Natural Resource Damage Assessments

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meetings.

SUMMARY: Section 1006(e)(1) of the Oil Pollution Act requires the President, acting through the Under Secretary of Commerce for Oceans and Atmosphere, to promulgate regulations for the assessments of natural resources damages resulting from the discharge of oil. The National Oceanic and Atmospheric Administration (NOAA) proposed those regulations on August 3, 1995 (60 FR 39804). NOAA wishes to announce a Conference on the Proposed Rule for the Natural Resources Damage Assessment Provisions of the Oil Pollution Act of 1990, that will be held in two locations: in Washington, DC on August 30-31, 1995 and in San Francisco, California on September 6-7, 1995. The regulations have been significantly revised in response to comments received on the January 7, 1994 proposed rule. These meetings are designed to encourage discussion on the proposed rule and NOAA's new approach to natural resource damage assessment. For more information or to register for one of the Conference locations, please contact the conference coordinator at the telephone number below.

DATES: The meetings will be held August 30-31, 1995 in Washington, DC and September 6-7, 1995 in San Francisco, California.

ADDRESSES: The August 30-31 meeting will be held at the U.S. Department of Commerce, Herbert C. Hoover Bldg., Main Auditorium, 14th & Constitution Ave., NW, Washington, DC. The September 6-7 meeting will be held at Fort Mason Center, Landmark Building C 2nd Floor, Room 215, San Francisco, California.

FOR FURTHER INFORMATION CONTACT: David Chapman, Conference Coordinator, Damage Assessment Center, telephone (301) 713-3038, Ext. 200; FAX (301) 713-4387.

SUPPLEMENTARY INFORMATION: The Oil Pollution Act of 1990 (OPA), 33 U.S.C. 2701 *et seq.*, provides for the prevention of, liability for, removal of, and compensation for the discharge, or substantial threat of discharge, of oil into or upon the navigable waters of the United States, adjoining shorelines, or the Exclusive Economic Zone. Section 1006(e) requires the President, acting through the Under Secretary of Commerce for Oceans and Atmosphere, to develop regulations establishing procedures for natural resource trustees to use in the assessment of damages for injury to, destruction of, loss of, or loss of use of natural resources covered by OPA. Section 1006(b) provides for the

designation of federal, state, Indian tribe and foreign natural resource trustees to determine resource injuries, assess natural resource damages (including the reasonable costs of assessing damages), present a claim, recover damages, and develop and implement a plan for the restoration, rehabilitation, replacement, or acquisition of the equivalent of the injured natural resources under their trusteeship.

NOAA will hold a Conference on the Proposed Rule for the Natural Resource Damage Assessment provisions of the Oil Pollution Act of 1990 in two locations: in Washington, DC on August 30-31, 1995 and in San Francisco, California on September 6-7, 1995. The first day of the Conference, from 10:00 am to 5:30 pm, will be devoted to a presentation and explanation of the rule, ending with an initial question and answer session regarding specific issues relevant to the rule. The second day, from 9:00 am to 4:30 pm, will continue the question and answer session and will use two panel discussions to highlight specific aspects of restoration in the new rule. Topics include restoration of natural resources and their associated ecological and human services, focusing on the implications of the proposed rule and restoration techniques, methodologies, and case studies featuring successful projects.

These meetings are open to the public. Those with a direct interest in the assessment process are encouraged to attend, including representatives of industry, environmental groups, government agencies and the public. A synopsis of each meeting will be prepared and included in the administrative record of the rulemaking process.

Dated: August 16, 1995.
