

Agreement Act of 1937, as amended (7 U.S.C. 601-674), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR part 900).

The purpose of the hearing is to receive evidence with respect to the economic and marketing conditions which relate to the proposed amendments, hereinafter set forth, and any appropriate modifications thereof, to the tentative marketing agreement and to the order.

Actions under the Federal milk order program are subject to the Regulatory Flexibility Act (Pub. L. 96-354). This Act seeks to ensure that, within the statutory authority of a program, the regulatory and informational requirements are tailored to the size and nature of small businesses. For the purpose of the Act, a dairy farm is a "small business" if it has an annual gross revenue of less than \$500,000, and a dairy products manufacturer is a "small business" if it has fewer than 500 employees. Most parties subject to a milk order are considered as a small business. Accordingly, interested parties are invited to present evidence on the probable regulatory and informational impact of the hearing proposals on small businesses. Also, parties may suggest modifications of these proposals for the purpose of tailoring their applicability to small businesses.

The amendments to the rules proposed herein have been reviewed under Executive Order 12778, Civil Justice Reform. They are not intended to have a retroactive effect. If adopted, the proposed amendments would not preempt any state or local laws, regulations, or policies, unless they present an irreconcilable conflict with this rule.

The Agricultural Marketing Agreement Act provides that administrative proceedings must be exhausted before parties may file suit in court. Under section 8c(15)(A) of the Act, any handler subject to an order may file with the Secretary a petition stating that the order, any provision of the order, or any obligation imposed in connection with the order is not in accordance with the law and requesting a modification of an order or to be exempted from the order. A handler is afforded the opportunity for a hearing on the petition. After a hearing, the Secretary would rule on the petition. The Act provides that the district court of the United States in any district in which the handler is an inhabitant, or has its principal place of business, has jurisdiction in equity to review the Secretary's ruling on the petition,

provided a bill in equity is filed not later than 20 days after the date of the entry of the ruling.

Interested parties who wish to introduce exhibits should provide the Presiding Officer at the hearing with 4 copies of such exhibits for the Official Record. Also, it would be helpful if additional copies are available for the use of other participants at the hearing.

SMALL BUSINESS ADMINISTRATION

13 CFR Part 116

Policies of General Application

AGENCY: Small Business Administration.

ACTION: Proposed rule.

SUMMARY: This proposed rule would raise from \$500,000 to \$1.5 million the ceiling for SBA loan assistance that SBA officials with properly delegated authority may determine on a case-by-case basis is not subject to the full review and decision-making process to determine adverse effects or incompatible development on wetlands or in a floodplain required by Executive Orders 11988 (42 FR 26951) and 11990 (42 FR 26961).

DATES: Comments must be submitted on or before September 18, 1995.

ADDRESSES: Written comments may be sent to Associate Administrator for Disaster Assistance, Small Business Administration, 409 3rd Street S.W., Suite 6050, Washington, D.C. 20416.

FOR FURTHER INFORMATION CONTACT: Bernard Kulik, Associate Administrator for Disaster Assistance. Telephone (202) 205-6734.

SUPPLEMENTARY INFORMATION: Part 116 of chapter 1, 13 CFR contains policies of general application for specified SBA programs. Subpart D thereof prescribes the policies and procedures for implementing Executive Orders 11988 (42 FR 26951) and 11990 (42 FR 26961), which relate to floodplain management and the protection of wetlands. Section 116.32(a)(6) provides that full implementation of the Executive Orders may be waived on a case-by-case basis in instances of actions that typically do not create adverse effects or incompatible development on wetlands and floodplains. All SBA loan assistance of \$500,000 or less is included among these types of actions. Applicants for these loans are relieved of the need to supply SBA with the necessary information and studies for the implementation of the prescribed decision-making process, reducing the cost and the time required to process such loans. This \$500,000 loan limit reflects the SBA disaster loan ceiling for any one disaster as it existed prior to April 1, 1993, and the ceiling on SBA business loan assistance as it existed prior to 1988.

This proposed rule would increase the ceiling for SBA loan assistance that may be exempt from review from \$500,000 to \$1.5 million. This higher amount simply reflects the SBA disaster loan ceiling for any one disaster commencing on or after April 1, 1993 established by P.L. 103-75 (107 Stat. 740), and would also cover the ceiling on SBA business loan assistance and development company assistance.

Compliance With Executive Orders 12612, 12866, and 12778, and the Regulatory Flexibility and Paperwork Reduction Acts

SBA certifies that this rule does not have federalism implications warranting the preparation of a Federalism Assessment in accordance with Executive Order 12612.

For purposes of Executive Order 12866, SBA has determined that the proposed rule would not be a major rule. SBA certifies that the economic impact on the national economy would not exceed \$100 million and that the proposed rule would not adversely affect in a material way the economy or the environment.

SBA certifies that this proposed rule would not have a significant economic impact on a substantial number of small entities for purposes of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*

There are no additional reporting or recordkeeping or other compliance requirements inherent in this proposed rule which would be subject to the Paperwork Reduction Act, 44 U.S.C. chapter 35. There are no Federal rules which duplicate, overlap or conflict with this proposed rule. There are no alternative means to accomplish the objectives of this proposed rule.

SBA certifies that this proposed rule is drafted, to the extent practicable, in accordance with the standards set forth in E.O. 12778.

List of Subjects in 13 CFR Part 116

Flood Insurance, Flood plains, Lead poisoning, Small businesses, Veterans, Coastal barrier system.

For the reasons set forth above, SBA proposes to amend Part 116 of Title 13 of the Code of Federal Regulations as follows:

§ 116.32 [Amended]

2. Section 116.32 (a)(6) is amended by removing "\$500,000 or less" and inserting in place thereof "\$1,500,000 or less".
