

History, Migration History, and Household Relationships. Wave 2 interviews will be conducted from June through September 1996. The 1996 Panel introduces some significant changes to the SIPP. The SIPP was previously conducted using pen and paper. Data collection is now handled via computer assisted personal interviewing (CAPI). Pretesting has shown that CAPI will reduce respondent burden because skip patterns are preprogrammed into the automated questionnaire and information obtained in earlier interviews can be fed back to the respondent rather than the respondent having to recall the information. The 1996 and subsequent Panels will remain in effect for 4 years. Households in the 1996 Panel will be interviewed 13 times at 4 month intervals over the 4 year period. A new panel will be introduced in the year 2000. This contrasts with previous procedures where a new panel was introduced each year and households remained in the survey for approximately 3 years, participating in 9 interviews at 4 month intervals.

Affected Public: Individuals or households.

Frequency: Every 4 months.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Maria Gonzalez, (202) 395-7313.

Copies of the above information collection proposal can be obtained by calling or writing Gerald Taché, DOC Forms Clearance Officer, (202) 482-3271, Department of Commerce, room 5312, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent to Maria Gonzalez, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: August 14, 1995.

Gerald Taché,

Departmental Forms Clearance Officer, Office of Management and Organization.

BILLING CODE 3510-07-F

Agency Form Under Review by the Office of Management and Budget

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: Bureau of the Census.

Title: Quarterly Financial Report (QFR).

Form Number(s): QFR-101(MG Long), 101A(MG Short), 102(TR Long), 103(NB).

Agency Approval Number: 0607-0432.

Type of Request: Extension of a currently approved collection.

Burden: 192,060 hours.

Number of Respondents: 13,700.

Avg Hours Per Response: 4 hours and 45 minutes.

Needs and Uses: The QFR program is a principal economic indicator that also provides financial data essential to calculation of key government measures of national economic performance. The QFR program provides timely, accurate data on business financial conditions for gauging quarterly performance of the nonregulated, domestic corporate sector for use by government and private-sector organizations and individuals. Primary users of QFR data are governmental organizations charged with economic policy-making responsibilities. Other data users include foreign countries, universities, financial analysts, unions, trade associations, public libraries, banking institutions, and U.S. and foreign corporations.

Affected Public: Businesses or other for-profit.

Frequency: Quarterly.

Respondent's Obligation: Mandatory.

OMB Desk Officer: Maria Gonzalez, (202) 395-7313.

Copies of the above information collection proposal can be obtained by calling or writing Gerald Taché, DOC Forms Clearance Officer, (202) 482-3271, Department of Commerce, room 5312, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent to Maria Gonzalez, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: August 14, 1995.

Gerald Taché,

Departmental Forms Clearance Officer, Office of Management and Organization.

BILLING CODE 3510-07-F

Agency Form Under Review by the Office of Management and Budget

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: Bureau of the Census.

Title: Annual Survey of Government Employment.

Form Number(s): E-1, E-2, E-3, E-4, E-6, E-7, E-9.

Agency Approval Number: 0607-0452.

Type of Request: Extension of a currently approved collection.

Burden: 21,234 hours.

Number of Respondents: 13,639.

Avg Hours Per Response: 1 hour and 4 minutes.

Needs and Uses: The Census Bureau requests a three year extension of the current OMB approval of seven data collection forms used in the Annual Survey of Government Employment. In this survey data are collected on state and local government employment and wages. Each form is tailored to the particular size and type of government to be surveyed. The Bureau of Economic Analysis uses these data to develop the public sector components of the gross domestic product and national income accounts and to develop personal income statistics. The Department of Housing and Urban Development determines the allocation of operating subsidies to local housing authorities based on this survey. The Bureau of Labor Statistics uses data from this survey to assist in the benchmarking of state and local government components of its monthly employment and earnings statistics. In addition, state and local government officials, public interest groups, and professional organizations use these data for analysis and study.

Affected Public: State, local or local government.

Frequency: Annually.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Maria Gonzalez, (202) 395-7313.

Copies of the above information collection proposal can be obtained by calling or writing Gerald Taché, DOC Forms Clearance Officer, (202) 482-3271, Department of Commerce, room 5312, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent to Maria Gonzalez, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: August 14, 1995.

BILLING CODE 3510-07-F

International Trade Administration

[A-588-814]

Polyethylene Terephthalate Film, Sheet, and Strip From Japan; Initiation and Preliminary Results of Changed Circumstances Antidumping Duty Administrative Review, and Intent To Revoke Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of initiation and preliminary results of changed circumstances antidumping duty administrative review, and intent to revoke order.

SUMMARY: On June 5, 1991, the Department of Commerce (the Department) published an antidumping duty order on polyethylene terephthalate film, sheet, and strip from Japan. On July 7, 1995, E.I. Du Pont de Nemours & Company, Hoechst Celanese Corporation and ICI Americas Inc., (together, the petitioners in this proceeding), submitted a request for a changed circumstances administrative review and revocation of the order on the basis that the order no longer is of interest to the petitioners. Based on the fact that this order is no longer of interest to petitioners, we intend, preliminarily, to revoke this order.

EFFECTIVE DATE: August 18, 1995.

FOR FURTHER INFORMATION CONTACT: Arthur N. DuBois or Thomas Futtner, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, D.C. 20230; telephone: (202) 482-6312/3814.

SUPPLEMENTARY INFORMATION:**Background**

On June 5, 1991, the Department published in the *Federal Register* (59 FR 9960) an antidumping duty order on polyethylene terephthalate film, sheet, and strip from Japan.

On July 7, 1995, the petitioners submitted a request for a changed circumstances administrative review and revocation of the order on the basis that the order no longer is of interest to the petitioners.

Scope of the Review

Imports covered by the review are shipments of all gauges of raw, pretreated, or primed PET film, sheet, and strip, whether extruded or coextruded. The films excluded from the scope of this order are metallized

films and other finished films that have had a least one of their surfaces modified by the application of performance-enhancing resin or inorganic layer more than 0.00001 inches (0.254 micrometers) thick. Roller transport cleaning film which has at least one of its surfaces modified by the application of 0.5 micrometers of SBR latex has also been ruled as not within the scope of the order.

PET film from Japan is currently classifiable under Harmonized Tariff Schedule (HTS) item number 3920.62.0000. The HTS item numbers are provided for convenience and for Customs purposes only. The written descriptions remain dispositive.

This changed circumstance administrative review covers all manufacturers/exporters of pet film from Japan.

Initiation and Preliminary Results of Changed Circumstances Antidumping Duty Administrative Review, and Intent To Revoke Order

Pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act), the Department may revoke an antidumping duty order if the Department determines, based on a review under section 751(b)(1) of the Act, that changed circumstances exist sufficient to warrant revocation. Section 751(b)(1) of the Act requires a changed circumstances administrative review to be conducted upon receipt of a request containing sufficient information concerning changed circumstances.

19 CFR 353.25(d)(2) permits the Department to conduct an administrative review under § 353.22(f) based upon an affirmative statement of no interest from the petitioner in the proceeding. Section 353.25(d)(1)(i) further provides that, if the Department determines that the order under review is no longer of interest to domestic interested parties, the Department may revoke the antidumping duty order. In addition, in the event the Department concludes that expedited action is warranted, § 353.22(f)(4) of the regulations permits the Department to combine the notices of initiation and preliminary results.

Therefore, in accordance with sections 751(b)(1) and (c) of the Act and 19 CFR 353.25(d) and 353.22(f), based on an affirmative statement of no interest in the proceeding by the petitioners, the Department is initiating this changed circumstances administrative review. Further, based on the representation made by petitioners that other U.S. producers and potential producers of this merchandise have no interest in the order, we have

determined that expedited action is warranted, and we have preliminarily determined that the order no longer is of interest to domestic interested parties. Because the Department concludes that expedited action is warranted, the Department is combining these notices of initiation and preliminary results. The Department determines that there is a reasonable basis to believe that the requirement for revocation based on the changed circumstance that the order no longer is of interest to domestic interested parties has been met. Therefore, we are hereby notifying the public of our intent to revoke the antidumping duty order on pet film from Japan.

In the event that this revocation becomes final, the effective date of revocation will be June 1, 1992, which is the beginning of the currently pending second administrative review.

If final revocation occurs, we intend to instruct the U.S. Customs Service (Customs) to liquidate without regard to antidumping duties and to refund any estimated antidumping duties collected for all unliquidated entries of subject merchandise made on or after the above effective date of revocation, in accordance with 19 CFR 353.25(d)(5). We will also instruct Customs to refund with interest estimated antidumping duties collected for entries made on or after June 1, 1992, in accordance with section 778 of the Act. The current requirement for a cash deposit of estimated antidumping duties will continue until publication of the final results of this changed circumstances review.

Public Comment

Any interested party may request a hearing within 10 days of the date of publication of this notice. Any hearing, if requested, will be held no later than 28 days after the date of publication of this notice, or the first workday thereafter. Case briefs and/or written comments from interested parties may be submitted not later than 14 days after the date of publication of this notice. Rebuttal briefs and rebuttals to written comments, limited to the issues raised in those comments, may be filed not later than 21 days after the date of publication of this notice. All written comments shall be submitted in accordance with 19 CFR 353.31(e) and shall be served on all interested parties on the Department's service list in accordance with 19 CFR 353.31(g). Persons interested in attending the hearing should contact the Department for the date and time of the hearing. The Department will publish the final results of this changed circumstances

review including the results of its analysis of issues raised in any written comments.

This notice is in accordance with §§ 751(b) (1) and (c) of the Act and sections 353.22(a)(5), 353.22(f) and 353.25(d) of the Department's regulations.

Dated: August 11, 1995.

