required by section 210 of the Reclamation Reform Act of 1982.'' Also, according to section 3405(e)(1), these criteria will be developed ''* * * with the purpose of promoting the highest level of water use efficiency reasonably achievable by project contractors using best available cost-effective technology and best management practices.''

The MP Criteria states that all parties (districts) that contract with Reclamation for water supplies (municipal and industrial contracts greater than 2,000 acre feet and agricultural contracts over 2,000 irrigable acres) will prepare water conservation plans which will be evaluated by Reclamation based on the following required information detailed in the steps listed below to develop, implement, monitor and update their water conservation plans. The steps are:

1. Coordinate with other agencies and the public.
2. Describe the district.
3. Inventory water resources.
4. Review the past water conservation plan and activities.
5. Identify best management practices to be implemented.
6. Develop schedules, budgets and projected results.
7. Review, evaluate, and adopt the water conservation plan.
8. Implement, monitor and update the water conservation plan.

The MP contractors listed below have developed water conservation plans which Reclamation has evaluated and preliminarily determined meet the requirements of the Criteria.

- Banta Carbona Irrigation District
- Carpinteria County Water District
- Central San Joaquin Water Conservation District
- Glide Water District
- Kanawha Water District
- Madera Irrigation District
- Mercy Springs Water District
- Montecito Water District
- Santa Barbara County Water Agency
- Shafter Wasco Irrigation District

Public comment on Reclamation's preliminary (i.e., draft) determinations at this time is invited. Copies of the plans listed above will be available for review at Reclamation's MP Regional Office and MP's area offices. If you wish to review a copy of the plans, please contact Ms. Goodman to find the office nearest you.

Dated: August 3, 1995.

Dan M. Fults,

Assistant Regional Director.

BILLING CODE 4310–94–M

Competitive Sale of Federal Land

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of realty action.

SUMMARY: The following described land has been identified for disposal under the Act of February 2, 1911 (36 Stat. 895, 43 U.S.C. Section 374), at no less than the appraised fair market value. The Bureau of Reclamation (Reclamation) will accept bids on the lands described below and will reject any bids for less than the appraised value.

DATES: Comments must be submitted on or before September 25, 1995.

Sealed bids will be accepted if received before 10 a.m., Pacific Daylight-Saving Time on October 19, 1995, at which time the sealed bids will be opened.

ADDRESSES: Interested parties may submit comments to the Regional Director, Mid-Pacific Regional Office, Bureau of Reclamation, 2800 Cottage Way, Sacramento, CA 95825-1898.

Sealed bids will be accepted at the Bureau of Reclamation, Lahontan Basin Area Office, 705 N. Plaza Street, Room 338, Carson City, Nevada 89701-4015. The sealed bid sale will be held at the Lahontan Basin Area Office.

FOR FURTHER INFORMATION CONTACT: Rochelle Ames, Realty Specialist, Lahontan Basin Area Office, 705 N. Plaza Street, Carson City, Nevada 89701–4015, telephone number (702) 884–8354.

SUPPLEMENTARY INFORMATION: A tract of land in the Southwest Quarter (SW¼) of Section 30, Township Nineteen 19 North, Range 29 East, Mount Diablo Base and Meridian, and County of Churchill, State of Nevada, containing an area of 6.353 acres, more or less. The street address of the property is 380 North Taylor Street, Fallon, Nevada 89406.

The tract will be subject to easements or rights-of-way existing or of record in favor of the public as to third parties.

The tract will be offered for sale through the competitive bidding process. The tract will be sold to the highest qualified bidder at no less than the appraised price of $290,600.00. Sealed bids will be accepted at the Lahontan Basin Area Office, if received before 10 a.m., Pacific Daylight-Saving Time on October 19, 1995. Reclamation may accept or reject any offers, or withdraw any land or interest in land for sale, if, in the opinion of the Authorized Officer, consummation of the sale would not be fully consistent with the Act of February 2, 1911 (36 Stat. 895, 43 U.S.C. Section 374), or other applicable laws. To promote full and free competition, a certificate of independent price determination must accompany each sealed bid included in the bid package. This can be obtained from the Lahontan Basin Area Office.

The tract is within the County of Churchill, State of Nevada. The tract has potential for various industrial or commercial uses. Current land use is for a rail freight loading facility and storage area. The sale is consistent with Reclamation land-use planning. It was decided that the public interest would best be served by offering this land for sale.

Resource clearances consistent with the National Environmental Policy Act requirements have been completed and approved. A Categorical Exclusion checklist has been completed and approved, and is available for public review at the Reclamation's, Lahontan Basin Area Office.

The quitclaim deed issued for the tract sold will be subject to any rights-of-way of record, any public road and utility easements identified by Churchill County, Nevada, if applicable, and a 10-year lease to the City of Fallon, Nevada, expiring January 31, 2000.

Any adverse comments will be evaluated by the Regional Director who may vacate or modify this Realty Action and issue a final determination. In the absence of any action by the Regional Director, this Realty Action will become the final determination of the Department of the Interior.

Dated: July 18, 1995.

Franklin E. Dimick,

Acting Regional Director.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731–TA–722]

Honey from the People's Republic of China

AGENCY: United States International Trade Commission.

ACTION: Suspension of investigation and cancellation of hearing.

SUMMARY: On August 3, 1995, the Department of Commerce (Commerce) notified the United States International Trade Commission (Commission) of the suspension of its antidumping investigation on honey from the People's Republic of China (China). The basis for the suspension is an agreement between Commerce and the Government

of China for the purpose of encouraging free and fair trade in honey, establishing more normal market relations, and preventing the suppression or undercutting of price levels of the domestic product. Pursuant to the agreement, the Government of China will restrict the volume and prices of direct or indirect exports to the United States of honey products from all Chinese producers/exporters, subject to the terms in the agreement. Accordingly, the Commission gives notice of the suspension of its antidumping investigation involving imports from China of honey, provided for in heading 0409 and subheadings 1702.90.54, 1702.90.58, 2106.90.68, 2106.90.72, 2106.90.89, and 2106.90.91 of the Harmonized Tariff Schedule of the United States. The Commission also gives notice of the cancellation of the hearing scheduled in connection with this investigation.

EFFECTIVE DATE: August 2, 1995.

FOR FURTHER INFORMATION CONTACT: Mary Messer (202–205–3193), Office of Investigations, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436. Hearing-impaired individuals are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. Information can also be obtained by calling the Office of Investigations' remote bulletin board system for personal computers at 202–205–1895 (N,8,1).

Authority: This investigation is being suspended under authority of § 734(f)(1)(B) of the Tariff Act of 1930. This notice is published pursuant to section 207.40 of the Commission's rules (19 CFR 207.40).

Issued: August 8, 1995.

By order of the Commission.

Donna R. Koehnke,

Secretary.

BILLING CODE 7020–02–P

INTERSTATE COMMERCE COMMISSION

[Finance Docket No. 32547]

The Kansas City Southern Railway Co.—Construction and Operation Exemption—To Exxon Corporation's Plastics Plant near Baton Rouge and Baker, LA

The Kansas City Southern Railway Company (KCS) has petitioned the Interstate Commerce Commission (Commission) for authority to construct and operate a 0.31 mile rail line near Baton Rouge and Baker, Louisiana. The Commission's Section of Environmental Analysis (SEA) has prepared an Environmental Assessment (EA). Based on the information provided and the environmental analysis conducted to date, this EA concludes that this proposal should not significantly affect the quality of the human environment if the recommended mitigation measures set forth in the EA are implemented. Accordingly, SEA preliminarily recommends that the Commission impose on any decision approving the proposed construction and operation conditions requiring Kansas City Southern Railway Company to implement the mitigation contained in the EA. The EA will be served on all parties of record as well as all appropriate Federal, state and local officials and will be made available to the public upon request. SEA will consider all comments received in response to the EA in making its final environmental recommendations to the Commission. The Commission will then consider SEA's final recommendations and the environmental record in making its final decision in this proceeding.

Comments (an original and 10 copies) and any questions regarding this Environmental Assessment should be filed with the Commission's Section of Environmental Analysis, Office of Economic and Environmental Analysis, Room 3219, Interstate Commerce Commission, Washington, D.C. 20423, to the attention of Michael Dalton (202) 927–6202. Requests for copies of the EA should also be directed to Mr. Dalton.

Date made available to the public: August 11, 1995.

Comment due date: September 11, 1995.

By the Commission, Elaine K. Kaiser, Chief, Section of Environmental Analysis, Office of Economic and Environmental Analysis.

Vernon A. Williams,

Secretary.

BILLING CODE 7035–01–P

DEPARTMENT OF LABOR

Employment Standards Administration

Wage and Hour Division; Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR part 1, appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedeas decisions thereto, contain no expiration dates and are effective from their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29
