Palmyra Atoll-Kingman Reef. The seaward limit of the exclusive economic zone is 200 nautical miles from the baseline from which the territorial sea is measured, except that to the southeast of Palmyra Atoll and Kingman Reef the limit of the exclusive economic zone shall be determined by straight lines connecting the following points:

1. 7°55'04" N. 159°22'29" W.
2. 7°31'05" N. 159°39'30" W.
3. 7°09'43" N. 159°54'35" W.
4. 6°33'40" N. 160°19'51" W.
5. 6°31'37" N. 160°21'18" W.
6. 6°25'31" N. 160°25'40" W.
7. 6°03'05" N. 160°41'42" W.
8. 5°44'12" N. 160°55'13" W.
9. 4°57'25" N. 161°28'19" W.
10. 4°44'38" N. 161°37'18" W.
11. 3°54'25" N. 162°12'56" W.
12. 2°39'50" N. 163°05'14" W.

Wake Island. The seaward limit of the exclusive economic zone is 200 nautical miles from the baseline from which the territorial sea is measured, except that to the south of Wake Island the limit of the exclusive economic zone shall be determined by straight lines connecting the following points:

1. 17°56'15" N. 169°54'00" E.
2. 17°46'02" N. 169°31'18" E.
3. 17°37'47" N. 169°12'53" E.
4. 17°11'18" N. 168°13'30" E.
5. 16°41'31" N. 167°07'39" E.
6. 16°02'45" N. 165°43'30" E.

Jarvis Island. The seaward limit of the exclusive economic zone is 200 nautical miles from the baseline from which the territorial sea is measured, except that to the north and east of Jarvis Island, the limit of the exclusive economic zone shall be determined by straight lines connecting the following points:

1. 2°01'00" N. 162°22'00" W.
2. 2°01'42" N. 162°01'35" W.
3. 2°03'20" N. 161°41'33" W.
4. 2°02'30" N. 161°36'20" W.
5. 2°00'13" N. 161°22'24" W.
6. 1°50'18" N. 160°20'42" W.
7. 1°45'46" N. 159°52'59" W.
8. 1°43'31" N. 159°39'27" W.
9. 0°58'53" N. 158°59'04" W.
10. 0°46'58" N. 158°48'24" W.
11. 0°12'36" N. 158°18'06" W.
12. 0°00'17" S. 158°07'27" W.
13. 0°24'23" S. 157°49'44" W.
14. 0°25'44" S. 157°48'43" W.
15. 0°58'15" S. 157°24'52" W.
16. 2°13'26" S. 157°49'01" W.
17. 3°10'40" S. 158°10'30" W.

Howland and Baker Islands. The seaward limit of the exclusive economic zone is a line 200 nautical miles from the baseline from which the territorial sea is measured, except to the southeast and south of Howland and Baker Islands the limit of the exclusive economic zone shall be determined by straight lines connecting the following points:

1. 0°14'30" N. 173°08'00" W.

2. 0°14'32" S. 173°27'28" W.
 3. 0°43'52" S. 173°45'30" W.
 4. 1°04'06" S. 174°17'41" W.
 5. 1°12'39" S. 174°31'02" W.
 6. 1°14'52" S. 174°34'48" W.
 7. 1°52'36" S. 175°34'51" W.
 8. 1°59'17" S. 175°45'29" W.
 9. 2°17'09" S. 176°13'58" W.
 10. 2°32'51" S. 176°38'59" W.

BILLING CODE 4710-09-M

DEPARTMENT OF STATE IN CONJUNCTION WITH DEPARTMENT OF THE INTERIOR

[Public Notice 2243]

Participation in Working Group To Elaborate a U.N. Declaration on Indigenous Rights

The Economic and Social Council (ECOSOC) of the United Nations has approved establishment of an open-ended, inter-sessional working group of the Commission on Human Rights to elaborate a draft declaration on indigenous rights. The goal of the Working Group is to prepare a declaration for consideration and adoption by the General Assembly during the International Decade of the World's Indigenous People (1994-2004). [The Working Group will consider the draft prepared by the independent experts who comprise the Working Group on Indigenous Populations, which is entitled "United Nations draft declaration on the rights of indigenous peoples."]

ECOSOC also approved adoption of a special procedure to authorize participation in the Working Group by organizations of indigenous people, including tribal governments, not in consultative status with ECOSOC. Interested organizations should apply to the Coordinator of the International Decade at the following address: The Honorable Ibrahim Fall, Assistant Secretary General for Human Rights, Human Rights Center, Office of the United Nations in Geneva, Palais des Nations, 8-14 Avenue de la Paix, 1211 Geneva, Switzerland.

Applications must include the following information about the organization concerned:

(a) The name, headquarters or seat, address and contact person for the organization;

(b) The aims and purposes of the organization (these should be in conformity with the spirit, purposes, and principles of the Charter of the United Nations);

(c) Information on the programs and activities of the organization and the country or countries in which they are carried out or to which they apply;

(d) A description of the membership of the organization, indicating the total number of members.

The Coordinator of the International Decade will promptly forward all applications, and any information received from the State concerned, to the Council Committee on Non-Governmental Organizations for its decision.

Negotiations on the text of the declaration are tentatively scheduled for two weeks in November 1995 in Geneva, Switzerland. In order to provide adequate time for processing applications, the United Nations Secretariat has requested that they be submitted by *August 31, 1995*.

Authorization to participate will remain valid for the duration of the Working Group, subject to relevant ECOSOC procedures. Organizations of indigenous people authorized to participate will have the opportunity to address the Working Group, consistent with relevant ECOSOC procedures, and are encouraged to organize themselves into constituencies for this purpose. Such organizations may make written presentations, but they will not be issued as official documents.

The Human Rights Commission, a subsidiary body of ECOSOC, encourages the Working Group to consider all aspects of the draft declaration, including its scope of application. Hence, participation by an organization in the Working Group would not necessarily mean that the people represented by it would be covered by all aspects of the declaration or, similarly, that people not represented would not be covered by the declaration. The United States has encouraged other governments to also consider the benefits of broad participation.

Tribal governments and other organizations of indigenous people can play an important and useful role in development of the declaration. While the declaration would be politically, not legally, binding it would represent the first comprehensive U.N. statement on indigenous rights and on the nature of the relationship between indigenous communities and the governments of the States in which they reside. Moreover, other countries appear interested in learning more about self-

government by Indian tribes and Alaska Natives within the United States.

For further information, please contact Tom Hushek, Bureau of Democracy, Human Rights and Labor, U.S. Department of State, telephone: (202) 647-3892.

Dated: August 17, 1995.

Josiah Rosenblatt,

Director, Office of Multilateral Affairs, Bureau of Democracy, Human Rights and Labor.

BILLING CODE 4710-18-M

TENNESSEE VALLEY AUTHORITY

Operation of Watts Bar Nuclear Plant Unit 1

AGENCY: Tennessee Valley Authority.

ACTION: Issuance of record of decision.

SUMMARY: This notice is provided in accordance with TVA's procedures implementing the National Environmental Policy Act. TVA has determined that to meet the increasing need for electric power in the TVA region, it should continue with its plans to operate its Watts Bar Nuclear Plant (WBN) Unit 1 in 1996. On July 10, 1995, TVA announced that it had decided to adopt a Final Supplemental Environmental Impact Statement (FSEIS) on operation of WBN. 60 FR 35,577. This FSEIS was issued by the Nuclear Regulatory Commission in April 1995. Notice of the availability of the adopted FSEIS was announced by the Environmental Protection Agency at 60 FR 35393.

FOR FURTHER INFORMATION CONTACT: Jon M. Loney, Manager, Environmental Management Staff, Tennessee Valley Authority, 400 West Summit Hill Drive, WT 8C-K, Knoxville, Tennessee 37902, (615) 632-2201.

SUPPLEMENTARY INFORMATION: TVA is the electric supplier to an 80,000-square mile area containing parts of seven States. It and the distributors of energy, which TVA generates, serve about 7.5 million people. TVA currently has 25,600 megawatts of generating capacity on its power system. This includes coal-fired units, nuclear units, hydroelectric units, combustion turbines, and pumped storage hydro units.

TVA's WBN is located in Rhea County, Tennessee, approximately 80 kilometers (50 miles) northeast of Chattanooga, Tennessee. The site is located adjacent to TVA's Watts Bar Dam Reservation at Tennessee River Mile 528. WBN is a two unit pressurized water reactor nuclear plant. Each of its units has a net electrical output 1,160

megawatts. In August 1970, TVA proposed to construct and operate WBN. After completing an environmental impact statement, TVA decided to proceed with the plant in 1973.

Completing and licensing of the plant has been delayed. The delay was due in part to installation of modifications that NRC ordered for nuclear plants following the 1979 incident at the Three Mile Island nuclear plant. In addition, the need for power in the TVA region and elsewhere in the country dramatically changed from the need forecasted in the early 1970s. Plant licensing was further delayed in the mid-1980s while TVA resolved a number of WBN-specific safety concerns. To respond to these concerns, TVA implemented a series of corrective actions and plant modifications to prepare WBN Unit 1 for operation. Fuel is now scheduled to be loaded in WBN Unit 1 in late 1995 with commercial operation expected in Spring 1996. TVA has determined that Unit 1's generation is needed in 1996 and has decided not to change its earlier decision to proceed with the unit.

Under TVA's Load Forecasts, WBN Unit 1 is Needed

The determination that WBN Unit 1 is needed in 1996 is based on TVA's forecasts of future power needs in the region that it serves. These forecasts rely on national and regional economic data and are produced through the use of state-of-the-art computer models. TVA prepares three types of forecasts of future power demands—a low-, medium-, and high-load forecast. There is substantial uncertainty in forecasting future power needs. Using a range of forecasts helps address this uncertainty.

The high-load forecast is designed to project a level of future energy demand that has 90-percent probability of not being exceeded (there is only a 10-percent chance that the forecast would be too low and that the demand would be greater). The medium-load forecast has a 50-percent probability. The probability for the low-load forecast is 10 percent—there is a 90-percent chance that the demand for energy in the TVA region would be greater than this estimated level.

Under all of TVA's current load forecasts, there is a need for additional energy resources in the immediate future to meet the demand for energy in the TVA region. Under TVA's medium-load forecast, there is a need in 1996 for the capacity of WBN Unit 1, as well as an additional 850 megawatts. Under TVA's high-load forecast, there is a need for 1,500 megawatts plus WBN Unit's capacity. Only under the low-load
