

inappropriate exchange of information between the parties.¹²

The Exchange has addressed these concerns by placing safeguards in Rule 103C that take the form of limitations on the procedures which minimize the possibility that the proposed mechanism will be abused or used for inappropriate purposes. First, the proposed rule contains language that requires the subcommittee, the QOMC, and the Board to review whether the specialist has successfully completed the steps established by the subcommittee to resolve the issues between the specialist and the listed company. By requiring the review of the specialist's efforts to complete the steps established by the subcommittee, it enables a specialist to demonstrate that he or she has made every effort to meet the subcommittee's recommendations and has successfully complied with such recommendations. Moreover, the meticulous steps in a Rule 103C proceeding will enable the Exchange to determine whether the listed company-specialist dispute involved improper activity by either party.

A second limitation on the proposed procedures is the ability of the Board to recommend reallocation of the specialist's stock only when such reallocation would be in the best interest of the continued efficient operation of the Exchange's market. Third, the language of Rule 103C prohibits reallocation of a specialist's stock when the irreconcilable differences between the parties is based upon bias or other violations of public policy. These two qualifications are designed to prevent reallocations on improper grounds and to provide specific standards on when and under what conditions a stock can be reallocated.¹³

The Commission finds good cause for approving the proposed Amendments No. 1 and 2, prior to the thirtieth day after the date of publication of notice of filing thereof in the **Federal Register**. The Commission believes that accelerated approval of Amendments No. 1 and 2, is appropriate in that original filing was published in the **Federal Register** for comment for the full comment period and no comments were received. In addition, the Amendments provide technical

clarifications and additional procedural safeguards. For these reasons, the Commission finds good cause for accelerating approval of the proposed rule change as amended.

V. Conclusion

It Is Therefore Ordered, pursuant to Section 19(b)(2) of the Act,¹⁴ that the proposed rule change (SR-NYSE-95-08), including Amendment No. 1 and Amendment No. 2, is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁵

[Public Notice 2249]

Extension of the Restriction on the Use of United States Passports for Travel to, in, or Through Lebanon

On January 26, 1987, pursuant to the authority of 22 U.S.C. 211a and Executive Order 11295 (31 FR 10603), and in accordance with 22 CFR 51.73(a)(3), all United States passports, with the exception of passports of immediate family members of hostages in Lebanon, were declared invalid for travel to, in, or through Lebanon unless specifically validated for such travel. This action was taken because the situation in Lebanon was such that American citizens there could not be considered safe from terrorist acts.

I have concluded that Lebanon continues to be an area "* * * where there is imminent danger to the public health or the physical safety of United States travelers" within the meaning of 22 U.S.C. 211a and 22 CFR 51.73(a)(3).

Accordingly, all United States passports shall remain invalid for travel to, in, or through Lebanon unless specifically validated for such travel under the authority of the Secretary of State.

This Public Notice shall be effective upon publication in the **Federal Register** and shall expire at the end of six months unless extended or sooner revoked by Public Notice.

Dated: August 22, 1995.

Warren Christopher,

Secretary of State.
