

(IMO) to be held from September 11–15, 1995. Proposed U.S. positions on the agenda items for MEPC 37 will be discussed.

The major items for discussion will be the following:

1. Prevention of oil pollution. Work will continue on guidelines for implementation of Regulations 13F and 13G to Annex I of The International Convention for the Prevention of Pollution from Ships (MARPOL 73/78). This will include considering finalization of interim guidelines for structural and operational requirements for existing ships, equivalences for double-hulls for new ships, and guidelines for enhanced inspections.

2. Implementation of the International Convention on Oil Pollution Preparedness, Response and Cooperation (OPRC). An IMO working group will address topics such as development of model pollution response courses, expansion of the OPRC Convention to include hazardous and noxious substances, and work to update IMO guidelines on salvage.

3. Follow-up action to the United Nations Conference on Environment and Development (UNCED). An MEPC working group will examine IMO's role in implementation of UNCED, which will include the development of "Precautionary Approach Guidelines."

4. Unwanted aquatic organisms in ballast water. A working group will discuss a possible technical annex to MARPOL 73/78 to prevent the introduction of exotic species through discharge of ballast water.

5. Enforcement of Pollution Conventions. A working group will consider for adoption refuse record keeping amendments to Annex V of MARPOL 73/78 proposed by the United States.

6. Development of a draft MARPOL Annex VI (Air Pollution) regulations.

7. The future work program of the MEPC.

Members of the public may attend these meetings up to the seating capacity of the room.

For further information or documentation pertaining to the SPMP meeting, contact Lieutenant Commander Ray Perry, U.S. Coast Guard Headquarters (G-MEP-3), 2100 Second Street, S.W., Washington, D.C. 20593-0001, Telephone: (202) 267-0423.

Dated: August 2, 1995.

Charles A. Mast,
Chairman, Shipping Coordinating Committee.

[Public Notice 2236]

**Shipping Coordinating Committee,
Subcommittee on Safety of Life at Sea,
Working Group on Safety of
Navigation; Notice of Meeting**

The Working Group on Safety of Navigation of the Subcommittee on Safety of Life at Sea (SOLAS) will conduct an opening meeting at 9:30 a.m. on Thursday, September 7, 1995, in room 6319, U.S. Coast Guard Headquarters, 2100 Second Street, S.W., Washington, DC.

The purpose of the meeting is to prepare for the 41st session of the Subcommittee on Safety of Navigation (NAV) of the International Maritime Organization (IMO) which is tentatively scheduled for September 18–22, 1995, at the IMO Headquarters in London.

Items of principal interest on the agenda are:

- Role of the human element in maritime casualties
- Routing of ships and related matters
- Vessel Traffic Services (VTS) and ship reporting
- Navigational aids and related matters
- Revision of SOLAS chapter V
- Bridge procedures and standardization of essential bridge and engine room instrumentation
- Ergonomic criteria for bridge equipment
- International Code of Signals
- Special signals for use by ships under attack or threat of attack by pirates and armed robbers
- Review of World Meteorological Organization (WMO) handbooks on navigation in areas affected by sea-ice
- Standard marine communication phrases
- Removal of wrecks and towage of offshore installations, structures, and platforms
- Review of the Code for the Safe Carriage of Irradiated Nuclear Fuel (INF Code)
- Operational aspects of Wing in Ground (WIG) craft
- Safety of passenger submersible craft
- Code for safe navigation and watchkeeping
- Review of reporting requirements in IMO instruments

Members of the public may attend these meetings up to the seating capacity of the room. Interested persons may seek information by writing: Mr. Edward J. LaRue, Jr., U.S. Coast Guard (G-NVT-3), Room 1409, 2100 Second Street SW., Washington, DC 20593-0001 or by calling: (202) 267-0416.

Dated: August 3, 1995.

Charles A. Mast,
Chairman, Shipping Coordinating Committee.

BILLING CODE 4710-07-M

[Public Notice 2235]

**Defense Trade Advisory Group;
Partially Closed Meeting**

The Defense Trade Advisory Group (DTAG) will meet beginning at 10:00 A.M. on Wednesday, September 20, 1995 in the Loy Henderson Conference Room, U.S. Department of State, 2201 C Street NW., Washington, DC 20520. This advisory committee consists of private sector defense trade specialists who advise the Department on policies, regulations, and technical issues affecting defense trade.

The DTAG will first meet in open session. The open session will include speakers from the Bureau of Political-Military Affairs and reports on DTAG Working Group progress, accomplishments, and future projects. Members of the public may attend the open session as seating capacity allows, and will be permitted to participate in the discussion in accordance with the Chairman's instructions.

As access to the Department of State is controlled, persons wishing to attend the meeting must notify the DTAG Executive Secretariat by Friday, September 8, 1995. Each person should provide his or her name, company or organizational affiliation, date of birth, and social security number to the DTAG Secretariat at telephone number (202) 647-4231 or fax number (202) 647-4232 (Attention: Unita Williams). A list will be made up for Diplomatic Security and the Reception Desk at the C-Street diplomatic entrance. Attendees must carry a valid photo ID with them. They should enter the building through the C-Street diplomatic entrance (21st and C Streets, NW.), where Department personnel will direct them to the Loy Henderson auditorium.

