# Rohm and Haas Co.; Approval of Pesticide Product Registrations

**AGENCY:** Environmental Protection

Agency (EPA). **ACTION:** Notice.

**SUMMARY:** This notice announces Agency approval of applications to register the pesticide products RH-5992 Technical and Confirm 2F, containing an active ingredient not included in any previously registered products pursuant to the provisions of section 3(c)(5) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended.

FOR FURTHER INFORMATION CONTACT: By mail: Richard Keigwin, Product Manager (PM) 10, Registration Division (7505C), Office of Pesticide Programs, 401 M St., SW., Washington, DC 20460. Office location and telephone number: Rm. 210, CM #2, Environmental Protection Agency, 1921 Jefferson Davis Hwy, Arlington, VA 22202, (703) 305–6788; e-mail:

keigwin.richard@epamail.epa.gov. SUPPLEMENTARY INFORMATION: EPA issued a notice, published in the Federal Register of April 29, 1994 (59 FR 22160), which announced that Rohm and Haas, Independence Mall West, Philadelphia, PA 19105, had submitted applications to register the pesticide products RH-5992 Technical and Confirm 2F (EPA File Symbols 707– EGT, 707–EGI), containing the active ingredient tebufenozide benzoic acid 3,5-dimethylethyl)-2-(4ethylbenzoyl)hydrazide at 97.1 and 23.0 percent respectively, an active ingredient not included in any previously registered products.

On May 15, 1995, EPA approved one technical and one end-use product listed below:

1. RH-5992 Technical (EPA Registration Number 707–237) for repackaging, relabeling, formulation, or processing use only.

2. Confirm 2F (EPA Registration Number 707–238) for use to control the lepidepterous pest on walnuts.

The Agency has considered all required data on risks associated with the proposed use of tebufenozide benzoic acid 3,5-dimethylethyl)-2-(4ethylbenzoyl)hydrazide, and information on social, economic, and environmental benefits to be derived from use. Specifically, the Agency has considered the nature of the chemical and its pattern of use, application methods and rates, and level and extent of potential exposure. Based on these reviews, the Agency was able to make basic health safety determinations which show that use of tebufenozide benzoic acid 3,5-dimethylethyl)-2-(4ethylbenzoyl)hydrazide when used in accordance with widespread and commonly recognized practice, will not generally cause unreasonable adverse effects to the environment.

More detailed information on these registrations is contained in a Chemical Fact Sheet on tebufenozide benzoic acid 3,5-dimethylethyl)-2-(4-ethylbenzoyl)hydrazide.

A copy of this fact sheet, which provides a summary description of the chemical, use patterns and formulations, science findings, and the Agency's regulatory position and rationale, may be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, VA 22161.

In accordance with section 3(c)(2) of FIFRA, a copy of the approved label and the list of data references used to support registration are available for public inspection in the office of the Product Manager. The data and other scientific information used to support registration, except for material specifically protected by section 10 of FIFRA, are available for public inspection in the Public Response and Program Resources Branch, Field Operations Division (7506C), Office of Pesticide Programs, Environmental Protection Agency, Rm. 1132, CM #2, Arlington, VA 22202 (703–305–5805). Requests for data must be made in accordance with the provisions of the Freedom of Information Act and must be addressed to the Freedom of Information Office (A–101), 401 M St., SW., Washington, D.C. 20460. Such requests should: (1) Identify the product name and registration number and (2) specify the data or information desired.

Authority: 7 U.S.C. 136.

## Department of Energy Draft Compliance Certification Application for the Waste Isolation Pilot Plant

**AGENCY:** Environmental Protection

Agency (EPA).

**ACTION:** Notice of Availability.

summary: The EPA is announcing the availability of a draft compliance certification application for the Waste Isolation Pilot Plant (WIPP) submitted in two parts to the Agency by the Department of Energy (DOE) on March 31, 1995 and July 31, 1995, respectively. The EPA invites the public to provide comments to the EPA on the draft DOE compliance certification application. The EPA will consider these comments in conducting a staff-level technical review of the draft document.

**DATES:** Comments in response to today's notice must be received by October 16, 1995.

**ADDRESSES:** Copies of the draft DOE compliance certification application are available to the public at EPA Docket No. A-93-02 maintained at the following addresses: (1) room 1500 (first floor in the Waterside Mall near the Washington Information Center), U.S. Environmental Protection Agency, Air Docket, 401 M Street, S.W., Washington, D.C. 20460 (open from 8:00 a.m. to 4:00 p.m. on weekdays); (2) EPA's docket in the Government Publications Department of the Zimmerman Library of the University of New Mexico located in Albuquerque, New Mexico (open from 8:00 a.m. to 9:00 p.m. on Monday through Thursday, 8:00 a.m. to 5:00 p.m. on Friday, 9:00 a.m. to 5:00 p.m. on Saturday, and 1:00 p.m. to 9:00 p.m. on Sunday); (3) EPA's docket in the Fogelson Library of the College of Santa Fe, located at 1600 St. Michaels Drive, Santa Fe, New Mexico (open from 8:00 a.m. to 12:00 midnight on Monday through Thursday, 8:00 a.m. to 5:00 p.m. on Friday, 9:00 a.m. to 5:00 p.m. on Saturday and 1:00 p.m. to 9:00 p.m. on Sunday); and (4) EPA's docket in the Municipal Library of Carlsbad, New Mexico, located at 101 South Halegueno (open from 10:00 a.m. to 9:00 p.m. on
