## DEPARTMENT OF AGRICULTURE

### Natural Resources Conservation Service

#### TV-4, Cote Blanche Hydrologic Restoration Project, St. Mary Parish, Louisiana

**AGENCY:** Natural Resources Conservation Service, USDA.

**ACTION:** Notice of a Finding of No Significant Impact.

**SUMMARY:** Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Guidelines (40 CFR part 1500); and the Natural Resources Conservation Service Guidelines (7 CFR Part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Cote Blanche Hydrologic Restoration Project, St. Mary Parish, Louisiana.

**FOR FURTHER INFORMATION CONTACT:** Donald W. Gohmert, State Conservationist, Natural Resources Conservation Service, 3737 Government Street, Alexandria, Louisiana 71302; telephone (318) 473-7751.

**SUPPLEMENTARY INFORMATION:** The environmental assessment of the federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Donald W. Gohmert, State Conservationist, has determined that the preparation and review of an environmental impact statement is not needed for this project.

This plan proposes to reduce wetland loss on approximately 30,000 acres of intermediate marsh in St. Mary Parish, Louisiana. Project measures include 1,700 linear feet of passive type, low-level weir structures, and 10,000 linear feet of shoreline stabilization.

The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various federal, state, and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Donald W. Gohmert.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

Dated: August 14, 1995.

### Commodity Credit Corporation

**RIN 0560-AD-95**

#### Conservation Reserve Program Signup and Related Provisions

**AGENCY:** Commodity Credit Corporation, USDA.

**ACTION:** Notice.

**SUMMARY:** The Commodity Credit Corporation (CCC) will be holding the 13th Conservation Reserve Program (CRP) signup to accept bids for 10-through 15-year contracts to replace acreage that was released from enrollment in the CRP under provisions announced in the **Federal Register** on May 8. Consistent with announcements by the Secretary of Agriculture in December 1994 and in April 1995, this signup will target acreage of higher environmental quality. The goal of the 13th signup is to replace approximately 651,342 acres which was released under the aforementioned provisions. The signup will be conducted in accordance with existing regulations at 7 CFR Part 1410. Variations from the 12th CRP signup period, though consistent with the regulations, are discussed in this notice.

**DATES:** The signup is scheduled for September 11, 1995, through September 22, 1995.

**FOR FURTHER INFORMATION CONTACT:** LeslieDee Deavers, Consolidated Farm Service Agency (CFSA), USDA, P.O.

Box 2415, room 4714, South Building, Washington, DC, 20013-2415, telephone 202-720-9563.

**SUPPLEMENTARY INFORMATION:** The 13th CRP signup will be held from September 11, 1995, to September 22, 1995, in county CFSA offices. The regulations at 7 CFR Part 1410 apply to this signup.

The 13th CRP signup will be conducted in generally the manner as the 12th CRP signup was conducted but there will be different acreage goals, types of bids, and ranking requirements. The goal of the 13th signup is to replace the approximately 651,342 acres previously released under the "early out" provisions announced in May 1995 by CCC. CCC's goal is to accept acreage that will meet higher environmental and conservation criteria which will provide significant soil erosion, water quality, tree planting, and wildlife benefits. CCC is also encouraging the enrollment of filter strips and riparian buffers. Only the most environmentally beneficial acres as determined on the basis of per dollar of government expense will be selected.

State CFSA committees have been authorized to develop State-specific environmental criteria to supplement the selection process. During the signup process, each applicant will be informed of the maximum rental rate CCC is willing to pay to enroll participants in specific areas and will be informed that the actual rates accepted by CCC may be less than that maximum amount. By bidding below that maximum amount, the likelihood that an offer will be accepted may be increased because it is anticipated that more acreage than that allowed for enrollment will be offered for enrollment by perspective participants.

There are two types of bids: (1) Environmental Priority (EP) bids for field windbreak establishment, grass waterways, shallow water areas for wildlife, filter strips and riparian buffers, and shelterbelt establishment and (2) Standard bids for all other contracts.

All bids will be evaluated based on the anticipated environmental benefits relative to cost. EP bids will receive the highest possible environmental benefits ranking. To encourage enrollments of filterstrips and riparian buffers, CCC will accept bids with rates for land to be

enrolled for those purposes that are up to 10 percent higher than for other comparable land.

Signed at Washington, DC, on August 14, 1995.

**Bruce R. Weber,**

*Acting Executive Vice President, Commodity Credit Corporation*

## DEPARTMENT OF COMMERCE

### International Trade Administration

[A-570-843]

#### Notice of Postponement of Preliminary Determination of Sales at Less Than Fair Value: Bicycles From the People's Republic of China (PRC)

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** August 24, 1995.

**FOR FURTHER INFORMATION CONTACT:**

Shawn Thompson or Kate Johnson, Office of Antidumping Investigations, Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, D.C. 20230; telephone (202) 482-1776 or (202) 482-4929, respectively.

#### Postponement of Final Determination

On April 25, 1995, the Department initiated an antidumping duty investigation of bicycles from the PRC. The notice of initiation stated that we would issue our preliminary determination on or before September 12, 1995 (60 FR 21065, May 1, 1995). On August 7, 1995, we received questionnaire responses from nine Chinese exporters of the merchandise subject to this investigation.

On August 18, 1995, petitioners requested a 20-day postponement of the preliminary determination, until October 2, 1995, pursuant to section 733(c)(1)(A) of the Tariff Act of 1930, as amended (the Act). In addition, petitioners asserted that the Department is legally precluded from postponing the preliminary determination for the additional 30 days allowable under Section 733(c)(1)(B) because to do so would require a finding of cooperation by the respondents. Petitioners stated that, because only three of the original nine respondents are participating in this investigation, the Department cannot reasonably conclude that the respondents are cooperating.

We disagree with petitioners and are postponing the preliminary determination under section

733(c)(1)(B) of the Act for the full 50-days allowable. Not only have we received questionnaire responses from the three largest PRC exporters of subject merchandise but we have also received responses from six additional firms. All of these participating exporters are cooperating. Accordingly, we find that the "parties concerned are cooperating," within the meaning of section 733(c)(1)(B).

Moreover, this investigation is rendered extraordinarily complicated by the large number of foreign producers. Furthermore, the process of identifying all exporters who sold subject merchandise to the United States during the period of investigation caused significant delays in issuing our questionnaire. In addition, it appears that establishing surrogate values for the factors of production will require more time than usual due to the complexity of the product.

For these reasons, pursuant to sections 733(c)(1)(B)(i) (II) and (III) of the Act, we determine that this investigation is extraordinarily complicated and that additional time is necessary to make the preliminary determination in accordance with 733(c)(1)(B)(ii) of the Act. We will make our preliminary determination no later than November 1, 1995.

This notice is published pursuant to section 733(c)(2) of the Act and 19 CFR 353.15(d).

Dated: August 18, 1995.

**Barbara R. Stafford,**

*Deputy Assistant Secretary for Investigations.*

#### Certain Corrosion-Resistant Carbon Steel Flat Products From Korea: Preliminary Results of Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of preliminary results of antidumping duty administrative review.

**SUMMARY:** In response to requests by two respondents, the Department of Commerce ("the Department") is conducting an administrative review of the antidumping duty order on certain corrosion-resistant carbon steel flat products from Korea. The review covers two manufacturers/exporters of the subject merchandise to the United States during the period of review

("POR") from February 4, 1993, through July 31, 1994.

We have preliminarily determined that sales have been made below the foreign market value ("FMV"). If these preliminary results are adopted in our final results of administrative review, we will instruct U.S. Customs to assess antidumping duties equal to the difference between the United States price ("USP") and the FMV.

Interested parties are invited to comment on these preliminary results.

**EFFECTIVE DATE:** August 24, 1995.

**FOR FURTHER INFORMATION CONTACT:**

Alain Letort or Linda Ludwig, Office of Agreements Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230, telephone (202) 482-3793 or fax (202) 482-1388.

**SUPPLEMENTARY INFORMATION:**

#### Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute and to the Department's regulations are references to the provisions as they existed on December 31, 1994.

#### Background

On July 9, 1993, the Commerce Department published in the Federal Register (58 FR 37176) the final affirmative antidumping duty determination on certain corrosion-resistant carbon steel flat products from Korea, for which we published an antidumping duty order on August 19, 1993 (58 FR 44159). On August 3, 1994, the Department published the "Notice of Opportunity to Request an Administrative Review" of this order the period February 4, 1993 through July 31, 1994 (59 FR 39543). We receive a request for an administrative review from Dongbu Steel Co., Ltd ("Dongbu"), Union Steel Manufacturing Co., Ltd. ("Union"), Pohang Coated Steel Co., Ltd ("PCS") and Dongkuk International ("Dongkuk"). We initiated the administrative review on September 8, 1994 (59 FR 46391). Subsequently, PCS and Dongkuk made timely requests that they be allowed to withdraw from the administrative review pursuant to 19 CFR 353.22(a)(5). On April 12, 1995, we published a "Notice of Partial Termination of Administrative Review of Antidumping Order" with respect to these respondents (60 FR 18581). The Department is conducting this review in accordance with section 751 of the Tariff Act of 1930, as amended ("the Act").
