BILLING CODE 6717-01-M

[Docket No. PR95-10-000]

**Enogex Inc.; Notice Granting Late Interventions**

August 16, 1995.

Motions to intervene in the above-captioned proceeding were due on May 19, 1995. Oklahoma Independent Petroleum Association; Premier Gas Company, A Division of Continental Drilling Company, Inc.; Twister Transmission Company; and Universal Resources Corporation each filed late motions to intervene. No party filed an answer in opposition to the respective late motions to intervene.

Each of the petitioners appears to have a legitimate interest under the law that is not adequately represented by other parties. Granting the late interventions will not cause a delay or prejudice any other party. It is in the public interest to allow each of the petitioners to appear in this proceeding. Accordingly, good cause exists for granting each of the late interventions.

Pursuant to section 375.302 of the Commission's regulations (18 CFR 375.202), the petitioner is permitted to intervene in this proceeding subject to the Commission's Rules and Regulations under the Natural Gas Act, 15 U.S.C. §§ 717-717(W). Participation of the late intervenors shall be limited to matters set forth in their respective motions to intervene. The admission of each of the late intervenors shall not be construed as recognition by the Commission that the intervenor might be aggrieved by any order entered in this proceeding.

**Lois D. Cashell,**  
Secretary.

**Tennessee Gas Pipeline Company; Notice of Motion Filing and Shortened Response Time**

August 16, 1995.

Take notice that on August 14, 1995, Indicated Shippers, pursuant to Rule 212 of the Commission's Rules of

Practice and Procedure, 18 CFR 385.212, submitted an emergency motion for postponement of implementation of the production area daily variance charge contained in the FERC Gas Tariff of Tennessee Gas Pipeline Company (Tennessee) pending Commission action on, Tennessee's implementation of the July 25, 1995 stipulation and agreement filed in the captioned proceeding. Indicated Shippers requested a shortened answer period.

Indicated Shippers states that copies of the motion have been served to all parties.

Any person desiring to file answers to the motion should file with the Federal Energy Regulatory Commission, 825 North Capitol Street NE., Washington, DC 20426 in accordance with Rule 213 of the Commission's Rules of Practice and Procedure. All answers should be filed on or before August 24, 1995.

**Williams Natural Gas Company; Notice of Rescheduled Informal Settlement Conference**

August 16, 1995.

Take notice that the informal conference previously scheduled in this proceeding for Thursday, August 31, 1995, at 10:00 a.m., for the purpose of exploring the possible settlement of the above-referenced docket, is rescheduled for September 7, 1995, at 10:00 a.m. The conference will be held at the offices of the Federal Energy Regulatory Commission, 810 First Street, NE., Washington, DC 20426.

Any party, as defined by 18 CFR 385.102(c), or any participant, as defined by 18 CFR 385.102(b), is invited to attend. Persons wishing to become a party must move to intervene and receive intervenor status pursuant to the Commission's Regulations (18 CFR 385.214).

For additional information, please contact Arnold H. Meltz at (202) 208-2161 or Donald A. Heydt at (202) 208-0740.

**ENVIRONMENTAL PROTECTION AGENCY**

[FRL-5283-3]

**Science Advisory Board; Notification of Public Advisory Committee; Open Meeting**

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the *Ecological Processes and Effects Committee* of the Science Advisory Board will meet on September 7-8, 1995, at the Environmental Protection Agency's Washington Information Center, Conference Room 17, 401 M Street, SW., Washington, DC 20460. The meeting agenda includes: (1) discussion with Deputy Administrator Fred Hansen on the Agency's move toward Community-Based Environmental Protection and the role of science in that approach; (2) review of portions of the Agency's draft document, "Proposed Environmental Goals for America with Benchmarks for the Year 2005"; and (3) planning for Fiscal Year 1996. The committee will meet beginning at 8:30 a.m. each day, and ending no later than 5:00 p.m. The meeting will be open to the public, but seating will be on a first-come basis.

*Background:* The Environmental Goals Project is an EPA effort to define national environmental goals and benchmarks by which to measure progress toward achieving those goals. In 1994, a series of nine public roundtables were held in cities around the country to receive input on the nation's goals for the environment. The draft document, "Proposed Environmental Goals for America with Benchmarks for the Year 2005," summarizes the Agency's proposals for long-range goals and measurable 10-year benchmarks. Following review by other federal agencies and the SAB, the document will be distributed for public review, including a series of public roundtables in early 1996. Concurrent with final federal agency review of the document, the SAB has been asked to review the goals and benchmarks and evaluate the following: (a) are the long-range goals technically meaningful and achievable? (b) will the goals, if met, result in a healthy and economically secure populace and a healthy environment? (c) are the milestones appropriate for gauging progress toward the goals? (d) do the milestones, taken together, adequately cover the range of technical considerations for each goal? and, (e) what other milestones should be considered, and is data currently available to allow their use?

In accepting the charge, the SAB agreed to establish a special subcommittee of the Executive Committee, with representatives of the relevant standing committees of the SAB, to review the draft document. EPEC's review of the draft document on September 7-8 will serve as input to the Executive Committee's Environmental Goals Subcommittee.

**Additional Information:** To obtain a meeting agenda, contact Ms. Constance Valentine, Science Advisory Board, 401 M Street, SW (1400F), Washington, DC 20460, telephone (202) 260-6552, FAX (202) 260-7118, or via the Internet at valentine.connie@epamail.epa.gov. To obtain a copy of the draft document, "Proposed Environmental Goals for America with Benchmarks for the Year 2005," please contact Judith Koontz, Office of Administration and Resources Management, US EPA, 401 M Street, SW., Mail Code 3102, Washington, DC 20460, telephone (202) 260-8608.

Anyone wishing to make an oral presentation to the Committee regarding any of the topics on the agenda must notify Stephanie Sanzone, Designated Federal Officer for EPEC, no later than September 1, 1995, at telephone (202) 260-6557, FAX (202) 260-7118, or via the INTERNET at sanzone.stephanie@epamail.epa.gov. The request should identify the name of the individual who will make the presentation and an outline of the issues to be addressed. Oral presentations will be limited to five minutes. Written comments (at least 30 copies) may be submitted to Ms. Sanzone up until the time of the meeting.

Dated: August 11, 1995.

### **Toxics Release Inventory Phase 3; Chemical Use; Notice of Public Meeting**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** EPA will hold a 2-day public meeting to receive public comments on whether to expand the reporting requirements of the Toxics Release Inventory (TRI) to include chemical use data.

**DATES:** The meeting will take place on September 19 and 20, 1995, at 9 a.m. at Waterside Towers, Conference Room, 907 6th St. SW., Washington, DC 20024.

**FOR FURTHER INFORMATION CONTACT:** The Toxic Substances Control Act Hotline, Environmental Assistance Division, Office of Pollution Prevention and Toxics, 7408, Environmental Protection Agency, 401 M St. SW., Washington, DC 20460, Telephone: (202) 554-1404, e-mail: TSCA-Hotline@epamail.epa.gov. Attention: Administrative Record No. AR 128.

**SUPPLEMENTARY INFORMATION:** On August 8, 1995, the President issued Executive Order 12969 (EO) which requires that companies providing supplies and services to the Federal Government shall be in compliance with the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) and the Pollution Prevention Act of 1990 (PPA). According to the EO, these acts "established programs to protect public health and the environment by providing the public with important information on the toxic chemicals being released into the air, land and water in their communities by manufacturing facilities." In a memorandum to the Administrator of the U.S. Environmental Protection Agency and the Heads of Executive Departments and Agencies dated August 8, 1995, the President directed the Administrator to develop and implement "an expedited, open and transparent process for consideration of reporting under EPCRA on information on the use of toxic chemicals at facilities, including information on mass balance, materials accounting, or other chemical use data, pursuant to section 313(b)(1)(A) of EPCRA. . . . EPA shall report on the progress of this effort by October 1, 1995, with a goal of obtaining sufficient information to be able to make informed judgements concerning implementation of any appropriate program."

EPA began a review process last year and on September 2, 1994, the Agency made available to the public an issues paper entitled "Expansion of the Toxics Release Inventory (TRI) to gather chemical use information: TRI-Phase 3: Use Expansion." The paper was used to provide an overview of the issues which include input data such as the quantity of chemicals brought onsite, and out-put data such as the quantity consumed and the quantity sent off-site in products. EPA also sought to explore the issue of adding occupational demographics data elements to the TRI; the number of workers potentially exposed to a chemical, and whether or not occupational exposure monitoring has been performed. The issues paper served as the basis for discussion at a

public meeting held on September 28, 1994.

EPA has reviewed comments from the meeting, evaluated a variety of the issues mentioned and has produced an updated issues paper. The purpose of the second paper is to report back to stakeholders, to draw preliminary conclusions on some issues, to focus attention to important unresolved questions, and to provide a focus for discussion at the September 19-20, 1995 public meeting. Copies of this paper will be available Tuesday, September 5, 1995, from the address and telephone number listed under **FOR FURTHER INFORMATION CONTACT**. Oral statements will be scheduled on a first-come, first-served basis by calling the telephone number listed under **FOR FURTHER INFORMATION CONTACT**. EPA encourages meeting participants to provide written statements and to submit the statements in advance of the meeting. In order to schedule speakers and accommodate attendees, please contact EPA under **FOR FURTHER INFORMATION CONTACT** by September 12, 1995.

### **Public Meetings of the Storm Water Phase II Advisory Subcommittee and the Urban Wet Weather Flows Advisory Committee**

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the Environmental Protection Agency (EPA) is convening two separate public meetings: (1) The Storm Water Phase II Advisory Subcommittee meeting on September 11 and 12, 1995, and (2) the Urban Wet Weather Flows Advisory Committee (UWWF) meeting on September 20 and 21, 1995. These meetings are open to the public without need for advance registration. The Phase II Subcommittee is a subcommittee to the UWWF Advisory Committee. Phase II of the storm water program generally addresses storm water discharges from commercial, retail, light industrial, and institutional facilities, construction activities under five acres, and from
