Proton	4/1/89-3/31/90 ..	0.53

Based on the results of the eighth review (4/1/91-3/31/92), the Department will instruct the Customs Service to collect cash deposits of estimated antidumping duties on all appropriate entries for Action, Proton, and Tatung in accordance with the procedures discussed in the final results of these reviews. Because AOC had no shipments during the eighth review, and has filed an appeal concerning the final results for the seventh review, the Department will make no changes to AOC's cash deposit rate at this time. These deposit requirements are effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice and shall remain in effect until publication of the final results of the next administrative review.

The Department will issue appraisal instructions directly to the Customs Service for each exporter. This notice serves as a reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the review period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This amendment of final results of review and notice are in accordance with section 751(f) of the Tariff Act (19 U.S.C. 1673(d) and 19 CFR 353.28(c)).

Dated: August 4, 1995.

Susan G. Esserman,
Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

Background

On April 14, 1995, the Department of Commerce published in the **Federal Register** a notice of initiation of administrative review of the suspended countervailing duty investigation on gray portland cement and clinker from Venezuela (60 FR 19017) at the request of the Ad Hoc Committee of Florida Producers of Gray Portland Cement. This notice stated that we would review information submitted by the Government of Venezuela for the period January 1, 1994 through December 31, 1994. The Ad Hoc Committee of Florida Producers of Gray Portland Cement subsequently withdrew their request for review on July 5, 1995. Under § 355.22(a)(3) of the Department's regulations, a party requesting a review may withdraw that request no later than 90 days after the date of publication of the notice of initiation. Because the withdrawal by the Ad Hoc Committee of Florida Producers of Gray Portland Cement occurred within the time frame specified in 19 CFR 355.22(a)(3), and no other interested party has requested an administrative review for this period, the Department is now terminating this review.

This notice is published pursuant to § 355.22(a)(3) of the Department's regulations (19 CFR 355.22(a)(3)).

Dated: August 3, 1995.

Joseph A. Spetrini,
Deputy Assistant Secretary for Compliance.

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute and to the Department's regulations are in reference to the provisions as they existed on December 31, 1994.

Scope of Investigation and Order

In its final determination, the Department determined that oil country tubular goods (OCTG) comprised a single class or kind of merchandise. In its final determination, the International Trade Commission (ITC) found two like products:

(1) Drill pipe and (2) OCTG other than drill pipe (*i.e.*, casing and tubing). The ITC did not find material injury, or threat of material injury with regard to drill pipe. Consequently, the countervailing duty order covers only OCTG other than drill pipe.

The merchandise covered by this order are OCTG, hollow steel products of circular cross-section, including only oil well casing and tubing pipe, of iron (other than cast iron) or steel (both carbon and alloy), whether seamless or welded, whether or not conforming to American Petroleum Institute (API) or non-API specifications, whether finished or unfinished (including green tubes and limited service OCTG products). This scope does not cover casing or tubing pipe containing 10.5 percent or more of chromium, or drill pipe. The OCTG subject to this order are currently classified in the *Harmonized Tariff Schedule of the United States (HTSUS)* under item numbers:
