[Airspace Docket No. 95-ACE-8]

Change Time of Designation for Restricted Areas R-3601A and R-3601B, Brookville, KS

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action reduces the time of designation for Restricted Areas R-3601A and R-3601B, Brookville, KS. The Department of the Air Force has reviewed current requirements for these areas and determined that the current designated times may be reduced. This action increases the availability of restricted airspace for public use.

EFFECTIVE DATE: 0901 UTC, November 9, 1995.

SUPPLEMENTARY INFORMATION:

The Rule

This amendment to part 73 of the Federal Aviation Regulations amends the time of designation for Restricted Areas R-3601A and R-3601B. The time of designation for R-3601A and R-3601B are reduced from "Monday, Wednesday, Friday and Saturday, 0800 to 1800 local time; Tuesday and Thursday, 0800 to 2230 local time; other

times by NOTAM 24 hours in advance." to "Monday through Friday, 0900 to 1700 local time; other times by NOTAM 6 hours in advance." I find that notice and public procedure under 5 U.S.C. 553(b) are unnecessary because this action is a minor technical amendment in which the public would not be particularly interested. Section 73.36 of part 73 of the Federal Aviation Regulations was republished in FAA Order 7400.8B dated March 9, 1994.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The action reduces the restricted areas time of designation. In accordance with FAA Order 1050.1D, "Policies and Procedures for Considering Environmental Impacts," this action is not subject to environmental assessments and procedures and the National Environmental Policy Act.
