Industrial Nitrocellulose From the United Kingdom; Amendment of Final Results of Antidumping Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of amendment of final results of Antidumping Duty Administrative Review.

SUMMARY: We are amending our final results of administrative review of the antidumping duty order on industrial nitrocellulose (INC) from the United Kingdom published on December 28, 1994, to reflect the correction of a ministerial error made in the margin calculation in those final results. We are publishing this amendment to the final results in accordance with 19 CFR 353.28(c).

EFFECTIVE DATE: August 14, 1995.

FOR FURTHER INFORMATION CONTACT: Rebecca Trainor or Maureen Flannery of the Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington D.C. 20230; telephone (202) 482-4733.

SUPPLEMENTARY INFORMATION:

Background

The review covers one exporter, Imperial Chemical Industries PLC, and the period July 1, 1992 through June 30, 1993. The Department of Commerce (the Department) published the preliminary results on May 12, 1994 (59 FR 24684), and the final results on December 28, 1994 (59 FR 66902).

Scope of Review

This review covers shipments of INC from the United Kingdom. INC is a dry, white, amorphous synthetic chemical with a nitrogen content between 10.8 and 12.2 percent, which is produced from the reaction of cellulose with nitric acid. It is used as a film-former in coatings, lacquers, furniture finishes, and printing inks. INC is currently classifiable under Harmonized Tariff Schedule (HTS) item number 3912.20.00. The HTS subheading is provided for convenience and U.S. Customs Service purposes. The written

description remains dispositive. The scope of the antidumping order does not include explosive grade nitrocellulose, which has a nitrogen content of greater than 12.2 percent.

Amended Final Results

On January 4, 1995, the petitioner, the Aqualon Company, alleged that the Department had committed a ministerial error in calculating the final antidumping duty margin. The petitioner alleged that the Department had double-counted the home market commission offset. We have reviewed this allegation, and agree with petitioner. We have therefore amended our final results for this ministerial error.

Final Results of Review

Upon review of the allegation submitted, the Department has determined that the following margin exists for the period July 1, 1992 through June 30, 1993:

Manufacturer/exporter	Time period	Margin (per-cent)
Imperial Chemical Industries PLC	7/1/92-6/30/93	6.62

The Customs Service shall assess antidumping duties on all appropriate entries. Individual differences between U.S. price and foreign market value may vary from the percentage stated above. The Department will issue appraisal instructions directly to the Customs Service.

Furthermore, the following deposit requirements will be effective upon publication of this notice of amended final results of review for all shipments of INC from the United Kingdom entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(1) of the Tariff Act of 1930, as amended: (1) The cash deposit rate for the reviewed company will be the rate listed above; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this or a previous review or the less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established in the LTFV investigation for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will be the "all others" rate of 11.13 percent established in the final notice of the LTFV investigation.

Unless otherwise stated, all citations to the statutes and to the Department's regulations are references to the provisions as they existed on December 31, 1994. This administrative review and notice are in accordance with section 751(f) of the Act (19 U.S.C. 1673(d)) and section 353.28(c) of the Department's regulations.

Dated: August 4, 1995.

Susan G. Esserman,
Assistant Secretary for Import
Administration.

Certain Malleable Cast Iron Pipe Fittings From Brazil; Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of antidumping duty administrative review.

SUMMARY: On February 22, 1995, the Department of Commerce (the Department) published the preliminary results of its administrative review of the antidumping duty order on certain malleable cast iron pipe fittings from Brazil. This review covers Industria de Fundicao Tupy S.A. (Tupy), a manufacturer and exporter of this merchandise to the United States, and the period May 1, 1993 through April 30, 1994. The firm failed to submit a response to our questionnaire. As a result, we determined to use the best information otherwise available (BIA) for cash deposit and assessment purposes.

We gave interested parties an opportunity to comment on the preliminary results. Based on our analysis of the comments received, we have made certain changes for the final results.

EFFECTIVE DATE: August 14, 1995.

FOR FURTHER INFORMATION CONTACT: Thomas E. Schauer or Richard Rimlinger, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-4852/4477.