Following the open portion of the meeting, briefings that the Department of State will arrange for DTAG members will involve discussions of classified information pursuant to Executive Order 12356. The disclosure of classified and/or proprietary information essential to formulating U.S. defense trade policies would substantially undermine U.S. defense trade relations with foreign competitors. Therefore, these segments of the meeting will be closed to the public, pursuant to section 10(d) of the Federal Advisory Committee Act (FACA), 5

U.S.C. 552b(c)(1) and 5 U.S.C. 552b(c)(9)(B).

For further information, contact Linda Lum of the DTAG Secretariat, U.S. Department of State, Office of Export Control Policy (PM/EXP), Room 2422 Main State, Washington, DC, 20520-2422. She may be reached at telephone number (202) 647-0137 or fax number (202) 647-4232.

Dated: July 25, 1995.

Martha C. Harris,

Deputy Assistant Secretary for Export Controls, Bureau of Political-Military Affairs.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Aviation Rulemaking Advisory Committee; Maintenance Issues—New Task

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of new task assignment for the Aviation Rulemaking Advisory Committee (ARAC).

SUMMARY: Notice is given of a new task assigned to and accepted by the Aviation Rulemaking Advisory Committee (ARAC). This notice informs the public of the activities of ARAC.

FOR FURTHER INFORMATION CONTACT: Frederick J. Leonelli, Assistant Executive Director for Air Carrier/General Aviation Maintenance Issues, Flight Standards Service (AFS-300), 800 Independence Avenue SW., Washington, DC 20591, telephone: (202) 267-3546; fax: (202) 267-5230.

SUPPLEMENTARY INFORMATION:

Background

The FAA has established an Aviation Rulemaking Advisory Committee to provide advice and recommendations to the FAA Administrator, through the Associate Administrator for Regulation and Certification, on the full range of the FAA's rulemaking activities with respect to aviation-related issues. This includes obtaining advice and recommendations on the FAA's commitment to harmonize its Federal Aviation Regulations (FAR) and practices with its trading partners in Europe and Canada.

One area ARAC deals with is air carrier/general aviation maintenance issues. These issues involve mechanic certification and approved training schools outlined in parts 65 and 147 and the maintenance standards for parts

23, 25, 27, 29, 31, 33, and 35 aircraft, engines, propellers, and their component parts and parallel provisions in parts 21, 43, 91, 121, 125, 127, 129, 133, 135, and 137 of the Federal Aviation Regulations, which are the responsibility of the FAA Director, Flight Standards Service.

The Task

This notice is to inform the public that the FAA has asked ARAC to provide advice and recommendation on the following task:

Review Title 14 of the Code of Federal Regulations, Chapter I: Federal Aviation Administration, Department of Transportation, and supporting policy and guidance material for the purpose of determining the course of action to be taken for rulemaking and/or policy relative to the issue of requirements for maintenance and preventive maintenance training programs, specifically as they pertain to Sections 121.375 and 135.433 of the Federal Aviation Regulations.

The FAA also has asked that ARAC determine if rulemaking action (e.g., NPRM) should be taken, or advisory material should be issued. If so, ARAC has been asked to prepare the necessary documents, including economic analysis, to justify and carry out its recommendation(s).

ARAC Acceptance of Task

ARAC has accepted the task and has chosen to establish a new Maintenance Training Program Working Group. The working group will serve as staff to ARAC to assist the ARAC in the analysis of the assigned task. Working group recommendations must be reviewed and approved by ARAC. If ARAC accepts the working group's recommendations, it forwards them to the FAA as ARAC recommendations.

Working Group Activity

The Maintenance Training Program Working Group is expected to comply with the procedures adopted by ARAC. As part of the procedures, the working group is expected to:

1. Recommend a work plan for completion of the task, including the rationale supporting such a plan, for consideration at the meeting of ARAC to consider air carrier/general aviation maintenance issues held following publication of this notice.
2. Give a detailed conceptual presentation of the proposed recommendations, prior to proceeding with the work stated in item 3 below.
3. For each task, draft appropriate regulatory documents with supporting economic and other required analyses, and/or any other related guidance

material or collateral documents the working group determines to be appropriate; or, if new or revised requirements or compliance methods are not recommended, a draft report stating the rationale for not making such recommendations.

4. Provide a status report at each meeting of ARAC held to consider air carrier/general aviation maintenance issues.

Participation in the Working Group

The Maintenance Training Program Working Group will be composed of experts having an interest in the assigned task. A working group member need not be a representative of a member of the full committee.

An individual who has expertise in the subject matter and wishes to become a member of the working group should write to the person listed under the caption **FOR FURTHER INFORMATION CONTACT** expressing that desire, describing his or her interest in the task, and stating the expertise he or she would bring to the working group. The request will be reviewed by the assistant chair, the assistant executive director, and the working group chair, and the individual will be advised whether or not the request can be accommodated.

The Secretary of Transportation has determined that the formation and use of ARAC are necessary and in the public interest in connection with the performance of duties imposed on the FAA by law.

Meetings of ARAC will be open to the public, except as authorized by section 10(d) of the Federal Advisory Committee Act. Meetings of the Maintenance Training Program Working Group will not be open to the public, except to the extent that individuals with an interest and expertise are selected to participate. No public announcement of working group meetings will be made.

Issued in Washington, DC, on August 9, 1995.

Frederick J. Leonelli,

Assistant Executive Director for Air Carrier/General Aviation Maintenance Issues, Aviation Rulemaking Advisory Committee.
