the

Federal Register. Entries of OCTG made on or after April 1, 1995, and prior to the date of publication of this order in the **Federal Register** are not subject to the assessment of countervailing duties since we cannot suspend liquidation of the subject merchandise, begun on December 2, 1994, for more than 120 days without the issuance of a final affirmative ITC injury determination.

On or after the date of publication of this notice in the **Federal Register**, U.S. Customs officers must require, at the same time as importers would normally deposit estimated duties of this merchandise, the following cash deposit for OCTG from Italy.

OCTG

Country-Wide *Ad Valorem* Rate 1.47 Percent.

This notice constitutes the countervailing duty order with respect to OCTG from Italy, pursuant to section 706 of the Act. Interested parties may contact the Central Records Unit, Room B-099 of the Main Commerce Building, for copies of an updated list of countervailing duty orders currently in effect. This order is published in accordance with section 706 of the Act and 19 CFR 355.21.

Dated: August 4, 1995.

Susan G. Esserman.

Assistant Secretary for Import Administration.
