FEDERAL DEPOSIT INSURANCE CORPORATION

Privacy Act of 1974; Amendment to an Existing System of Records

AGENCY: Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice of amendment to an existing system of records—"Medical Records and Emergency Contact Information System".

SUMMARY: As part of an ongoing examination of the FDIC's systems of records, the "Medical Records and Emergency Contact Information System" has been reviewed for compliance with the Privacy Act of 1974, 5 U.S.C. 552a. Numerous minor amendments have been made that will clarify and/or more accurately describe the following elements in this system of records: System location, categories of records in the system, routine uses of records maintained in the system, storage, safeguards, retention and disposal, and system manager(s) and address.

EFFECTIVE DATE: August 24, 1995.

FOR FURTHER INFORMATION CONTACT: Frederick N. Ottie, Attorney, Office of the Executive Secretary, FDIC, 550-17th Street, NW, Washington, DC 20429, (202) 898-6679.

SUPPLEMENTARY INFORMATION: The FDIC's system of records entitled "Medical Records and Emergency Contact Information System" is being amended to clarify and/or more accurately describe its contents. These modifications update language in the system location and the system manager(s) and address elements to reflect organizational changes within the FDIC. Additionally, since American Red Cross donor cards, Standard Form 78 (Certificate of Medical Examination),

and Standard Form 177 (Statement of Physical Ability for Light Duty Work) are no longer contained in this system of records, references to those records are deleted from the following elements in this system of records: categories of records in the system; routine uses of records maintained in the system; storage; and retention and disposal. The language of the storage element is also reworded to indicate that records are now maintained in paper files in manila folders, while records dating from 1986 and earlier are maintained on 8 by 10 cards with a separate emergency contact sheet attached to it. Additionally, the safeguards element is amended to indicate that records are stored in the Health Unit, but not the nurse's office. Lastly, the retention and disposal element is amended to indicate that records are now kept for the duration of the employee's employment with the FDIC and for six years thereafter and then destroyed by shredding.

Accordingly, the FDIC amends the "Medical Records and Emergency Contact Information System" to read as follows:
