Draft Environmental Impact Statement (EIS) on the Disposal and Reuse of the BRAC Parcel at Tooele Army Depot, Tooele, Utah

AGENCY: Department of the Army, DOD.

ACTION: Notice of Availability.

SUMMARY: The proposed action evaluated by this EIS is the disposal of the 1700 acre BRAC parcel at Tooele Army Depot, Tooele, Utah in accordance with the Defense Base Closure and Realignment Act of 1990, Public Law 101-510. The Draft EIS addresses the environmental consequences of the disposal and subsequent reuse of the 1700 acres. Three alternative methods of disposal are analyzed: Encumbered Disposal, Unencumbered Disposal and retention of the property in a caretaker status (i.e., the No Action Alternative). The Encumbered Disposal Alternative addresses natural or man-made encumbrances to the future reuse. The Unencumbered Disposal Alternative evaluates the potential to remove encumbrances, thereby allowing the property to be disposed of with fewer or no Army imposed restrictions on future use. The impacts of reuse are evaluated in terms of land use intensities.