Paul L. Joffe,

Deputy Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-P

National Oceanic and Atmospheric Administration

[I.D. 081195B]

Small Takes of Marine Mammals Incidental to Specified Activities; McDonnell Douglas Aerospace Delta II Vehicles at Vandenberg Air Force Base, CA

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of receipt of application and proposed authorization for a small take exemption; request for comments.

SUMMARY: NMFS has received a request from the U.S. Air Force for authorization to take small numbers of harbor seals by harassment incidental to launches of McDonnell Douglas Aerospace (MDA) Delta II (Delta II) vehicles at Space Launch Complex 2W (SLC-2W), Vandenberg Air Force Base, CA (Vandenberg). Under the Marine Mammal Protection Act (MMPA), NMFS is requesting comments on its proposal to authorize the Air Force to incidentally take, by harassment, small numbers of harbor seals, California sea lions and northern elephant seals in the vicinity of Vandenberg for a period of 1 year.

DATES: Comments and information must be received no later than September 18, 1995.

ADDRESSES: Comments on the application should be addressed to Chief, Marine Mammal Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910. A copy of the application, a list of the references used in this document, or the programmatic environmental assessment (EA), may be obtained by writing to this address or by telephoning one of the contacts listed below.

FOR FURTHER INFORMATION CONTACT: Kenneth Hollingshead, Office of

Protected Resources at 301-713-2055, or Craig Wingert, Southwest Regional Office at 310-980-4021.

SUPPLEMENTARY INFORMATION:

Background

Section 101(a)(5)(A) of the MMPA (16 U.S.C. 1361 *et seq.*) directs the Secretary of Commerce to allow, upon request, the incidental, but not intentional taking of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and regulations are issued.

Permission may be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s); will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses; and the permissible methods of taking and requirements pertaining to the monitoring and reporting of such taking are set forth.

On April 30, 1994, the President signed Public Law 103-238, The Marine Mammal Protection Act Amendments of 1994. One part of this law added a new subsection 101(a)(5)(D) to the MMPA to establish an expedited process by which citizens of the United States can apply for an authorization to incidentally take small numbers of marine mammals by harassment for a period of up to one year. The MMPA defines "harassment" as:

...any act of pursuit, torment, or annoyance which (a) has the potential to injure a marine mammal or marine mammal stock in the wild; or (b) has the potential to disturb a marine mammal or marine mammal stock in the wild by causing disruption of behavioral patterns, including, but not limited to, migration, breathing, nursing, breeding, feeding, or sheltering.

New subsection 101(a)(5)(D) establishes a 45-day time limit for NMFS review of an application followed by a 30-day public notice and comment period on any proposed authorizations for the incidental harassment of small numbers of marine mammals. Within 45 days of the close of the comment period, NMFS must either issue or deny issuance of the authorization.

Summary of Request

On July 12, 1995, NMFS received an application from the U.S. Air Force requesting an authorization for the harassment of small numbers of harbor seals and potentially for other pinniped species incidental to launches of Delta II vehicles at SLC-2W, Vandenberg. These launches would place Department of Defense, National Aeronautics and Space Administration

(NASA), and commercial medium-weight payloads into polar or near-polar orbits. MDA/NASA intends to launch four to five Delta IIs during the period of this proposed 1-year authorization.

Because SLC-2W is located north of most other launch complexes at Vandenberg, and because there are oil production platforms located off the coast to the south of SLC-2W, missions flown from SLC-2W cannot fly directly on their final southward course. The normal trajectory for a SLC-2W launch is 259.5 degrees west for the first 90 seconds, then a 41-second dog-leg maneuver to bring the vehicle on its southward course of 196 degrees. This trajectory takes the launch vehicle away from the coast and nearly 30 miles (mi) west of San Miguel Island (SMI), the westernmost Channel Island (Air Force, 1995b)¹.

As a result of the noise associated with the launch itself, there is a potential to cause a startle response to those harbor seals and other pinnipeds that may haul out on the coastline of Vandenberg. Launch noise would be expected to occur over the coastal habitats in the vicinity of SLC-2W while low-level sonic booms could be heard over the water in the area west of the Channel Islands.

Description of Habitat and Marine Mammals Affected by Delta IIs

The Southern California Bight (SCB) including the Channel Islands, support a diverse assemblage of pinnipeds (seals and sea lions). California sea lions (*Zalophus californianus*), northern elephant seals (*Mirounga angustirostris*), harbor seals (*Phoca vitulina*) and northern fur seals (*Callorhinus ursinus*) breed there, with the largest rookeries on SMI and San Nicolas Island (SNI) (Stewart et al., in press). More detailed descriptions of the SCB and its associated marine mammals can be found elsewhere (56 FR 1606, January 16, 1991).

Until 1977, a small rookery of Steller sea lions (*Eumetopias jubatus*) existed on SMI. However, there has been no breeding there since 1981 and no sightings since 1984. Guadalupe fur seals (*Arctocephalus townsendi*) breed only on Isla de Guadalupe offshore Baja California, Mexico, and although some are occasionally seen on the Channel Islands, none are expected to be harassed by either launch noise or sonic booms since they are not known to come ashore on Vandenberg.
